

Participation in the investigations and public service list.—Persons wishing to participate in the investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in §§ 201.11 and 207.10 of the Commission's rules, not later than seven days after publication of this notice in the **Federal Register**.

Industrial users and (if the merchandise under investigation is sold at the retail level) representative consumer organizations have the right to appear as parties in Commission antidumping duty and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to these investigations upon the expiration of the period for filing entries of appearance.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to § 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in these investigations available to authorized applicants representing interested parties (as defined in 19 U.S.C. 1677(9)) who are parties to the investigations under the APO issued in the investigations, provided that the application is made not later than seven days after the publication of this notice in the **Federal Register**. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Conference.—The Office of Investigations will hold a staff conference in connection with the preliminary phase of these investigations beginning at 9:30 a.m. on May 28, 2026. Requests to appear at the conference should be emailed to preliminaryconferences@usitc.gov (DO NOT FILE ON EDIS) on or before noon on May 26, 2026. Please provide an email address for each conference participant in the email. Information on conference procedures, format, and participation, including guidance for requests to appear as a witness via videoconference, will be available on the Commission's Public Calendar (Calendar (USITC) | United States International Trade Commission). A nonparty who has testimony that may aid the Commission's deliberations may request permission to participate by submitting a short statement.

Please note the Secretary's Office will accept only electronic filings during this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-

based filings or paper copies of any electronic filings will be accepted until further notice.

Written submissions.—As provided in §§ 201.8 and 207.15 of the Commission's rules, any person may submit to the Commission on or before 5:15 p.m. on June 2, 2026, a written brief containing information and arguments pertinent to the subject matter of the investigations. Parties shall file written testimony and supplementary material in connection with their presentation at the conference no later than 4:00 p.m. on May 27, 2026. All written submissions must conform with the provisions of § 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission's procedures with respect to filings.

In accordance with §§ 201.16(c) and 207.3 of the rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Certification.—Pursuant to § 207.3 of the Commission's rules, any person submitting information to the Commission in connection with these investigations must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will acknowledge that any information that it submits to the Commission during these investigations may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of these or related investigations or reviews, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements.

Authority. These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to § 207.12 of the Commission's rules.

By order of the Commission.

Issued: May 7, 2026.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1414]

Certain Semiconductor Devices and Products Containing the Same; Notice of the Commission's Final Determination Finding a Violation of Section 337; Issuance of a Limited Exclusion Order and Cease and Desist Orders; Termination of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission ("Commission") has found a violation of section 337 in the above-captioned investigation. The Commission has determined to issue: (1) a limited exclusion order ("LEO") prohibiting the unlicensed entry of infringing semiconductor devices and products containing the same that are manufactured by or on behalf of, or imported by or on behalf of, the respondents; and (2) cease and desist orders ("CDOs") against the respondents. The investigation is terminated.

FOR FURTHER INFORMATION CONTACT:

Joelle Justus, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–2593. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on August 30, 2024, based on a complaint filed by Infineon Technologies Americas Corp. of El Segundo, California, and Infineon Technologies Austria AG of Villach,

Austria (collectively, “Complainants” or “Infineon”). 89 FR 70667–68 (Aug. 30, 2024). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain semiconductor devices and products containing the same by reason of infringement of claims 1–4, 6, 9, and 17 of U.S. Patent No. 9,899,481 (“the ‘481 patent”); claims 1, 2, 8–10, and 13–15 of U.S. Patent No. 8,686,562 (“the ‘562 patent”); claims 1–4, 8, and 9 of U.S. Patent No. 9,070,755 (“the ‘755 patent”); and claims 1, 2, and 10 of U.S. Patent No. 8,264,003 (“the ‘003 patent”). *Id.* at 70667. The complaint further alleges that a domestic industry exists. *Id.* The Commission’s notice of investigation named as respondents Innoscience (Suzhou) Technology Company, Ltd. of Lili Town, China; Innoscience (Suzhou) Semiconductor Co., Ltd. of Lili Town, China; Innoscience (Zhuhai) Technology Company, Ltd. of Zhuhai, China; and Innoscience America, Inc. of Santa Clara, California (collectively, “Respondents” or “Innoscience”). *Id.* The Office of Unfair Import Investigations is not participating in the investigation. *Id.*

