SUPPLEMENTARY INFORMATION:

Title: Farm Loan Programs—Guaranteed Farm Loan.

OMB Control Number: 0560–0155.

Expiration Date: November 30, 2026.

Type of Request: Extension with a revision.

Abstract: This information collection is needed to effectively administer the FSA guaranteed farm loan programs. The information is collected by the FSA loan official in consultation with participating lenders. The basic objective of the guaranteed loan program is to provide credit to applicants who are unable to obtain credit from lending institutions without a guarantee. The reporting requirements imposed on the public by the regulations at 7 CFR part 762 are necessary to administer the guaranteed loan program in accordance with statutory requirements of the Consolidated Farm and Rural Development Act and are consistent with commonly performed lending practices. Collection of information after loans are made is necessary to protect the Government's financial interest.

The annual responses have been reduced to 97,897, while the burden hours reduced by 29,320 hours to 125,311 total hours. The reason for the decrease is due to a drop in Guaranteed loans originated between the years FY 2023 and FY 2025, and the reduction in total number of Guaranteed loans outstanding. Between FY 2022 and FY 2025, the number of Guaranteed loans fell by 31 percent from 52,490 to 35,984. In addition, the number of loss claims and default status reports received is much lower than FY 2022.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hours is the estimated average time per response multiplied by the estimated total annual responses.

Estimate of Average Time to Respond: Public reporting burden for collecting information under this notice is estimated to average 1.280029 hours per response, including the time for reviewing instructions, searching

existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Type of Respondents: Businesses or other for-profits and Farms.

Estimated Number of Respondents: 5,072.

Estimated Number of Responses per Respondent: 19.3.

Estimated Total Annual Responses: 97,897.

Estimated Average Time per Response: 1.280029.

Estimated Total Annual Burden on Respondents: 125,311 hours.

FSA is requesting comments on all aspects of this information collection to help us to:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of FSA, including whether the information will have practical utility;

- (2) Evaluate the accuracy of FSA's estimate of burden including the validity of the methodology and assumptions used;

- (3) Enhance the quality, utility and clarity of the information to be collected;

- (4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission for Office of Management and Budget approval.

[Docket No. FSIS-2026-0034]

Retail Exemptions Adjusted Dollar Limitations

AGENCY: Food Safety and Inspection Service (FSIS), U.S. Department of Agriculture (USDA).

ACTION: Notice.

SUMMARY: FSIS is announcing the dollar limitations on the amount of meat and meat products and poultry and poultry products that a retail store can sell to hotels, restaurants, and similar institutions without disqualifying itself for exemption from Federal inspection requirements.

DATES: *Applicable* May 28, 2026.

FOR FURTHER INFORMATION CONTACT: April Regonlinski, Assistant Administrator, Office of Policy and Program Development, FSIS, USDA; Telephone: (202) 205-0495.

SUPPLEMENTARY INFORMATION:

Background

The Federal Meat Inspection Act (21 U.S.C. 601 *et seq.*) and the Poultry Products Inspection Act (21 U.S.C. 451 *et seq.*) provide a comprehensive statutory framework to ensure that meat and meat food products and poultry and poultry products prepared for commerce are safe, wholesome, and properly labeled. Statutory provisions requiring inspection of the processing of meat and meat food products and poultry and poultry products do not apply to operations of types traditionally and usually conducted at retail stores and restaurants in regard to products offered for sale to consumers in normal retail quantities (21 U.S.C. 661(c)(2) and 454(c)(2)). FSIS' regulations (9 CFR 303.1(d) and 381.10(d)) elaborate on the conditions under which requirements for inspection do not apply to retail operations involving the preparation of meat and meat food products and the processing of poultry and poultry products.

Sales to Hotels, Restaurants, and Similar Institutions

Under the aforementioned regulations, sales to hotels, restaurants, and similar institutions (other than household consumers) disqualify a retail store from exemption if the retail product sales of amenable products exceed either of two maximum limits: 25 percent of the dollar value of the total retail product sales or the calendar year retail dollar limitation set by the FSIS Administrator. The retail dollar limitation is adjusted automatically during the first quarter of the year if the Consumer Price Index (CPI), published by the Bureau of Labor Statistics, shows an increase or decrease of more than \$500 in the price of the same volume of product for the previous year. FSIS publishes a notice of the adjusted retail dollar limitations in the **Federal Register** (see 9 CFR 303.1(d)(2)(iii)(b) and 381.10(d)(2)(iii)(b)).

The CPI for 2025 reveals an annual average price increase for meat and meat food products of 5.86 percent, an average annual average price increase for Siluriformes fish and fish products of 2.01 percent, and an annual average price increase for poultry and poultry products of 1.73 percent.^{1 2 3} When

rounded to the nearest \$100 dollar, the retail dollar limitation for meat and meat food products, including Siluriformes fish and fish products, increased by \$6,000⁴ and the retail dollar limitation for poultry and poultry products increased by \$1,300.⁵ In accordance with 9 CFR 303.1(d)(2)(iii)(b) and 381.10(d)(2)(iii)(b), because the retail dollar limitations for meat and meat food products and poultry and poultry products increased by more than \$500, FSIS is increasing the dollar limitation on sales to hotels, restaurants, and similar institutions to \$109,600 for meat and meat food products and to \$76,100 for poultry and poultry products for calendar year 2026.

⁴ The base value for meat and meat products in 2025 was \$103,641 rounded to the nearest \$100 dollars to \$103,600. The base value included \$100,717 for meat and meat products and \$2,924 to account for Siluriformes fish and fish products. The meat and meat products prices increased by 5.86 percent, or \$5,902 (\$100,717 × 0.0586 = \$5,902), during 2025. The Siluriformes fish and fish products prices increased by 2.01 percent, or \$59 [\$2,924 × 0.0201 = \$59], during 2025. Combined, the value for meat and meat products that include Siluriformes fish and fish products increased by \$5,961 (\$5,902 + \$59 = \$5,961). Since this change is more than \$500, the retail dollar limitation is adjusted to \$109,600 [\$100,717 + \$5,902] + (\$2,924 + \$59) = \$109,602, which is rounded to \$109,600.

⁵ The base value for poultry and poultry products in 2025 was \$74,832 rounded to the nearest \$100 dollar to \$74,800. Poultry and poultry products prices increased by 1.73 percent, or \$1,295 (\$74,832 × 0.0173 = \$1,295), during 2025. Since this change is more than \$500, the retail dollar limitation is adjusted to \$76,100 (\$74,832 + \$1,295 = \$76,127, which is rounded to \$76,100).
