*OMB Control Number:* 3060–1247.

*Title:* Part 32 Uniform System of Accounts.

*Form Number:* N/A.

*Type of Review:* Extension of a currently approved collection.

*Respondents:* Business or other for-profit entities.

*Number of Respondents and Responses:* 854 respondents; 1,696 responses.

*Estimated Time per Response:* 20–40 hours.

*Frequency of Response:* On occasion, and annual reporting requirements; recordkeeping requirements.

*Obligation to Respond:* Required to obtain or retain benefits. Statutory authority for this information collection is contained in sections 10, 201, 219–220, 224, and 403 of the Communications Act of 1934, as amended; *47 U.S.C. 160, 201, 219–220, 224, and 403.*

*Total Annual Burden:* 51,360 hours.

*Total Annual Cost:* No cost.

*Needs and Uses:* On February 24, 2017, the Commission released the Part 32 Order, WC Docket No. 14–130, CC Docket No. 80–286, FCC 17–15, which minimized the compliance burdens imposed by the Uniform System of Accounts (USOA) on price cap and rate-of-return telephone companies, while ensuring that the Commission retains access to the information it needs to fulfill its regulatory duties. The Commission consolidated Class A and Class B accounts by eliminating the current classification of carriers, which divides incumbent LECS into two classes for accounting purposes based on annual revenues. Carriers subject to Part 32's USOA are now only required to keep Class B accounts.

Pursuant to the Part 32 Order, price cap carriers may elect to use generally accepted accounting principles (GAAP) for all regulatory accounting purposes if they: (1) Establish an "Implementation Rate Difference" (IRD) which is the difference between pole attachment rates calculated under Part 32 and under GAAP as of the last full year preceding the carrier's initial opting out of Part 32 accounting requirements; and (2) adjust

their annually-computed GAAP-based pole attachment rates by the IRD for a period of 12 years after the election. Alternatively, price cap carriers may elect to use GAAP accounting for all purposes other than those associated with pole attachment rates and continue to use the Part 32 accounts and procedures applicable to pole attachment rates for up to 12 years. A price cap carrier may be required to submit pole attachment accounting data to the Commission for three years following the effective date of the rule permitting a price cap carrier to elect GAAP accounting. If a pole attacher informs the Commission of a suspected problem with pole attachment rates, the Commission will require the price cap carrier to file its pole attachment data for the state in question. This requirement may be extended for an additional three years, if necessary.

The Commission reduced the accounting requirements for telephone companies with a continuing obligation to comply with Part 32 in a number of areas. Telephone companies may: (1) Carry an asset at its purchase price when it was acquired, even if its value has increased or declined when it goes into regulated service; (2) reprice an asset at market value after a merger or acquisition consistent with GAAP; (3) use GAAP principles to determine Allowance-for-Funds-Used-During Construction; and (4) employ the GAAP standard of materiality. Rate-of-return carriers receiving cost-based support must determine materiality consistent with the general materiality guidelines promulgated by the Auditing Standards Board. Price cap carriers with a continuing Part 32 accounting obligation must maintain continuing property records necessary to track substantial assets and investments in an accurate, auditable manner. The carriers must make such property information available to the Commission upon request. Carriers subject to Part 32 must continue to comply with the USOA's depreciation procedures and its rules for cost of removal-and-salvage accounting.

Pursuant to the October 24, 2018 Rate-of-Return Business Data Services Report and Order, WC Docket No. 17–144, FCC 18–146, rate-of-return carriers currently receiving model-based or other fixed high-cost support may voluntarily elect to transition their business services offerings from rate-of-return to incentive regulation. Thus, electing carriers that choose to use GAAP instead of the Uniform System of Accounts are relieved of virtually all of the filing and recordkeeping requirements of the Uniform System of Accounts, with the sole exception of the same data

provisioning requirements for the calculation of pole attachment rates as price cap carriers.

#### Agency Information Collection Activities: Submission for OMB Review; Comment Request

**AGENCY:** Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

**ACTION:** Notice.

**SUMMARY:** The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

**DATES:** Comments on the collection(s) of information must be received by the OMB desk officer by June 8, 2026.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular

information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, please access the CMS PRA website by copying and pasting the following web address into your web browser: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>

#### FOR FURTHER INFORMATION CONTACT:

William Parham at (410) 786–4669.

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment.

#### Information Collection

1. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* CMS Meeting Request Public Portal; *Use:* CMS is seeking approval to streamline the process for entities requesting external meetings. The proposed CMS Meeting Request Portal will gather only necessary information for representatives of the organization to meet with a representative of the federal government. This simplified approach aims to reduce administrative burden while enhancing transparency and accountability in meeting requests. By focusing on essential information, CMS ensures that the evaluation and screening process for private requests remains efficient and centered on logistics, scheduling, and conflict of interest. The proposed information collection aligns with CMS's commitment to stakeholder engagement

while ensuring compliance with all applicable federal laws, regulations, and security protocols.

The information will be collected solely from organizations and third-party requestors, such as law firms or other entities acting on behalf of organizations, that seek a meeting with the Administrator. The implementation of an online portal will facilitate the ease and efficiency of submitting requests. Requestors will have the capability to securely enter their requests electronically through this portal. Information collection is voluntary, whether or not it is provided through the portal or via a letter, but no matter how it is submitted to CMS, failure to provide the requested information will result in CMS's inability to review, process, and/or act on the request.

Subsequent to submitting the 60-day notice, we decided to add the organization's mailing address to the list of data elements. Similarly, we also updated the projected number of respondents from 427 to 465 based on updated data. These changes will not have an effect on the original burden estimate of 20 minutes per request; however, we adjusted the total annual burden from 142 hours to 155 hours. *Form Number:* CMS–10943 (OMB control number: 0938–New); *Frequency:* Occasionally; *Affected Public:* Individuals, Private Sector—Business or other for-profits, Not-for-profit institutions; *Number of Respondents:* 465; *Total Annual Responses:* 465; *Total Annual Hours:* 155 hours. (For policy questions regarding this collection contact Erin Palmer at (202) 690–5943.)
