

standard requires and to ensure that their workers are trained properly about the safety and health hazards associated with hazardous waste operations and emergency response to hazardous waste releases. OSHA will use the records developed in response to this standard to determine adequate compliance with the standard's safety and health provisions. The employer's failure to collect and distribute the information required in this standard will affect significantly OSHA's effort to control and reduce injuries and fatalities. Such failure would also be contrary to the direction Congress provided in the Superfund Amendments and Reauthorization Act (SARA).

## II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency's functions to protect workers, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information, and transmission techniques.

## III. Proposed Actions

OSHA is requesting that OMB extend the approval of the information collection requirements contained in the Hazardous Waste Operations and Emergency Response (HAZWOPER) Standard. The agency is seeking an adjustment decrease in burden hours, going from 251,002 hours to 232,668 hours, a difference of 18,334 hours. The adjustment decrease is primarily due to a decline in the number of Resource Conservation & Recovery Act (RCRA) treatment, storage, and disposal (TSD) cleanup sites. Also, the agency is seeking an adjusted decrease in capital costs of \$364,121, going from \$3,769,483 to \$3,405,362, which is also due to a decline in RCRA TSD cleanup sites.

OSHA will summarize the comments submitted in response to this notice and will include this summary in the request to OMB to extend the approval of the information collection requirements.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to OMB for approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The Office of Worker's Compensation Programs (OWCP) administers the Federal Employees' Compensation Act (FECA), which provides under 5 U.S.C. 8191, *et. seq.* and 20 CFR 10.735, that non-Federal law enforcement officers injured or killed under certain circumstances are entitled to the benefits of the Act, to the same extent as if they were employees of the Federal Government. The CA–721 and CA–722 are used by non-Federal law enforcement officers and their survivors to claim compensation under the FECA. Form CA–721 is used for claims for injury. Form CA–722 is used for claims for death. The authority for this collection is 5 U.S.C. 8191–8193.

These forms are the device by which notices of injury, claims for compensation, and claims for death benefits are filed by non-Federal law enforcement officers and their survivors. The information contained in the forms is used to help determine if the claim is covered and what further issues to develop: (a) was the injury sustained under circumstances bringing it within 5 U.S.C. 8191; (b) was the injury disabling; (c) is the disability due to the injury; (d) are those filing a claim

entitled to compensation; (e) what further information is required to reach a decision, etc.

See: <https://www.dol.gov/agencies/owcp/FECA/regs/statutes/feca>.

See: *eCFR: 20 CFR 10.735—When is a non-Federal law enforcement officer (LEO) covered under the FECA?*

**II. Desired Focus of Comments**

- Evaluate the accuracy of OWCP/DFEC's estimate of the burden related to the information collection, including the validity of the methodology and assumptions used in the estimate;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the information collection on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Documents related to this information collection request are available at <https://regulations.gov> and at DOL–OWCP located at 200 Constitution Ave. NW, Room S–3323, Washington, DC 20210.