On November 4, 2024, the Commission determined not to review an initial determination granting Complainants’ unopposed motion to amend the complaint and notice of investigation to correct the corporate title of Respondent Innoscience (Suzhou) Technology Co., Ltd. to Innoscience (Suzhou) Technology Holding Co., Ltd. *See* Order No. 7 (Oct. 10, 2024), *unreviewed by* Comm’n Notice (Nov. 4, 2024). On April 29, 2025, the Commission determined not to review an initial determination granting Complainants’ unopposed motion to terminate the investigation as to all asserted claims of the ‘003 patent and claim 9 of the ‘481 patent. *See* Order No. 27 (Apr. 3, 2025), *unreviewed by* Comm’n Notice (Apr. 29, 2025). And on May 20, 2025, the Commission determined not to review an initial determination granting Complainants’ unopposed motion to terminate the investigation as to all asserted claims of the ‘562 patent. *See* Order No. 46 (Apr. 30, 2025), *unreviewed by* Comm’n Notice (May 20, 2025).

On December 2, 2025, the ALJ issued the final initial determination (“FID”) finding a violation of section 337 by Innoscience with respect to the ‘481 patent, and no violation with respect to the ‘755 patent. The FID found, *inter alia*, that (1) Infineon proved

infringement and satisfaction of the technical prong of the domestic industry requirement (“technical prong”) for claims 1–4, 6, and 17 of the ‘481 patent, and that Innoscience did not show any of those claims invalid; (2) Infineon failed to show infringement or satisfy the technical prong for claims 1–4, 8, and 9 of the ‘755 patent, and Innoscience did not show any of the asserted claims of the ‘755 patent invalid. The FID also finds that Infineon satisfied the economic prong of the domestic industry requirement for the ‘481 patent.

The ALJ also issued a recommended determination (“RD”) on remedy and bonding. The RD recommended that, if the Commission were to find a violation, it should issue a limited exclusion order as well as and cease and desist orders against the Respondents based on their significant U.S. inventory and significant U.S. operations. The RD further recommended that the Commission impose a bond of one hundred (100%) percent.

On December 15, 2025, Innoscience filed a petition for review of the FID’s finding of violation as to the ‘481 patent. That same day, Infineon filed a petition for review of the FID’s finding of no violation as to the ‘755 patent. The parties filed responses to the petitions on December 23, 2025.

On January 2, 2026, Respondents submitted public interest comments pursuant to Commission Rule 210.50(a)(4) (19 CFR 210.50(a)(4)). No submissions were filed by third parties in response to the Commission’s **Federal Register** notice seeking submissions on the public interest. *See* 90 FR 56798–99 (Dec. 8, 2025).

On February 2, 2026, the Commission determined to review the FID’s findings regarding the ‘481 patent relating to the construction of the term “lateral transistor device,” infringement, validity, technical prong, and economic prong. 91 FR 5259–61 (Feb. 5, 2026). The Commission determined not to review the FID’s findings regarding the ‘755 patent. *See id.* at 5260. The Commission requested briefing from the parties on certain issues under review and potential remedial orders, and from the parties, interested government agencies, and other interested persons on the issues of remedy, the public interest, and bonding. *Id.* at 5260–61.

On February 17, 2026, the parties filed their respective written submissions on the issues under review and remedy, public interest, and bonding. On February 24, 2026, the parties filed their reply submissions. The Commission did not receive any

submissions from third-parties regarding the public interest.

Having examined the record in this investigation, including the FID, the parties’ submissions to the ALJ, the petitions for review and responses thereto, and the parties’ submissions to the Commission and responses thereto, the Commission has determined to find a violation of section 337. As set forth in the simultaneously-issued Commission opinion, the Commission has determined to adopt a modified construction of the term “lateral transistor device” and affirm with modified reasoning the FID’s infringement analysis. The Commission affirms in part with modified reasoning, takes no position in part, and reverses in part the FID’s invalidity analysis, and finds that Innoscience has proven claims 1–3 and 6 of the ‘481 patent invalid as obvious. The Commission also affirms in part and reverses in part the FID’s finding that Infineon satisfied the technical prong of the domestic industry requirement. Finally, the Commission affirms with supplemental reasoning that Infineon satisfied the economic prong of the domestic industry requirement. Therefore, the Commission finds a violation of section 337 as to claims 4 and 17 of the ‘481 patent.

