

relevant import adjustment offset amount data, including amounts and importer of record numbers, will be transmitted by Commerce to CBP. CBP will administer the offset at the time of entry summary filing and may request additional documentation to validate entries.

D. Usage and Enforcement

Import Adjustment Offset amounts claimed at time of entry for both MHDVs and Automobiles:

- May be used only by approved importers associated with the approved manufacturer;
- May be applied only to reduce tariff liability incurred under clauses 1, 7, or 12 of Proclamation 10984 or Proclamation 10908 on eligible MHDV or automobile parts;
- May not exceed the manufacturer's total tariff liability on covered MHDVs and automobile parts; and
- May not be traded, sold, or transferred.

E. Oversight and Adjustments

Commerce will monitor manufacturer and importer compliance and communicate information regarding noncompliance to CBP, where appropriate. CBP may exercise its authority to conduct audits to ensure compliance with this regulation. If it is determined that inaccurate, incomplete, or false information, has been submitted, penalties may be imposed.

F. Amendments to Harmonized Tariff Schedule

Under Proclamation 10984, Commerce, in consultation with the United States International Trade Commission and CBP, shall determine the modifications necessary to the HTSUS to effectuate that proclamation and shall make such modifications to the HTSUS through notice in the **Federal Register**. The HTSUS is modified as set forth below.

Effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern daylight time on November 1, 2025:

Subdivision (i) of U.S. note 38 to subchapter III of chapter 99 of the HTSUS is modified by deleting the first paragraph, and inserting the following in lieu thereof: "Subject to a manufacturer's import adjustment offset amount that may be determined by the Secretary of Commerce under Proclamation 10984 of October 17, 2025 (90 FR 48451), the rates of duty set forth in heading 9903.74.08 applies to parts of medium- and heavy-duty vehicles classifiable in the provisions of the

HTSUS enumerated in this subdivision:"

III. Paperwork Reduction Act Public Burden Statement

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0690-0283. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 40 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. The estimated burden hours are within the approved burden hour limits of this control number. All responses to this information collection are voluntary. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the International Trade Administration Paperwork Reduction Act Program: PRA@trade.gov.

Non-Refillable Steel Cylinders from the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2023-2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that Wuyi Xilinde Machinery Manufacture Co., Ltd. (Wuyi Xilinde), the sole mandatory respondent in this review, sold non-refillable steel cylinders (steel cylinders) from the People's Republic of China (China) at less than normal value during the period of review (POR), May 1, 2023, through April 30, 2024.

DATES: Applicable May 15, 2026.

SUPPLEMENTARY INFORMATION:

Background

On September 11, 2025, Commerce published the *Preliminary Results* in the **Federal Register** and invited interested parties to comment.¹ Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.² Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.³ On February 27, 2026, Commerce extended the time period for issuing the final results by 53 days.⁴ As a result, the revised deadline for this review is now May 11, 2026.

For a complete description of the events that followed the *Preliminary Results*, see the Issues and Decision Memorandum.⁵ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Scope of the Order⁶

The products covered by the *Order* are steel cylinders from China. For a

Verification

As provided in section 782(i) of the Tariff Act of 1930, as amended (the Act), Commerce conducted verification of the sales and factors of production information submitted by Wuyi Xilinde.⁷ We used standard verification procedures, including an examination of relevant sales and accounting records, and original source documents provided by Wuyi Xilinde.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised and to which we responded in the Issues and Decision Memorandum is attached as an appendix to this notice.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding the *Preliminary Results*, and in consideration of Commerce's verification findings, we find that Wuyi Xilinde's submitted information is incomplete and unreliable, warranting the application of facts available pursuant to section 776(a) of the Act. Further, due to the company's failure to act to the best of its ability, we find that Wuyi Xilinde has significantly impeded Commerce's review and that application of an adverse inference (AFA) is warranted pursuant to section 776(b) of the Act.

