After an importer obtains CTPAT Trade Compliance membership, the importer will be required to submit an Annual Notification Letter to CBP confirming that they are continuing to meet the requirements of the program. This letter should include: personnel changes that impact the CTPAT Trade Compliance program; organizational and procedural changes; a summary of risk assessment and self-testing results; a summary of post-entry amendments and/or disclosures made to CBP; and any importer activity changes within the last 12-month period.

Proposed Changes

CBP is adding the following data elements for all CTPAT partners:

- Date of Birth (DOB) (optional)
- Registro Federal de Contribuyentes (RFC) (Optional)

Additionally, CBP is establishing a pilot program pursuant to the Customs Trade Partnership Against Terrorism Pilot Program Act of 2023 passed into law on October 1, 2024. (Pub. L. 118–98 118th Congress). This pilot will allow 10 non-asset based and 10 asset based Third Party Logistics Providers (3PLs) to participate in the CTPAT program. This pilot will help CBP to assess whether allowing non-asset-based 3PLs and asset-based 3PLs to participate in CTPAT would enhance port security, combat terrorism, prevent supply chain security breaches, or otherwise meet the goals of CTPAT. To participate in the pilot, applicants will email CTPAT with their intent to participate as an asset based or non-asset based 3PL in the pilot program. Applicants from each group will be selected on a first-come first-serve basis. Approved applicants will then submit an application to include a Company profile and a Security profile and, if selected, will be assigned a supply chain security specialist who determines whether the applicant meets all of the eligibility requirements of either the asset based 3PL or non-asset based 3PL. If the application is approved, the applicant becomes certified and subject to the same requirements and benefits as other C-TPAT members.
