**Notice of Technical Corrections to the Harmonized Tariff Schedule of the United States for Duties Imposed by Presidential Proclamation 11021**

**AGENCY:** Bureau of Industry and Security, Office of Strategic Industries and Economic Security, U.S. Department of Commerce.

**ACTION:** Notice.

**SUMMARY:** The President issued Proclamation 11021 “Strengthening Actions Taken to Adjust Imports of Aluminum, Steel, and Copper Into the United States,” (Presidential Proclamation) on April 2, 2026, to adjust imports of metal products to address more effectively threats to the national security. In the Presidential Proclamation, the President authorized the Secretary of Commerce (the Secretary) to publish modifications to the Harmonized Tariff Schedule of the United States (HTSUS) to effectuate or implement the Presidential Proclamation. The Secretary also is authorized to make any technical corrections to any Annex of the Presidential Proclamation. This notice issues two technical corrections to Annex IV of the Proclamation and a clarification.

**DATES:** These technical corrections and clarification are effective with respect to

certain products that are entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. Eastern Time on April 6, 2026.

**SUPPLEMENTARY INFORMATION:**

**Background**

On April 2, 2026, the President issued the Presidential Proclamation “Strengthening Actions Taken to Adjust Imports of Aluminum, Steel, and Copper into the United States” (Proclamation 11021 of April 2, 2026) (91 FR 18201).

The Presidential Proclamation instructed the Secretary and the U.S. Trade Representative, in consultation with the Chair of the U.S. International Trade Commission, the Commissioner of U.S. Customs and Border Protection (CBP), and the heads of other relevant executive departments and agencies, to determine whether any modifications to the HTSUS are necessary to effectuate or implement this proclamation or any actions taken pursuant to the Proclamation. The Presidential Proclamation also authorized the Secretary and the Trade Representative to make any technical corrections to any Annex to that Proclamation.

This notice provides for two technical corrections to Annex IV of the Presidential Proclamation and issues a clarification. Both corrections are contained in Annex I to this notice, which amends Annex IV of the Presidential Proclamation. The first correction is to include a new subheading in Chapter 99 of the HTSUS. The Presidential Proclamation imposes duties only on imported goods that are aluminum, steel, or copper articles or their derivatives. Filers should use this new subheading for goods that are imported under an HTSUS heading, subheading, or statistical reporting

number listed in subparts (c)(i)–(x) of U.S. Note 16 in subchapter III of Chapter 99 of the HTSUS (Note 16) that do not contain any aluminum, steel, or copper because it is not an aluminum, steel or copper article or one of their derivatives, and therefore, the duties imposed do not apply.

The second technical correction is to correct an inconsistency in part (e) of Note 16. This part was intended to capture subdivisions (c)(ii), (iv), and (vi)–(viii) of Note 16. The first paragraph of part (e) and the article description in part 2 already include subdivisions (c)(ii), (iv), and (vi)–(viii) with respect to Heading 9903.82.06. This technical correction is made by striking the second paragraph of subpart (e) to Note 16.

In June of last year, the President finalized the EPD, and in Proclamation 10947 of June 3, 2025 (Adjusting Imports of Aluminum and Steel Into the United States), the President provided for a lower 25 percent tariff rate on U.K.-origin steel as part of the EPD. Since last June, U.K.-origin steel made by Tata Steel UK that contained steel for which the reported country of melt and pour was the Netherlands has qualified for the lower section 232 steel tariff rate on U.K.-origin steel. This notice clarifies that U.K.-origin steel articles made by Tata Steel UK for which the reported country of melt and pour is the Netherlands can continue to be imported under the lower section 232 steel tariff rate for U.K.-origin steel and may be declared under Heading 9903.82.04 until January 1, 2028. Additionally, U.K.-origin steel articles made by Tata Steel UK for which the reported country of melt and pour is the Netherlands may also count toward the 95 percent of steel melted and poured under note 16(d) of the HTSUS (with respect to products under Headings

9903.82.04 and 9903.82.05) until January 1, 2028.

**Annex 1**

A. Effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on April 6, 2026, subchapter III of chapter 99 of the Harmonized Tariff Schedule of the

United States (HTSUS) is modified as follows:

1. U.S. note 16 is modified:
  - a. by deleting “headings 9903.85.67” in subdivision (a) and inserting “headings 9903.82.01, 9903.85.67,” in lieu thereof and
  - b. by deleting “Heading 9903.82.06 applies to articles classifiable in the provisions provided for in subdivisions

(c)(ii), (iv), (vi) and (vii) of this note.” in subdivision (e).

2. The following new heading is inserted in numerical sequence, with the material in each new heading inserted in the columns of the HTSUS labeled “Heading/Subheading”, “Article Description”, “Rates of Duty 1—General”, “Rates of Duty 1—Special” and “Rates of Duty 2”, respectively:

Heading/ subheading	Article description	Rates of duty		
		1		2
		General	Special	
“9903.82.01 .....	Articles provided for in subdivision (c) of U.S. note 16 to this subchapter that do not contain any aluminum, steel, or copper. . . .	No change ...	No change ...	No change”.

**Passenger Vehicle and Light Truck Tires From the Republic of Korea: Rescission of Antidumping Duty Administrative Review; 2024–2025**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty (AD) order on passenger vehicle and light truck tires (passenger tires) from the Republic of Korea (Korea). The period of review (POR) is July 1, 2024, through June 30, 2025.

**DATES:** Applicable April 29, 2026.

**FOR FURTHER INFORMATION CONTACT:** Charles DeFilippo and Jun Jack Zhao, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3797 and (202) 482–1396, respectively.

**SUPPLEMENTARY INFORMATION:**

**Background**

On July 19, 2021, Commerce published in the **Federal Register** the AD order on passenger tires from Korea.<sup>1</sup> Commerce received timely

requests for review of the *Order* from Hankook Tire & Technology Co., Ltd. and Hankook Tire America Corp. (collectively, Hankook), Nexen Tire Corporation (Nexen), and Kumho Tire Co., Inc. (Kumho).<sup>2</sup> On August 22, 2025, Commerce published the initiation notice in the **Federal Register** for four companies, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).<sup>3</sup> Between August 2025 and January 2026, interested parties timely withdrew their requests for an administrative review.<sup>4</sup>

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.<sup>5</sup> Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.<sup>6</sup> Accordingly, the

deadline for these preliminary results is now June 9, 2026.

**Rescission of Review**

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review in the **Federal Register**. All parties withdrew their requests for review by the 90-day withdrawal deadline, and no other parties requested a review. Therefore, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding this review.

**Assessment**

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**.

**Notification to Importers**

This notice serves as the only reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.
