Privacy Act

In accordance with 5 United States Code (U.S.C.) 553(c), DOT solicits comments from the public to better inform its regulatory process. DOT posts these comments, including any personal information the commenter provides, to www.regulations.gov as described in the system of records notice DOT/ALL 14 (Federal Docket Management System (FDMS)), which can be reviewed at <https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices>. The comments are posted without edits and are searchable by the name of the submitter.

Background

FMCSA registers for-hire motor carriers of regulated commodities under 49 U.S.C. 13902, surface freight forwarders under 49 U.S.C. 13903, and property brokers under 49 U.S.C. 13904. Each registration is effective from the date specified under 49 U.S.C. 13905 (c). Subsection (d) of 49 U.S.C. 13905 also provides that on application of the registrant, the Secretary may amend or revoke a registration, and hence the registrant's operating authority.

Form OCE-46 allows these registrants to apply voluntarily for revocation of their operating authority or parts thereof. If the registrant fails to maintain evidence of the required level of insurance coverage on file with FMCSA, its operating authority will be revoked involuntarily. Although the effect of both types of revocation is the same, some registrants prefer to request voluntary revocation. For various business reasons, a registrant may request revocation of some part, but not all, of its operating authority. This information collection, which supports the DOT Strategic Goal of Safety, reflects modified estimates of burden hours and costs. For respondents, the program adjustment has resulted in decreased total burden hours and a decrease in respondent costs. The burden hour decrease is due to an estimated decrease in the number of annual filings of Form OCE-46 from 8,699 to 5,712 per year, resulting in a decrease of 2,987 responses and 747 burden hours. The estimated annual labor cost for industry resulting from submitting Form OCE-46 is \$49,012, a decrease of \$18,175. The total annual

non-labor respondent cost has decreased by \$8,177. This decrease is due to the decrease in the number of respondents. While the online submission option exists, FMCSA still estimates that approximately 1,517 respondents (approximately 27 percent of the total number of respondents) will continue to file the form by mail, which incurs notarization and postage fees. For the Federal Government, the program costs have decreased by \$14,513 due to the decrease in the number of forms received by FMCSA.

MARAD has received an eligibility determination request. Further details about the requester's vessel and its proposed operations may be found in the determination request posted in the DOT Docket Number listed in the **ADDRESSES** section above at <https://www.regulations.gov>.
