

beneficial to either shift focus to more home market sales or to shift production capacity to more profitable products after the antidumping and countervailing orders were imposed are not the natural consequence of the orders.<sup>8</sup>

In short, the Commission has determined that the petition does not show changed circumstances sufficient to warrant institution of a review investigation and has, therefore, dismissed the petition. The Commission notes that the third five-year reviews of the orders on imports of CCP from China and Indonesia are scheduled to commence in May 2027. The Commission's denial of the instant request in no manner prejudices the upcoming five-year reviews.
