BILLING CODE 4167-05-P

ADVISORY COUNCIL ON HISTORIC PRESERVATION

Notice of Issuance of the Department of the Army Program Comment for Army Warfighting Readiness and Associated Infrastructure

AGENCY: Advisory Council on Historic Preservation.

ACTION: Notice of issuance of the Department of the Army Program Comment for Army Warfighting Readiness and Associated Infrastructure.

SUMMARY: The Advisory Council on Historic Preservation has issued a program comment for the U.S. Department of the Army that sets forth how the Army may comply with Section 106 of the National Historic Preservation Act on Army installations for its warfighting readiness activities and associated infrastructure, including: training, testing, equipping, and industrial activities and management actions on associated infrastructure.

DATES: The Program Comment went into effect on April 3, 2026.

ADDRESSES: Address any questions concerning the Program Comment to Jaime Loichinger, Office of Federal Agency Programs, Advisory Council on Historic Preservation, 401 F Street NW, Suite 308, Washington, DC 20001, jloichinger@achp.gov.

FOR FURTHER INFORMATION CONTACT: Jaime Loichinger, (202) 517-0219, jloichinger@achp.gov.

SUPPLEMENTARY INFORMATION: Section 106 of the National Historic Preservation Act, 54 U.S.C. 306108 (Section 106), requires federal agencies to consider the effects of projects they carry out, license, or assist (undertakings) on historic properties and to provide the Advisory Council on Historic Preservation (ACHP) a reasonable opportunity to comment with regard to such undertakings. The ACHP has issued the regulations that set forth the process through which federal agencies comply with these duties. Those regulations are codified at 36 CFR part 800 (Section 106 regulations).

Under Section 800.14(e) of those regulations, agencies can request the ACHP to provide a “program comment” on a particular category of undertakings in lieu of conducting individual reviews of each individual undertaking under such category, as set forth in 36 CFR 800.4 through 800.7. An agency can meet its Section 106 responsibilities with regard to considering the effects of those undertakings by taking into account an applicable program comment and following the steps set forth in that comment.

The U.S. Department of the Army (Army) sought a program comment for its training, testing, equipping, and industrial activities as well as management actions related to its inventory of properties across 135 Army installations. Actions covered by the program comment would include military maneuvers and exercises; military weapons and materiel testing on ranges and in facilities; research, development, testing, evaluation, manufacturing, storing, maintaining, shipping, and disposing of materiel; and maintenance, repair, rehabilitation, renovation, abatement of hazardous materials, mothballing, cessation of maintenance, demolition, new construction, lease, transfer, or conveyance as management actions. These actions present a potential for adverse effects to historic properties.

The ACHP issued the Program Comment for Army Warfighting Readiness and Associated Infrastructure (Program Comment) on April 3, 2026. The Section 106 regulations require that the Program Comment be published in the **Federal Register**. This **Federal Register** notice fulfills the Army’s notification requirement at 36 CFR 800.14(e)(5)(i).

I. Need for the Program Comment

The Army’s warfighting readiness mission is defined by 10 U.S.C. 7062. This Program Comment supports the statutory military readiness mission. It accelerates and improves Section 106 compliance for Army warfighting readiness and associated infrastructure by using defined standards and procedures to ensure predictable outcomes. The Program Comment also enables Army-wide warfighting readiness while balancing Section 106 historic preservation requirements. It allows the Army to manage its portfolio of historic properties effectively while ensuring it can adapt its infrastructure to meet modern defense challenges and execute warfighting readiness activities at mission speed.
