

Applications to request certification approval from the above-mentioned certifying authorities are submitted directly to these organizations on the appropriate forms (*i.e.*, that are created by the organizations themselves).

The certification process is voluntary for manufacturers, and therefore Part 115 does not require certification of said container and road vehicles. A certification of compliance facilitates the efficient movement of containers and road vehicles across international territories. The procedures for obtaining a certification of a container or vehicle are set forth in 19 CFR part 115.

The respondents to this information collection are members of the trade community who are familiar with CBP regulations.

### New Change

CBP is changing the name of this previously approved information collection, from 'Transport Under Customs Seal' to 'Cargo Container and Road Vehicle Certification for Transport Under Customs Seal'. There are no changes to the method of collection, information collected, or burden reported for this information collection request (ICR). This change is to align the collection title with the regulation language.

This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including

whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

#### Overview of This Information Collection

*Title:* Application to Establish a Centralized Examination Station.

*OMB Number:* 1651-0061.

*Form Number:* N/A.

*Current Actions:* Extension.

*Type of Review:* Extension (without change).

*Affected Public:* Businesses.

*Abstract:* A Centralized Examination Station (CES) is a facility where imported merchandise is made available to CBP officers for physical examination. If a port director decides that a CES is needed, he or she solicits applications to operate a CES. The information contained in the application is used to determine the suitability of the applicant's facility, the fairness of fee structure, and the knowledge of cargo handling operations and of CBP procedures and regulations. The names of all corporate officers and all employees who will come in contact with uncleared cargo are also to be provided so that CBP may perform background investigations. The CES application is provided for by 19 CFR 118.11 and is authorized by 19 U.S.C. 1499, Tariff Act of 1930.

CBP port directors solicit these applications by using port information bulletins, local newspapers, and/or the internet. This collection of information applies to the importing and trade community, which is familiar with import procedures and with the CBP regulations.

*Type of Information Collection:* Application for CES.

*Estimated Number of Respondents:* 50.

*Estimated Number of Annual Responses per Respondent:* 1.

*Estimated Number of Total Annual Responses:* 50.

Estimated Time per Response: 2 hours.  
Estimated Total Annual Burden Hours: 100.