The Commission has determined that the appropriate form of relief is an LEO prohibiting the unlicensed entry of infringing semiconductor devices and products containing the same manufactured by or on behalf of Respondents or any of their affiliated companies, parents, subsidiaries, or other related business entities, or their successors or assigns. The Commission has also determined to issue CDOs to each Respondent.

The Commission has further determined that the public interest factors enumerated in subsections (d)(I) and (f)(1) (19 U.S.C. 1337(d)(I), (f)(1)) do not preclude issuance of the above-referenced remedial orders. Additionally, the Commission has determined to impose a bond in the amount of one hundred percent (100%) as to the infringing products imported during the period of Presidential review (19 U.S.C. 1337(j)). The investigation is terminated.

The Commission vote for this determination took place on May 7, 2026.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: May 7, 2026.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Employment Transition Model

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Chief Evaluation Office (CEO)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before June 11, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202-693-0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: DOL is funding a total of \$67 million in grants to the Kansas Department of Commerce and to state workforce agencies in Connecticut, Minnesota, and New York. The purpose of the grant is to help youth and young adults with disabilities

(Y&YAD), ages 14 to 24, who are eligible for Workforce Innovation and Opportunity Act (WIOA) Title I services, successfully transition into the workforce. Y&YAD often face significant challenges during their transition to employment, and the grant is designed to address those barriers. The ETM Demonstration gave five-year grants to these states to: (1) identify, develop, and scale evidence-based strategies that improve work-related outcomes among Y&YAD; and (2) increase states’ capacity to create innovative employment strategies for them and their families. DOL needs data on program implementation and Y&YAD outcomes to monitor grant performance and measure the effectiveness of innovative practices. These data are necessary for ensuring that grantees are held accountable for achieving their programs’ goals and objectives as stated in their grant application, including the number of Y&YAD served over time, the types of services provided, and the economic self-sufficiency outcomes of participating Y&YAD. The evaluation will analyze the four grantees’ programs to build evidence on effective strategies that enable Y&YAD in successfully transitioning into the workforce and to inform future practice and policy at DOL. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on September 19, 2025 (90 FR 45257).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL-CEO.

Title of Collection: Employment Transition Model.

OMB Control Number: 1290-0NEW.

Affected Public: Individuals or Households.

Total Estimated Number of Respondents: 3,054.

Total Estimated Number of Responses: 11,208.

Total Estimated Annual Time Burden: 1,558 hours.

Total Estimated Annual Other Costs Burden: \$15,000.

(Authority: 44 U.S.C. 3507(a)(1)(D))

Nicole Bouchet,

Senior Paperwork Reduction Act Analyst.

BILLING CODE 4510-HX-P

NUCLEAR REGULATORY COMMISSION

[NRC-2025-0808]

Regulatory Issue Summary: Combined License Review Performance and Reporting

AGENCY: Nuclear Regulatory Commission.

ACTION: Final guide; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing Regulatory Issue Summary (RIS) 2026-04, “Regulatory Issue Summary: Combined License Review Performance and Reporting.” This RIS discusses the performance and reporting requirements for a combined license application review in accordance with the requirements in section 207 of the Accelerating Deployment of Versatile, Advanced Nuclear for Clean Energy Act of 2024 (ADVANCE Act).

DATES: The RIS is available as of May 12, 2026.

ADDRESSES: Please refer to Docket ID NRC-2025-0808 when contacting the NRC about the availability of information on this document. You may obtain publicly available information related to this document from any of the following sources:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2025-0808. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301-415-1003; email: Bridget.Curran@nrc.gov. For technical questions, contact the individual(s) listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC’s Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “Begin ADAMS Public Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR)
