

Signing Authority

This document of the Department of Energy was signed on April 16, 2026, by Richard Goorevich, Assistant Deputy Administrator, Office of Nonproliferation and Arms Control, National Nuclear Security Administration, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on May 12, 2026.

Jennifer Hartzell,

*Alternate Federal Register Liaison Officer,
U.S. Department of Energy.*

Appendix

Set forth below is the full text of the Secretarial Determination:

Determination and Authorization Pursuant to Section 57 b.(2) of the Atomic Energy Act of 1954, as Amended, Regarding Exports of Nuclear Technology and Assistance to Thailand

Having considered the recommendation of the Department of Energy's National Nuclear Security Administration (DOE/NNSA), the U.S. Department of State's concurrence, and the consultations with the U.S. Departments of Defense and Commerce and the U.S. Nuclear Regulatory Commission, I have determined pursuant to section 57 b.(2) of the *Atomic Energy Act of 1954*, as amended, that a general authorization under DOE's regulations at 10 CFR part 810 (Part 810) for exports of Part 810-controlled nuclear technology and assistance to Thailand will not be inimical to the interest of the United States, provided that no sensitive nuclear technology or activities described in 10 CFR 810.7, *Activities Requiring Specific Authorization*, are involved.

Whether a destination is determined to be generally or specifically authorized depends on several factors, including the existence of a peaceful nuclear cooperation agreement (123 agreement) with the United States. *The Agreement for Cooperation Between the Government of the United States of America and the Government of the Kingdom of Thailand Concerning Peaceful Uses of Nuclear Energy*, was signed in Bangkok, Thailand on January 14, 2025, and entered into force on July 9, 2025. As such, and in consideration of the relevant factors, I have determined that general authorization status for Thailand to cover exports of Part 810-controlled nuclear technology and assistance

under 10 CFR 810.6(a), *Generally Authorized Activities*, meets the non-inimicality standard.

I therefore grant Thailand status as a generally authorized destination under 10 CFR 810.6(a).

Accordingly, as of the date on which this Determination is issued, all currently issued specific authorizations pursuant to 10 CFR 810.7(a) for exports of Part 810-controlled nuclear technology and assistance to Thailand are eligible for the general authorization under 10 CFR 810.6(a), subject to the reporting requirements described in 10 CFR 810.12(e), *Reports*. Initial reporting in accordance with 10 CFR 810.12(e) may also serve to satisfy reporting requirements under 10 CFR 810.12(b) if specified accordingly. Activities subject to 10 CFR 810.7(b)–(c) continue to require specific authorization and separate reporting.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****Combined Notice of Filings #2**

Take notice that the Commission received the following exempt wholesale generator filings:

Docket Numbers: EG26–232–000.

Applicants: Lupinus BESS, LLC.

Description: Lupinus BESS, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 5/8/26.

Accession Number: 20260508–5179.

Comment Date: 5 p.m. ET 5/29/26.

Docket Numbers: EG26–233–000.

Applicants: Lupinus BESS 2, LLC.

Description: Lupinus BESS 2, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 5/8/26.

Accession Number: 20260508–518.

Comment Date: 5 p.m. ET 5/29/26.

Docket Numbers: EG26–234–000.

Applicants: Lupinus Solar, LLC.

Description: Lupinus Solar, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 5/8/26.

Accession Number: 20260508–5187.

Comment Date: 5 p.m. ET 5/29/26.

Docket Numbers: EG26–235–000.

Applicants: Lupinus Solar 2, LLC.

Description: Lupinus Solar 2, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 5/8/26.

Accession Number: 20260508–5195.

Comment Date: 5 p.m. ET 5/29/26.

Docket Numbers: EG26–236–000.

Applicants: Eagle Springs BESS, LLC.

Description: Eagle Springs BESS, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 5/8/26.

Accession Number: 20260508–5198

Comment Date: 5 p.m. ET 5/29/26

Docket Numbers: EG26–237–000.

Applicants: Eagle Springs Solar, LLC.

Description: Eagle Springs Solar, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 5/8/26.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP26–16–000]

Texas Gas Transmission, LLC; Notice of Availability of the Environmental Assessment for the Proposed Carnation Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Carnation Project (Project), proposed by Texas Gas Transmission, LLC (Texas

Gas), in the above-referenced docket.¹ Texas Gas requests authorization to modify, construct, and operate natural gas facilities in Hamilton County, Ohio, including one new 14,189-horsepower compressor unit and ancillary facilities at the existing Crosby-Harrison Compressor Station, and two new single-run regulators and associated aboveground piping at the New Haven Regulators Facility.

Any person wishing to comment on the EA may do so. To ensure consideration of your comments on the proposal prior to making a decision on the Project, it is important that the Commission receive your comments on or before 5:00 p.m. Eastern Time on June 10, 2026. Instructions for filing comments are provided on pages 2 and 3.

FERC is the lead federal agency for authorizing interstate natural gas transmission facilities under the Natural Gas Act of 1938 (NGA) and the lead federal agency for preparation of the EA. The EA assesses the potential environmental effects of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA)² and the Commission's implementing regulations.³ The principal purposes of the EA are to: identify and assess the potential effects on the natural and human environment; describe and evaluate reasonable alternatives; identify and recommend mitigation measures; and facilitate public involvement in the environmental review process. The EA concludes that approval of the proposed Project would not constitute a major federal action significantly affecting the quality of the human environment.

The Commission mailed a copy of the *Notice of Availability* of the EA to federal, state, and local government representatives and agencies; elected officials; Native American tribes; environmental and public interest groups; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents

¹ For tracking purposes under the National Environmental Policy Act, the unique identification number for documents relating to this environmental review is EAXX–019–20–000–1767610234.
