

Frequency of Response: Recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 154, 303, 307(e), 309 and 332 and 151–155 and sections 301–609 of the Communications Act of 1934, as amended.

Total Annual Burden: 2,000 hours.

Total Annual Cost: No cost.

Needs and Uses: The Commission is seeking an extension of this expiring information collection in order to obtain the full three-year approval from OMB. There is no change to the recordkeeping requirement. The information collection requirements contained in § 80.413 require the licensee of an on-board station to keep equipment records which show:

- (1) The ship name and identification of the on-board station;
- (2) The number of and type of repeater and mobile units used on-board the vessel; and
- (3) The date the type of equipment which is added or removed from the on-board station.

The information is used by FCC personnel during inspections and investigations to determine what mobile units and repeaters are associated with on-board stations aboard a particular vessel. If this information were not maintained, no means would be available to determine if this type of radio equipment is authorized or who is responsible for its operation. Enforcement and frequency management programs would be negatively affected if the information were not retained.

OMB Control Number: 3060–0297.

Title: Section 80.503, Cooperative Use of Facilities.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions; and State, Local, or Tribal Government.

Number of Respondents: 100 respondents; 100 responses.

Estimated Time per Response: 16 hours.

Frequency of Response: Occasion reporting requirement and Recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151–155, 301–609 of the Communications Act of 1934, as amended; and 3 UST 3450, 3 UST 4726, 12 UST 2377.

Total Annual Burden: 1,600 hours.

Total Annual Cost: No cost.

Needs and Uses: The information collection requirements contained in § 80.503 require that a licensee of a private coast station or marine utility station on shore may install ship radio stations on board United States commercial transport vessels of other persons. In each case these persons must enter into a written agreement verifying that the ship station licensee has the sole right of control of the ship stations, that the vessel operators must use the ship stations subject to the orders and instructions of the coast station or marine utility station on shore, and that the ship station licensee will have sufficient control of the ship station to enable it to carry out its responsibilities under the ship station license. A copy of the contract/written agreement must be kept with the station records and made available for inspection by Commission representatives.

The information is used by FCC personnel during inspection and investigations to ensure compliance with applicable rules. If this information was not available, enforcement efforts could be hindered; frequency congestion in certain bands could increase; and the financial viability of some public coast radiotelephone stations could be threatened.

OMB Control Number: 3060–0560.

Title: Section 76.911, Petition for Reconsideration of Certification.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: State, local or tribal governments; Businesses or other for-profit entities.

Number of Respondents and Responses: 15 respondents; 25 responses.

Estimated Time per Response: 2–10 hours.

Frequency of Response: On occasion reporting requirement; Third party disclosure requirement.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in sections 4(i) and 623 of the Communications Act of 1934, as amended.

Total Annual Burden: 130 hours.

Total Annual Cost: No cost.

Needs and Uses: On June 3, 2015, the Commission released a Report and Order, MB Docket No. 15–53; FCC 15–62. The Report and Order adopted a rebuttable presumption that cable operators are subject to competing provider effective competition.

Reversing the previous rebuttable presumption of no effective competition and adopting the procedures discussed in the Report and Order resulted in changes to the information collection burdens.

The information collection requirements consist of: Petitions for reconsideration of certification, oppositions and replies thereto, cable operator requests to competitors for information regarding the competitor's reach and number of subscribers if evidence establishing effective competition is not otherwise available, and the competitors supplying this information. They have not changed since they were last approved by OMB.

Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before June 29, 2026. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov.

Estimated Time per Response: 1–5 hours.

Frequency of Response:

Recordkeeping requirement; on occasion reporting requirement; third party disclosure requirement.

The statutory authority for this collection of information is contained in 47 U.S.C. 151, 154(i), 303(q), 303(r), 309(a), 309(j) and 319, sections 101(d)(6) and 106 of the National Historic Preservation Act (NHPA) of 1966, 16 U.S.C. 470a(d)(6) and 470f, and section 800.14(b) of the rules of the Advisory Council on Historic Preservation, 36 CFR 800.14(b).

Total Annual Burden: 97,929 hours.

Annual Cost Burden: \$13,087,425.

Needs and Uses: FCC staff, State Historic Preservation Officers (SHPO), Tribal Historic Preservation Officers (THPO) and the Advisory Council of Historic Preservation (ACHP) use the data to take such action as may be necessary to ascertain whether a proposed action may affect sites of cultural significance to tribal nations and historic properties that are listed or eligible for listing on the National Register as directed by section 106 of

the National Historic Preservation Act (NHPA) and the Commission's rules. FCC Form 620, New Tower (NT) Submission Packet is to be completed by or on behalf of applicants to construct new antenna support structures by or for the use of licensees of the FCC. The form is to be submitted to the State Historic Preservation Office ("SHPO") or to the Tribal Historic Preservation Office ("THPO"), as appropriate, and the Commission before any construction or other installation activities on the site begins. Failure to provide the form and complete the review process under section 106 of the NHPA prior to beginning construction may violate section 110(k) of the NHPA and the Commission's rules.

FCC Form 621, Collocation (CO) Submission Packet is to be completed by or on behalf of applicants who wish to collocate an antenna or antennas on an existing communications tower or non-tower structure by or for the use of licensees of the FCC. Failure to provide the form and complete the review process under section 106 of the NHPA prior to beginning construction or other installation activities may violate section 110(k) of the NHPA and the Commission's rules.

The Tower Construction Notification System (TCNS) is used by or on behalf of Applicants proposing to construct new antenna support structures, and some collocations, to ensure that Tribal Nations have the requisite opportunity to participate in review prior to construction. To facilitate this coordination, Tribal Nations have designated areas of geographic preference, and they receive automated notifications based on the site coordinates provided in the filing. Applicants complete TCNS before filing a 620 or 621 and all the relevant data is pre-populated on the 620 and 621 when the forms are filed electronically.

(e) The Commission established procedures to facilitate the filing of formal and informal complaints alleging violations of sections 255, 716, or 718 of the Act. Those procedures include a nondiscretionary pre-filing notice procedure to facilitate dispute resolution, that is, as a prerequisite to filing an informal complaint, complainants must first request dispute assistance from the Consumer and Governmental Affairs Bureau's Disability Rights Office.

In 2013, in document FCC 13–57, published at 78 FR 30226, May 22, 2013, the FCC adopted rules to implement section 718 of the Act.
