Current Action

This Notice proposes the clearance of the Guidelines for IMLS Grants to States Five-Year Evaluation. The Grants to States program is the largest source of federal funding for library services in the United States. Using a population-based formula, IMLS distributes approximately \$180 million among State Library Administrative Agencies (SLAAs) every year. An SLAA is defined in the Library Services and Technology Act (20 U.S.C. 9122 (3) and § 9122(4)) as "the official agency of a State charged by the law of the State with the extension and development of public library services throughout the state." SLAAs are located in each of the 50 States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau.

Each SLAA is required, under 20 U.S.C. 9134, to submit a plan that details library services goals for a five-year period, along with associated certifications. IMLS's authorizing legislation (20 U.S.C. 9134(c)) directs SLAAs to "independently evaluate, and report to the Director regarding, the activities assisted under this subchapter, prior to the end of the 5-year plan." This evaluation provides each SLAA an opportunity to measure progress in meeting the goals set forth in its approved Five-Year Plan, and provides IMLS with a framework to synthesize information across all state reports to tell a national story. This action is to renew clearance of the Guidelines for IMLS Grants to States Five-Year Evaluation for the next three years. The 60-day Notice was published in the **Federal Register** on March 9, 2026 (91 FR 11339). IMLS received no comments in response to the Notice.
