Circular Welded Non-Alloy Steel Pipe From Taiwan: Rescission of Antidumping Duty Administrative Review; 2024-2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty (AD) order on circular welded non-alloy steel pipe (CWP) from Taiwan for the period of review (POR) November 1, 2024, through October 31, 2025.

DATES: Applicable April 29, 2026.

FOR FURTHER INFORMATION CONTACT: Theodora Mattei, AD/CVD Operations Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-4834.

SUPPLEMENTARY INFORMATION:**Background**

On November 2, 1992, Commerce published in the **Federal Register** the *Order* on CWP from Taiwan.¹ On December 8, 2025, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order* for the POR.² On December 22, 2025, Wheatland Tube (the petitioner) submitted a timely request that Commerce conduct an administrative review.³ On January 27, 2026, Commerce published in the **Federal Register** a notice of initiation of an administrative review of the *Order* for the POR, in accordance with sections 751(a) of the Tariff Act of 1930, as amended (the Act).⁴

On March 2, 2026, we placed on the record U.S. Customs and Border Protection (CBP) data for the entries of CWP from Taiwan during the POR, showing no reviewable entries, and

invited interested parties to comment.⁵ No interested party submitted comments regarding the CBP data. On March 18, 2026, Commerce notified all interested parties of its intent to rescind the instant review in full because there were no suspended entries of subject merchandise by any of the 12 companies subject to this administrative review during the POR and invited interested parties to comment.⁶ No interested party submitted comments regarding Commerce's intent to rescind the administrative review.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an AD order when there are no entries of subject merchandise during the POR for which liquidation is suspended.⁷ Normally, upon completion of an administrative review, the suspended entries are liquidated at the AD assessment rates calculated for the review period.⁸ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the AD assessment rate calculated for the review period.⁹

As noted above, there were no suspended entries of subject merchandise for any of the 12 companies subject to this review during the POR. Accordingly, in the absence of reviewable, suspended entries of subject merchandise during the POR, we are hereby rescinding this administrative review in its entirety, in accordance with 19 CFR 351.213(d)(3).

Cash Deposit Requirements

As Commerce has proceeded to a final rescission of this administrative review, no cash deposit rates will change. Accordingly, the current cash deposit requirements shall remain in effect until further notice.

Assessment

Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties shall be

assessed at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**.

Notification Regarding Administrative Protective Order (APO)

This notice serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of the APO materials or conversion to judicial protective order is hereby requested. Failure to comply with regulations and terms of an APO is a violation, which is subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: April 24, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

SUPPLEMENTARY INFORMATION:

Background

On September 19, 2025, Commerce published the *Preliminary Results* and invited comments from interested parties.¹ Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.² Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.³ On March 18, 2026, we extended the final results of this review by 14 days, until April 9, 2026.⁴ Finally, on April 9, 2026, Commerce extended the deadline for this proceeding by an additional 14 days, until April 23, 2026.⁵

For details regarding the events that occurred since Commerce published the *Preliminary Results*, see the Issues and Decision Memorandum.⁶ Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁷

The merchandise covered by this *Order* is glycine. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Final Successor-in-Interest Determination

In the *Preliminary Results*, Commerce determined that Resonac Corporation (Resonac) is the successor-in-interest to Showa Denko K.K. (Showa Denko).⁸ As no party commented on this issue and because we have not received any information to contradict our preliminary finding, we continue to find that Resonac is the successor-in-interest to Showa Denko.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum. The list of the issues raised by parties is attached in an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties, we made no changes to the margin calculations for Yuki Gosei Kogyo Co., Ltd./Nagase & Co., Ltd. (YGK/Nagase), and to the margin assigned to Resonac.

Final Results of the Administrative Review

We determine that the following estimated weighted-average dumping margins exist for the period June 1, 2023, through May 31, 2024:

Producer/exporter	Weighted-average dumping margin (percent)
Yuki Gosei Kogyo Co., Ltd./Nagase & Co., Ltd. ⁹	9.84
Resonac Corporation	86.22

Disclosure

Normally, Commerce discloses to interested parties the calculations of the

⁸ See *Preliminary Results*.

⁹ Based on the record information, Commerce preliminarily determined that Nagase and YGK are affiliated within the meaning of section 771(33)(E) of the Act, and should be treated as a single entity pursuant to 19 CFR 351.401(f). See *Preliminary Results*. No party commented on our preliminary determination with respect to this issue, and we have received no new information regarding this issue. Therefore, we continue to determine that Nagase and YGK are affiliated within the meaning of section 771(33)(E) of the Act.

final results of an administrative review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes to the *Preliminary Results*, there are no calculations to disclose.

Assessment Rate

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by the final results of this review.¹⁰ For any individually examined respondents whose weighted-average dumping margin is above *de minimis* (i.e., 0.5 percent), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales, in accordance with 19 CFR 351.212(b)(1). Upon issuance of the final results of this administrative review, if any importer-specific assessment rates calculated in the final results are above *de minimis*, Commerce will issue instructions directly to CBP to assess antidumping duties on appropriate entries.

To determine whether the duty assessment rates covering the period were *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer- (or customer-) specific *ad valorem* rates by aggregating the amount of dumping calculated for all U.S. sales to that importer or customer and dividing this amount by the total entered value of the sales to that importer (or customer). Where an importer (or customer)-specific *ad valorem* rate is greater than *de minimis*, and the respondent has reported reliable entered values, we will apply the assessment rate to the entered value of the importer’s/customer’s entries during the POR.

Commerce intends to issue appropriate assessment instructions directly to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade,

¹⁰ In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012).

the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of this notice for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of these final results, as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for respondents noted above will be equal to the weighted-average dumping margins established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 53.66 percent, the all-others rate established in the less-than-fair-value investigation.¹¹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties did occur and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business

proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 19 CFR 351.221(b)(5).

Dated: April 23, 2026.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Certain Fatty Acids From Indonesia and Malaysia: Postponement of Preliminary Determinations in the Countervailing Duty Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable April 29, 2026.

FOR FURTHER INFORMATION CONTACT: Paul Kebker at (202) 482-2254 (Indonesia); Rachel Accorsi at (202) 482-3149 or Brandon James at (202) 482-7472 (Malaysia), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On March 9, 2026, the U.S. Department of Commerce (Commerce)

initiated countervailing duty (CVD) investigations of imports of certain fatty acids (fatty acids) from Indonesia and Malaysia.¹ Currently, the preliminary determinations in these CVD investigations are due no later than May 13, 2026.

Postponement of Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On April 16, 2026, the petitioner submitted a timely request that Commerce postpone the preliminary CVD determinations.² The petitioner stated that, because the mandatory respondents have not yet submitted their initial questionnaire responses, additional time is needed to identify deficiencies in advance of the preliminary determinations so that Commerce can issue supplemental questionnaires.³ Postponing the preliminary determinations will provide the petitioner adequate time to comment on responses and for Commerce to review the magnitude of countervailable subsidies received by respondents during the period of investigation.⁴

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determinations, and