The China-Wide Entity

Commerce's policy regarding the conditional review of the China-wide entity applies to this administrative review.⁸ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity, we did not review the entity. Thus, the China-wide entity's rate (*i.e.*, 112.21 percent) is not subject to change.⁹

Final Results of Review

Commerce determines that the following estimated weighted-average dumping margin exists for the period May 1, 2023, through April 30, 2024:

Exporter	Weighted-Average Dumping Margin (percent)
Wuyi Xilinde Machinery Manufacture Co., Ltd.	150.37

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with a final determination within five days of its public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). However, because Commerce applied AFA to the mandatory respondent in this review in accordance with section 776 of the Act, there are no calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Because Commerce determined Wuyi Xilinde's margin on the basis of AFA in the final results of this review, Commerce will instruct CBP to assess antidumping duties on all appropriate entries subject merchandise exported by Wuyi Xilinde at the rate equal to the weighted-average dumping margin listed in the table above.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on, or after, the publication date of the final results of review, as provided for by section 751(a)(2)(C) of the Act: (1) the cash

deposit rates for Wuyi Xilinde will be equal to the company-specific weighted-average dumping margin established in the final results of this administrative review; (2) for a previously investigated or reviewed exporter of subject merchandise not listed in the final results of review that has a separate rate, the cash deposit rate will continue to be the exporter's existing cash deposit rate; (3) for all Chinese exporters of subject merchandise that do not have a separate rate, the cash deposit rate will be the cash deposit rate established for the China-wide entity, *i.e.*, 101.67 percent; and (4) for all exporters of subject merchandise that are not located in China and that are not eligible for a separate rate, the cash deposit rate will be the rate applicable to the China exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as the final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(1).

Dated: May 11, 2026.

Tapered Roller Bearings and Parts Thereof, Finished or Unfinished From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2024-2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that Shanghai Tainai Bearing Co., Ltd. (Tainai), the sole company subject to the administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished or unfinished (TRBs) from the People's Republic of China (China) covering the period of review (POR) June 1, 2024, through May 31, 2025, is not eligible to receive a separate rate and is, therefore, considered part of the China-wide entity. We invite interested parties to comment on these preliminary results.

DATES: Applicable May 15, 2026.

FOR FURTHER INFORMATION CONTACT: Jerry Xiao, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1246.

SUPPLEMENTARY INFORMATION:

Background

On February 26, 1990, Commerce published the *Order*¹ in the **Federal Register**. On June 3, 2025, Commerce notified interested parties of the opportunity to request an administrative review of the *Order*.² Pursuant to section 751(a)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b)(2), JTEKT Bearings North America LLC (JTEKT Bearing) timely filed a request for an administrative review of Tainai.³ On July 25, 2025, in accordance with 19 CFR 351.221(c)(1)(i), Commerce published a notice of initiation of this administrative review.⁴

In the *Initiation Notice*, Commerce stated that exporters in a proceeding involving a non-market economy (NME) country must timely file a Separate Rate Application (SRA) or Separate Rate Certification (SRC) "if they want to be considered for individual examination," and provided an opportunity for interested parties to file SRCs or SRAs.⁵ We received no SRA or SRC from Tainai, the only company under review. Moreover, Tainai did not file a claim of no shipment. Because we received no SRA, SRC, or a claim of no shipment, as discussed below, Commerce finds that Tainai, the only company subject to this review, is part of the China-wide entity and is not eligible for individual examination. As a result, no preliminary decision memorandum accompanies this notice.

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁶ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative

proceedings by an additional 21 days.⁷ Accordingly, the deadline for these preliminary results is now May 11, 2026.

Scope of the Order

The product covered by the *Order* is TRBs from China. For a complete description of the scope of the *Order*, see the appendix to this notice.

Methodology

Commerce considers China to be an NME country.⁸ In accordance with section 771(18)(C)(i) of the Act, any determination that a foreign country is an NME country shall remain in effect until revoked by the administering authority. Therefore, for these preliminary results, we treated China as an NME country and applied our current NME methodology in accordance with section 773(c) of the Act.

Separate Rate Determination

In all proceedings involving an NME country, Commerce maintains a rebuttable presumption that all companies are subject to government control and, thus, should be assessed a single weighted-average dumping margin with the exception of companies that can affirmatively demonstrate an absence of government control, both in law (*de jure*) and in fact (*de facto*), with respect to their exports (*i.e.*, can affirmatively demonstrate that they are eligible for a separate rate).⁹ Commerce has preliminarily determined that Tainai has not demonstrated its eligibility for a separate rate because it did not file a separate rate application or separate rate certification. Therefore, Commerce has preliminarily determined that Tainai is ineligible for a separate rate and is, thus, part of the China-wide
