

the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of this notice for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of these final results, as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for respondents noted above will be equal to the weighted-average dumping margins established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 53.66 percent, the all-others rate established in the less-than-fair-value investigation.<sup>11</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties did occur and the subsequent assessment of doubled antidumping duties.

### Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business

proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

### Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 19 CFR 351.221(b)(5).

Dated: April 23, 2026.

### Certain Fatty Acids From Indonesia and Malaysia: Postponement of Preliminary Determinations in the Countervailing Duty Investigations

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** Applicable April 29, 2026.

**FOR FURTHER INFORMATION CONTACT:** Paul Kebker at (202) 482-2254 (Indonesia); Rachel Accorsi at (202) 482-3149 or Brandon James at (202) 482-7472 (Malaysia), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

#### SUPPLEMENTARY INFORMATION:

#### Background

On March 9, 2026, the U.S. Department of Commerce (Commerce)

initiated countervailing duty (CVD) investigations of imports of certain fatty acids (fatty acids) from Indonesia and Malaysia.<sup>1</sup> Currently, the preliminary determinations in these CVD investigations are due no later than May 13, 2026.

### Postponement of Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On April 16, 2026, the petitioner submitted a timely request that Commerce postpone the preliminary CVD determinations.<sup>2</sup> The petitioner stated that, because the mandatory respondents have not yet submitted their initial questionnaire responses, additional time is needed to identify deficiencies in advance of the preliminary determinations so that Commerce can issue supplemental questionnaires.<sup>3</sup> Postponing the preliminary determinations will provide the petitioner adequate time to comment on responses and for Commerce to review the magnitude of countervailable subsidies received by respondents during the period of investigation.<sup>4</sup>

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determinations, and

<sup>1</sup> See *Certain Fatty Acids From Indonesia and Malaysia: Initiation of Countervailing Duty Investigations*, 91 FR 12342 (March 13, 2026) (*Initiation Notice*).

<sup>11</sup> See *Order*.

Commerce finds no compelling reason to deny the requests. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determinations in the CVD investigations of fatty acids from Indonesia and Malaysia to no later than 130 days after the date on which these investigations were initiated, *i.e.*, July 17, 2026.

Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

**Notification to Interested Parties**

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

**Steel Concrete Reinforcing Bar From Algeria: Antidumping Duty Order**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing an antidumping duty (AD) order on steel concrete reinforcing bar (rebar) from Algeria.

**DATES:** Applicable April 29, 2026.

**FOR FURTHER INFORMATION CONTACT:** Anjali Mehindiratta, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-9127.

**SUPPLEMENTARY INFORMATION:**

**Background**

On March 6, 2026, Commerce published its affirmative *Final Determination* in the less-than-fair-value (LTFV) investigation of steel concrete reinforcing bar (rebar) from Algeria in

accordance with sections 735(d) and 777(i) of the Tariff Act of 1930, as amended (the Act).<sup>1</sup> On April 17, 2026, the ITC notified Commerce of its final affirmative determination that an industry in the United States is materially injured by reason of imports of rebar from Algeria sold in the United States at less than fair value, within the meaning of section 735(b)(1)(A)(i) of the Act.<sup>2</sup>

**Scope of the Order**

The product covered by this order is steel concrete reinforcing bar from Algeria. For a complete description of the scope of the order, *see* the appendix to this notice.

**Antidumping Duty Order**

Based on the above-referenced affirmative final determination by the ITC, in accordance with sections 735(c)(2) and 736 of the Act, Commerce is issuing this AD order. Because the ITC determined that an industry in the United States is materially injured by reason of imports of rebar from Algeria, unliquidated entries of such merchandise from Algeria, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise on all relevant entries of rebar from Algeria. Antidumping duties will be assessed on unliquidated entries of rebar from Algeria entered, or withdrawn from warehouse, for consumption on or after December 19, 2025, the date of publication of the *Preliminary Determination*,<sup>3</sup> but will not include entries occurring after the expiration of the provisional measures period and before publication of the ITC's final injury determination, as further described below.

**Suspension of Liquidation and Cash Deposits**

In accordance with section 736 of the Act, Commerce intends to instruct CBP

<sup>2</sup> *See ITC's Letter, " Notification of ITC Final Determinations,"* dated April 17, 2026.

to reinstitute the suspension of liquidation of rebar from Algeria, effective on the date of publication of the ITC's final affirmative injury determination in the **Federal Register**.

Commerce also intends to instruct CBP to require cash deposits equal to the estimated weighted-average dumping margins indicated in the table below. Accordingly, effective on the date of publication in the **Federal Register** of the notice of the ITC's final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated customs duties on subject merchandise, a cash deposit equal to the rates listed in the tables below. The all-others rate applies to all producers or exporters not specifically listed.

These instructions suspending liquidation and cash deposit requirements will remain in effect until further notice.

**ESTIMATED WEIGHTED-AVERAGE DUMPING MARGINS**

Producer or exporter	Weighted-average dumping margin (percent)
Tosyali Iron Steel Industry Algeria SPA .....	* 127.32
All Others .....	127.32

\* Rate based on facts available with adverse inferences.

**Provisional Measures**

Section 733(d) of the Act states that suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except where exporters representing a significant proportion of exports of the subject merchandise request that Commerce extend the four-month period to no more than six months. In the underlying investigation, Commerce published the LTFV *Preliminary Determination* on December 19, 2025. Therefore, the four-month period beginning on the date of publication ended on April 17, 2026. Pursuant to section 737(b) of the Act, the collection of cash deposits will begin on the date of publication of the ITC's final injury determinations.

Therefore, in accordance with section 733(d) of the Act, Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of rebar from Algeria entered, or withdrawn from warehouse, for consumption on or after April 18, 2026, the first day provisional measures were
