

Environmental Mailing List

The environmental mailing list includes federal, state, and local government representatives and agencies; elected officials; Native American Tribes; other interested parties; and local libraries and newspapers. This list also includes all affected landowners (as defined in the Commission's regulations) who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the project and includes a mailing address with their comments. Commission staff will update the environmental mailing list as the analysis proceeds to ensure that Commission notices related to this environmental review are sent to all individuals, organizations, and government entities interested in and/or potentially affected by the planned project.

If you need to make changes to your name/address, or if you would like to remove your name from the mailing list, please complete one of the following steps:

(1) Send an email to GasProjectAddressChange@ferc.gov stating your request. You must include the docket number PF26-4-000 in your request. If you are requesting a change to your address, please be sure to include your name and the correct address. If you are requesting to delete your address from the mailing list, please include your name and address as it appeared on this notice. This email address is unable to accept comments.

OR

(2) Return the attached "Mailing List Update Form" (appendix 3).

Becoming an Intervenor

Once WBI Energy files its application with the Commission, you may want to become an "intervenor," which is an official party to the Commission's proceeding. Only intervenors have the right to seek rehearing of the Commission's decision and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in the proceeding by filing a request to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214). Motions to intervene are more fully described at <https://www.ferc.gov/how-intervene>. Please note that the Commission will not accept requests for intervenor status at this time. You must wait until the Commission receives a formal

application for the project, after which the Commission will issue a public notice that establishes an intervention deadline.

Additional Information

Additional information about the project is available on the FERC website (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number in the "Docket Number" field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

Public sessions or site visits will be posted on the Commission's calendar located at <https://www.ferc.gov/news-events/events> along with other related information.

[Docket No. RM23-9-000; Docket No. ER02-2001-000]

Filing Process and Data Collection for the Electric Quarterly Report; Electric Quarterly Reports; Notice of New web page and Staff Guidance on Initial Implementation of Order No. 917

On March 19, 2026, the Commission issued Order No. 917,¹ which adopts eXtensible Business Reporting Language-Comma-Separated Values as the standard for filing the Electric Quarterly Report (EQR) and modifies and clarifies EQR reporting requirements. Among other things, Order No. 917 set forth that, as of the May 26, 2026 effective date of the final rule, the Commission will no longer require reporting of information about transmission capacity reassignments, index price publisher(s) and exchange/brokerage services in the EQR.² In addition, Order No. 917 stated that the

² *Id.* P. 118.

additional process contemplated in the final rule, including a future technical conference(s), will inform the compliance timeline.³

To help inform filers about how to implement the initial changes to the EQR reporting requirements set forth in Order No. 917, Commission staff has developed a new web page with filing guidance.⁴ Going forward, this web page will also help inform filers and other interested parties of future changes to the EQR filing process and reporting requirements under Order No. 917.

To stay up-to-date with developments in this rulemaking proceeding, you may join our contact list. To subscribe to Docket No. RM23-9-000 in eLibrary, follow instructions posted on the Commission's website.⁵

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 15230-002]

Pike Island Hydroelectric Corporation; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for an original license to construct, operate, and maintain the Pike Island Hydroelectric Project No. 15230 (project). The proposed project would be located at the United States Army Corps of Engineer's (Corps) Pike Island Locks and Dam on the Ohio River in Belmont County, Ohio and Ohio County, West Virginia. Commission staff has prepared an Environmental Assessment (EA) for the proposed project.¹ The proposed project would
