Executive Order 14192, titled “Unleashing Prosperity Through Deregulation,” separately requires that an agency, unless prohibited by law, identify at least 10 existing regulations to be repealed when the agency publicly proposes for notice and comment or otherwise promulgates a new regulation with total costs greater than zero. Executive Order 14192 further requires that new incremental costs associated with new regulations shall, to the extent permitted by law, be offset by the elimination of existing costs associated with at least ten prior regulations. The OCC has determined that the interim final order will be a deregulatory action under Executive Order 14192 because it will result in cost savings for OCC-supervised institutions as discussed above. The OCC estimates that this rule generates \$37 million in annualized cost savings at a seven percent discount rate, discounted relative to year 2024, over a perpetual time horizon.

G. Congressional Review Act

Because the OCC is acting by order, rather than by rule, the OCC believes that Subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996 (also known as the Congressional Review Act)⁹⁸ does not apply. Nevertheless, the OCC will submit the interim final order and other appropriate reports to Congress and the Government Accountability Office for review.

H. Providing Accountability Through Transparency Act of 2023

The Providing Accountability Through Transparency Act of 2023⁹⁹ requires that a notice of proposed rulemaking include the internet address of a summary of not more than 100 words in length of a proposed rule, in plain language, that shall be posted on the internet website www.regulations.gov. While the OCC is not issuing a notice of proposed rulemaking, a summary of this interim final order can be found below and at <https://occ.gov/topics/laws-and-regulations/occ-regulations/proposed-issuances/index-proposed-issuances.html>.

The OCC is issuing an interim final order concluding that Federal law preempts the Illinois Interchange Fee Prohibition Act, which purports to (1) prohibit national banks and Federal savings associations from charging or receiving interchange fees on the tax

and gratuity portions of payment card transactions; and (2) restrict the use of payment card transaction data. The OCC invites public comments on this interim final order.
