DATES: Consideration will be given to all comments received by June 1, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Reginald Lucas, (571) 372-7574, rhs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

Type of Request: Reinstatement.

Number of Respondents: 250.

Responses per Respondent: 1.

Annual Responses: 250.

Average Burden per Response: 30 minutes.

Annual Burden Hours: 125.

Needs and Uses: The Army and Air Force Exchange Service (Exchange), a Nonappropriated Fund (NAF) Instrumentality of the United States, requires this information collection to process all official Permanent Change of Station (PCS) travel for its employees and their dependents. This collection is necessary for the Exchange Human Resources (HR) Travel personnel to determine an employee’s eligibility to travel, obtain necessary documents such as passports and visas, and authorize any travel expense reimbursements. This process supports the Exchange’s enduring mission to provide quality goods and services to military members and generate earnings for Morale, Welfare, and Recreation (MWR) programs.

The information is used by employees selected for an official PCS or by new hires requiring relocation. Employees submit relocation requests and related forms through an internal secure portal. The data collected, which includes employee, dependent, and shipment information, is used by the HR travel team to create official PCS orders, arrange for the movement of household goods, and process financial reimbursements. The electronically stored information allows for efficient

verification with financial institutions, the Internal Revenue Service, and insurance providers as needed to facilitate the relocation.

This collection is authorized by Title 10 U.S.C. 7013, Secretary of the Army; Title 10 U.S.C. 9013, Secretary of the Air Force; Army Regulation 215-8/DAFI 34-110(I), Army and Air Force Exchange Service Operations; and Executive Order 9397 (SSN), as amended.

SUPPLEMENTARY INFORMATION:

I. Background

The Millennium Cohort Program (MCP) is a DoD program of research supported by the Defense Health Agency, Department of Veterans Affairs, and Military Community and Family Policy including three major research efforts: The Millennium Cohort Study (MCS), Family Cohort Study (FCS); and Millennium Cohort Study of Adolescent Resilience (SOAR). The overarching goal of the MCP is to evaluate the impact of military service, including deployments and other occupational exposures, on the long-term health and wellbeing of service members, veterans, and their families. MCS was initiated in 2001 prior to the events of 9/11 and the subsequent large-scale military operations, including Operation Enduring Freedom and Operation Iraqi Freedom. Participants of MCS are enrolled while serving in the military and then surveyed every 3 to 5 years over their life course (*i.e.*, through 2068), both during service and after military separation. Since the first panel of service members was enrolled in 2001, additional panels were enrolled in 2004, 2007, 2011, and 2020. There are over 260,000 study volunteers
