1. *Title:* Opportunity Zones Nomination Tool.

OMB Control Number: 1559-0049.

Type of Request: Reinstatement with change of a previously approved collection.

Description: The Tax Cuts and Jobs Act of 2017 (TCJA; Pub. L. 115-97) created a tax incentive for investors who reinvest eligible capital gains into Qualified Opportunity Funds (QOFs) that in turn deploy these resources into certain distressed census tracts in the 50 states, U.S. Territories, and the District of Columbia (collectively, “States”) which may be designated as Qualified Opportunity Zones (QOZs). A QOF is an investment vehicle that is organized as a corporation or partnership for the purpose of investing in QOZ property (other than another QOF). QOZs are certain low-income community (LIC) eligible census tracts nominated by the States, and certified and designated by the Secretary of the Treasury (Secretary). Taxpayers who invest in a QOZ can receive certain tax benefits for their investments as an incentive to improve economic growth and job creation in underserved communities. Section 70421 of the One Big Beautiful Bill Act (OBBBA, Pub. L. 119-21), signed into law on July 4, 2025, made the QOZ incentives permanent and, pertinent to this collection of information, established new dates by which eligible census tracts may be nominated as a QOZ by the Chief Executive Officer (CEO) of a State. The

designation period for the first set of new QOZs will begin on July 1, 2026, with additional rounds of designations to follow every ten years thereafter. Newly approved designations will become effective as of January 1, 2027, and will remain in effect for a similar ten-year period. To take advantage of this incentive, State CEOs must nominate eligible census tracts for designation as a QOZ during a 90-day period, subject to a single 30-day extension period, beginning on July 1, 2026. The Secretary certifies such nominations and designates the eligible census tract as a QOZ within 30 days of receiving notice from the CEO that the State has made its nomination. In response to these statutory requirements, the CDFI Fund will reinstate the OZ Nomination Tool, which will assist the Secretary in the certification and designation process.
