Overview of This Information Collection

Title: Client Representative Technical Assistance Portal (CRTAP).

OMB Number: 1651-0NEW.

Form Number: N/A.

Current Actions: New Collection.

Type of Review: New Collection.

Affected Public: Individuals.

Abstract: The Client Representative Technical Assistance Portal (CRTAP) provides the public with a method to inform CBP on technical issues impacting Automated Broker Interface (ABI) and Automated Commercial Environment electronic cargo systems transactions. The web-based application provides the trade with the capability to notify, identify, track, and communicate technical issues impacting operations with select CBP personnel. Trade participants will access the application

via the ACE Portal or through a separate link at: <http://clientservicesportal.cbp.gov>. CBP personnel will monitor, process and manage inquiries to streamline operations, enhance communications and improve processes: better security and privacy, and improved documentation of technical issues in a central location.

The Automated Commercial Environment (ACE) is a trade data processing system that is the current import system for U.S. Customs and Border Protection (CBP) operations. ACE is authorized by Executive Order 13659 which mandates implementation of a Single Window through which businesses will transmit data required by participating agencies for the importation or exportation of cargo ACE supports government agencies and the trade community with border-related missions with respect to moving goods across the border efficiently and securely.

To establish an ACE Portal account, participants submit information such as their name, their employer identification number (EIN) or social security number (SSN), and if applicable, a statement certifying their capability to connect to the internet. This information is submitted through the ACE Secure Data Portal which is accessible at: <http://www.cbp.gov/trade/automated>.
