

sites) that the changes do not affect the previous analyses, mitigation and monitoring requirements, or take estimates (with the exception of reducing the type or amount of take).

2. A preliminary monitoring report showing the results of the required monitoring to date and an explanation showing that the monitoring results do not indicate impacts of a scale or nature not previously analyzed or authorized.

- Upon review of the request for renewal, the status of the affected species or stocks, and any other pertinent information, NMFS determines that there are no more than minor changes in the activities, the mitigation and monitoring measures will remain the same and appropriate, and the findings in the initial IHA remain valid.

Dated: May 12, 2026.

Kimberly Damon-Randall,

Director, Office of Protected Resources,
National Marine Fisheries Service.

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to U.S. Marine Corps Training Activities at Cherry Point Range Complex, North Carolina

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for incidental take regulations and Letter of Authorization; request for comments and information.

SUMMARY: NMFS has received a request from the U.S. Marine Corps (USMC) for authorization to take marine mammals incidental to training activities at Marine Corps Air Station (MCAS) Cherry Point, North Carolina over the course of 7 years from 2026 through 2033. Pursuant to regulations implementing the Marine Mammal Protection Act (MMPA), NMFS is announcing receipt of the USMC's request for the promulgation of regulations governing the incidental taking of marine mammals and issuance of a 7-year Letter of Authorization (LOA). NMFS invites the public to provide information, suggestions, and comments on the USMC's application and request.

DATES: Comments and information must be received no later than June 15, 2026.

ADDRESSES: Comments should be addressed to the Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service, and should be submitted via email to ITP.clevenstine@noaa.gov.

Instructions: NMFS is not responsible for comments sent by any other method, to any other address or individual, or received after the end of the comment period. Comments received electronically, including all attachments, must not exceed a 25-megabyte file size. Attachments to electronic comments will be accepted in Microsoft Word or Excel or Adobe PDF file formats only. All comments received are a part of the public record and will generally be posted online at <https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-military-readiness-activities> without change. All personal identifying information (e.g., name, address) voluntarily submitted by the commenter may be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Alyssa Clevenstine, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

The MMPA prohibits the "take" of marine mammals, with certain exceptions. Section 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) directs the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are proposed or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other "means of effecting the least practicable adverse impact" on the affected species or stocks and their habitat, paying particular attention to

rookeries, mating grounds, and areas of similar significance, and on the availability of the species or stocks for taking for certain subsistence uses (referred to in shorthand as "mitigation"); and requirements pertaining to the monitoring and reporting of the takings.

NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

The MMPA states that the term "take" means to harass, hunt, capture, kill or attempt to harass, hunt, capture, or kill any marine mammal.

The National Defense Authorization Act (NDAA) for Fiscal Year 2004 (Pub. L. 108-136) amended section 101(a)(5) of the MMPA to remove the "small numbers" and "specified geographical region" provisions and amended the definition of "harassment" as applied to a "military readiness activity" to read as follows (section 3(18)(B) of the MMPA): (i) Any act that injures or has the significant potential to injure a marine mammal or marine mammal stock in the wild (Level A Harassment); or (ii) Any act that disturbs or is likely to disturb a marine mammal or marine mammal stock in the wild by causing disruption of natural behavioral patterns, including, but not limited to, migration, surfacing, nursing, breeding, feeding, or sheltering, to a point where such behavioral patterns are abandoned or significantly altered (Level B Harassment). On August 13, 2018, the NDAA for Fiscal Year 2019 (Pub. L. 115-232) amended the MMPA to allow incidental take regulations for military readiness activities to be issued for up to 7 years.

Summary of Request

On November 13, 2025, NMFS received an application from the USMC requesting authorization to take marine mammals incidental to military readiness activities, including the use of munitions (live (explosive) and inert ammunition and ordnance), at the USMC's Cherry Point Range Complex in Pamlico Sound, NC. NMFS provided initial comments on November 28, 2025, and USMC submitted a revised application on April 6, 2026. In response to our comments and following information exchange, the USMC submitted a final revised application on May 1, 2026, that we determined was adequate and complete on May 7, 2026. The USMC requested the regulations and subsequent LOA be valid for 7 years beginning in 2026.

NMFS issued previous MMPA incidental take authorizations to the USMC for similar military readiness activities at the Cherry Point Range Complex effective beginning March 13, 2015 (80 FR 21212), May 18, 2020 (85 FR 31462), and May 18, 2021 (86 FR 27389).

