Thermal Paper From the Republic of Korea: Final Results and Rescission, in Part, of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that

¹⁰ See *Scope Ruling Application; Annual Inquiry Service List; and Informational Sessions*, 86 FR 53205 (September 27, 2021).

the sole producer/exporter thermal paper from the Republic of Korea (Korea) subject to this administrative review did not makes sales of subject merchandise at less than normal value (NV) during the period of review (POR) November 1, 2023, through October 31, 2024.

DATES: Applicable May 8, 2026.

FOR FURTHER INFORMATION CONTACT: Elizabeth Beuley, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3269.

SUPPLEMENTARY INFORMATION:

Background

On January 27, 2026, Commerce published the *Preliminary Results* and invited comments from interested parties.¹ On February 17, 2026, Domtar Corporation and Appvion, LLC (collectively, the petitioners), submitted a case brief.² The only issue the petitioners raised is the treatment of Tele-Paper (M) Sdn. Bhd. (Tele-Paper) in this review, which is discussed below. Because the petitioners did not raise any issues regarding Hansol Paper Company (Hansol), the sole mandatory respondent, the final results remain unchanged from the *Preliminary Results*, and there is no decision memorandum accompanying this notice. Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Rescission of Administrative Review, in Part

In the *Preliminary Results*, Commerce preliminarily assigned a rate to Tele-Paper, the company not selected for individual examination in this review, based on the rate calculated for Hansol (*i.e.*, zero percent).³ However, the petitioners noted in their comments that, because they had timely withdrawn their review request for Tele-Paper on March 18, 2025, Commerce erred in preliminarily assigning a rate to this company.⁴ In accordance with 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in

whole or in part, if all parties that requested the review withdraw their requests within 90 days of the date of publication of the notice of initiation of the requested review. Because the petitioners timely withdrew their request for administrative review with respect to Tele-Paper, and no other party requested a review of this company, Commerce is rescinding this review with respect to Tele-Paper, in accordance with 19 CFR 351.213(d)(1).

Scope of the Order⁵

The merchandise subject to the *Order* is thermal paper from Korea. For a complete description of the scope of the *Order*, see the *Preliminary Results*.⁶

Final Results of Review

For these final results, we determine that the following estimated weighted-average dumping margin exists for the period November 1, 2023, through October 31, 2024:

Producer or exporter	Weighted-average dumping margin (percent)
Hansol Paper Company	0.00

Disclosure

Normally, Commerce will disclose to the parties in a proceeding the calculations performed in connection with the final results of review within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes from the *Preliminary Results*, there are no new calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Because the weighted-average dumping margin for Hansol is zero, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Commerce's "automatic assessment" practice will apply to entries of subject merchandise

during the POR produced by Hansol for which it did not know that the merchandise it sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate (*i.e.*, 6.19 percent),⁷ if there is no rate for the intermediate company(ies) involved in the transaction.⁸

For Tele-Paper, we will instruct CBP to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, in accordance with 19 CFR 351.212(c)(1)(i).

Commerce intends to issue these assessment instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of these final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate established for Hansol in the final results of this review will be zero; (2) for previously reviewed or investigated companies not covered by this review, the cash deposit will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 6.19 percent, the all-others rate established in the LTFV investigation.⁹ These cash deposit requirements, when

imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: May 4, 2026.

SUPPLEMENTARY INFORMATION:

Background

On November 27, 2019, Commerce published in the **Federal Register** the AD order on strontium chromate from France.¹ On November 1, 2024, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order* for the POR.² Pursuant to section 751(a)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b)(1), Commerce received a timely request to conduct an administrative review of the *Order* from the petitioner³ with respect to SNCZ.⁴ On December 18, 2025, based on the timely request for an administrative review, in accordance with 19 CFR 351.221(c)(1)(i), Commerce initiated an administrative review of the *Order* with respect to SNCZ.⁵

On December 9, 2024, Commerce tolled the deadline to issue the preliminary results in administrative reviews for which the opportunity to request the review was published in November or December 2024, by 90 days.⁶ On September 24, 2025, Commerce extended the deadline for the preliminary results of this review until February 27, 2026.⁷ Additionally, due to the lapse in appropriations and Federal Government shutdown, on November

14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days,⁸ and, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁹ Accordingly, the deadline for these preliminary results is now May 6, 2026.

For a detailed description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.¹⁰ A list of the topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <https://access.trade.gov/frnotices>.

Scope of the Order

The product covered by the *Order* is strontium chromate from France. For a complete description of the scope of this *Order*, see the Preliminary Decision Memorandum.¹¹

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and (2) of the Act. The export price is calculated in accordance with section 772(a) of the Act. NV is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum.
