that revocation of the antidumping duty (AD) order on tetrahydrofurfuryl alcohol from the People's Republic of China (China) would likely lead to the continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of this AD order.

**DATES:** Applicable April 30, 2026.

lead to the continuation or recurrence of dumping, and therefore, notified the ITC of the magnitude of the margins of dumping likely to prevail should the *Order* be revoked.<sup>4</sup>

On April 30, 2026, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Order* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>5</sup>

### Scope of the Order

The product covered by this *Order* is tetrahydrofurfuryl alcohol (THFA) from China, or C5H10O2. THFA, a primary alcohol, is a clear, water white to pale yellow liquid. THFA is a member of the heterocyclic compounds known as furans and is miscible with water and soluble in many common organic solvents. THFA is currently classifiable in the Harmonized Tariff Schedules of the United States (HTSUS) under subheading 2932.13.00.00. Although the HTSUS subheadings are provided for convenience and for customs purposes, Commerce's written description of the merchandise subject to the *Order* is dispositive.

### Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Order*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Order* will be April 30, 2026.<sup>6</sup> Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year reviews of the *Order* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

### Tin Mill Products From the People's Republic of China: Initiation of Countervailing Duty Investigation

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** Applicable April 29, 2026.

**FOR FURTHER INFORMATION CONTACT:** Samuel Evans, Office IX, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2420.

#### SUPPLEMENTARY INFORMATION:

#### The Petition

On April 9, 2026, the U.S. Department of Commerce (Commerce) received a countervailing duty (CVD) petition concerning imports of tin mill products from the People's Republic of China (China), filed in proper form on behalf of United States Steel Corporation and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union (the petitioners), a domestic producer of tin mill products and a certified union, which represents

workers engaged in the production of tin mill products in the United States.<sup>1</sup>

The CVD Petition was accompanied by antidumping duty (AD) petitions concerning imports of tin mill products from China, Taiwan, and the Republic of Türkiye.<sup>2</sup>

Between April 15 and 22, 2026, Commerce requested supplemental information pertaining to certain aspects of the Petition in supplemental questionnaires.<sup>3</sup> Between April 20 and 23, 2026, the petitioners filed timely responses to these requests for additional information.<sup>4</sup>

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioners allege that the Government of China (GOC) is providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of tin mill products from China, and that such imports are materially injuring, or threatening material injury to, the domestic industry producing tin mill products in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating a CVD investigation, the Petition was accompanied by information reasonably available to the petitioners supporting their allegations.

Commerce finds that the petitioners filed the Petition on behalf of the domestic industry, because the petitioners are interested parties, as defined in sections 771(9)(C) and (D) of the Act. Commerce also finds that the petitioners demonstrated sufficient industry support with respect to the initiation of the requested CVD investigation.<sup>5</sup>
