

collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on December 19, 2025, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

*Agency:* National Oceanic & Atmospheric Administration (NOAA), Commerce.

*Title:* Highly Migratory Species Tournament Registration and Reporting.

*OMB Control Number:* 0648–0323.

*Form Number(s):* None.

*Type of Request:* Regular submission (revision and extension of a current information collection).

*Number of Respondents:* 300.

*Average Hours per Response:*

Tournament registration, 2 minutes; tournament summary report, 20 minutes.

*Total Annual Burden Hours:* 110 hours.

*Needs and Uses:* This request is for the revision and extension of a currently approved information collection. Under the provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), NOAA's National Marine Fisheries Service (NMFS) is responsible for management of the nation's marine fisheries. Existing regulations require operators of tournaments involving Atlantic highly migratory species (HMS; Atlantic swordfish, sharks, billfish, and tunas) to register four weeks in advance of the tournament. Operators must provide contact information and the tournament's date(s), location(s), and target species. If selected by NMFS, operators are required to submit an HMS tournament summary report within seven days after tournament fishing has ended. Most of the catch data in the summary report is routinely collected in the course of regular tournament operations. NMFS uses the data to estimate the total annual catch of HMS and the impact of tournament operations in relation to other types of fishing activities. In addition, HMS tournament registration provides a method for tournament operators to request educational and regulatory outreach materials from NMFS. NMFS is implementing several modifications to the tournament registration and

reporting forms, including: (1) updating the target species list in the tournament registration form, (2) reporting vessel effort by state residency status (in-state vs. out-of-state participants), (3) reporting of bluefin tuna catch by size class, (4) clarifying the species for which tournament operators are required to report individual lengths and weights in their post-tournament catch reports, and (5) adding questions regarding the depredation of tournament catch by sharks, other fish, or marine animals.

*Affected Public:* Business or other for-profit organizations; Not-for-profit institutions.

*Frequency:* Annually; on occasion.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), and the Atlantic Tunas Convention Act of 1975 (16 U.S.C. 971 *et seq.*)