Description of the Specified Activities

The USMC proposes to conduct training activities, which include weapons delivery training exercises (air-to-surface and surface-to-surface) at two water-based bombing targets located within the Cherry Point Range Complex in North Carolina.

The proposed activities would occur from 2026 through 2033, year-round, day or night. The USMC proposes to use small arms, large arms, bombs, missiles, rockets, grenades, and pyrotechnics for air-to-surface and surface-to-surface training exercises, which qualify as military readiness activities. The proposed activities are likely to result in the take of one species of marine mammal: bottlenose dolphin (*Tursiops erebennus*).

The application includes proposed mitigation measures for marine mammals that would be implemented during training activities in the Cherry Point Range Complex (see section 11 of the application). Proposed mitigation generally involves: (1) establishing clearance and monitoring zones for marine mammals; (2) conducting range sweeps during the morning of each exercise day prior to range operations; (3) conducting a cold pass by an aircraft immediately prior to ordnance delivery at the bombing targets; and (4) small boat visual checks before and after live-fire activities.

The USMC also proposes to undertake monitoring and reporting efforts to better understand the impacts of their activities on marine mammals and their habitat.

Information Solicited

Interested persons may submit information, suggestions, and comments concerning the USMC's request (see **ADDRESSES** section). NMFS will consider all information, suggestions, and comments related to the request during the development of proposed regulations governing the incidental taking of marine mammals by the USMC, if appropriate.

Dated: May 12, 2026.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Tribal Broadband Connectivity Program (TBCP) and Native Entities Grant Program (NEGP)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on December 10, 2025, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Telecommunications and Information Administration (NTIA), Commerce.

Title: Tribal Broadband Connectivity Program (TBCP) and Native Entities Grant Program (NEGP).

OMB Control Number: 0660-XXXX.

Form Number(s): TBD.

Type of Request: Regular submission. New information collection.

Number of Respondents: 400.

Average Hours per Response: 18 hours.

Burden Hours: 7,200 hours.

Needs and Uses: The information collected will be used to evaluate applications, assess alignment with program requirements, and support consistent and efficient review processes. Standardized data collection will improve clarity, reduce errors, and streamline administration.

Affected Public: NEGP: Indian Tribes, Alaska Native entities, and Native Hawaiian organizations TBCP: Tribal governments, Tribal Colleges or Universities, Department of Hawaiian Home Lands on behalf of the Native Hawaiian Community, including Tribal organizations, and Alaska Native Corporations.

Frequency: One-time submission.

Respondent's Obligation: Mandatory.

Legal Authority: Infrastructure Investment and Jobs Act of 2021, Division F, Title III, Section 60304 and 60305, Public Law 117-58, 135 Stat. 429, 1209 (November 15, 2021) (codified

at 47 U.S.C. 1701, 1721, *et seq.*); Consolidated Appropriations Act, 2021, Division N, Title IX, Section 905(c), Public Law 116-260, 134 Stat. 1182 (Dec. 27, 2020) (Act), as amended by the Infrastructure Investment and Jobs Act, Division F, Title II, Section 60201, Public Law 117-58, 135 Stat. 429 (Nov. 15, 2021) (IIJA)(codified at 47 U.S.C. 1705).

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Access this information collection by selecting the following: "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering the title of the collection.

Sheleen Dumas,

Departmental PRA Compliance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510-60-P

COMMISSION OF FINE ARTS

Notice of Meeting

Per 45 CFR Chapter XXI § 2102.3, the next meeting of the U.S. Commission of Fine Arts is scheduled for May 21, 2026, at 9:00 a.m. and will be held in the Commission offices at the National Building Museum, Suite 312, Judiciary Square, 401 F Street NW, Washington, DC 20001-2728. Items of discussion may include buildings, infrastructure, parks, memorials, and public art.

Draft agendas and additional information regarding the Commission are available on our website: www.cfa.gov. Inquiries regarding the agenda, as well as any public testimony, and requests to submit written or oral statements should be addressed to Thomas Luebke, Secretary, U.S. Commission of Fine Arts, at the above address; by emailing cfastaff@cfa.gov; or by calling 202-504-2200. Individuals requiring sign language interpretation for the hearing impaired should contact the Secretary at least 10 days before the meeting date.
