**AGENCY:** Office of Adjudication, Recruitment and Management, Justice

Management Division, Department of Justice.

**ACTION:** 60-Day notice.

**SUMMARY:** The Office of Adjudication, Recruitment and Management, Department of Justice (DOJ), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

**DATES:** Comments are encouraged and will be accepted for 60 days until July 14, 2026.

**FOR FURTHER INFORMATION CONTACT:** If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Deana Willis, Assistant Director, Office of Adjudication, Recruitment and Management, c/o Deana Willis, 450 5th Street NW, Suite 10200, Washington, DC, 20530, 202-514-8900, [Deana.Willis@usdoj.gov](mailto:Deana.Willis@usdoj.gov).

**SUPPLEMENTARY INFORMATION:** Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

*Abstract:* Candidates enter information pertinent to legal employment on a series of electronic screens (the number of screens varies by Program; hiring organizations vary by year). The data is then certified and submitted into a database for OARM review and transmission to the components that consider the candidates for legal employment. The candidate is automatically notified by email that his/her application has been received when he/she certifies and submits his/her electronic application, and provided other hiring status updates throughout the hiring cycle.

The Department of Justice developed an in-house electronic application managed by the Office of Chief Information Office (OCIO) Service Delivery Staff (SDS) Application Services Branch (ASB) to replace one previously managed by contract with an outside vendor. There is no impact on the public burden.

The questions presented to applicants are unchanged except for the following deletions:

- Questions relating to geographic preference;
- A checklist of practice area interests;
- Two “check the box” questions about undergraduate awards;
- A “yes/no” question presented only to SLIP-Pathways applicants asking whether the law school transcript listed failing grades;
- Voluntary demographic questions.

The estimate of annualized cost to the federal government is \$71,429.00.

**Overview of This Information Collection:**

1. *Type of Information Collection:* Revision of a previously approved collection.
2. *The Title of the Form/Collection:* Electronic Applications for the Attorney

General’s Honors Program and the Summer Law Intern Program.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* N/A

4. *Affected public who will be asked or required to respond, as well as the obligation to respond:* Affected Public-Individuals. The obligation to respond is voluntary.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated 1900 candidates apply to the HP & SLIP annually. It is estimated that the electronic application takes approximately one hour to complete and submit. It is further estimated that it takes an average of an additional 45 minutes to review the instructions, search existing data sources, gather and maintain the data needed, and complete and review the information collected. In addition, approximately 600 HP applicants will complete a Virtual Interview Scheduling form. Each Interview Scheduling Form will take approximately 10 minutes to complete. Thus, the annual burden would be 3425 hours based on 1900 applicants (the average number of applications received in the last several years) x 1.75 response hours (estimated time to collect the appropriate information and complete the Program application) plus 100 hours (time for 600 HP candidates to complete the Virtual Interview Scheduling Form).

6. *An estimate of the total annual burden (in hours) associated with the collection:* The total annual burden hours for this collection is 3425 hours.

7. *An estimate of the total annual cost burden associated with the collection, if applicable:* \$71,492.

**TOTAL BURDEN HOURS**

Activity	Number of respondents	Frequency (annually)	Total annual responses	Time per response (minutes)	Total annual burden (hours)

### Notice of Lodging of Proposed Consent Decree Modification Under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA)

On May 12, 2026, the Department of Justice lodged a proposed Consent Decree Modification with the United States District Court for the Western District of Michigan in the lawsuit entitled *United States of America v. Robert Bosch Corp.*, Civil Action No. 1:99-CV-414.

The proposed Modification makes certain changes to a 1999 Consent Decree between the parties. That Decree required the defendant (“Bosch”) to pay a portion of the United States’ response costs incurred responding to the release or threat of release of hazardous substances at the Bendix Corp./Allied Automotive Superfund Site in St. Joseph, Michigan and to perform the remedial action that EPA selected for the Site. The Decree capped Bosch’s liability for reimbursement of EPA’s future oversight costs. The proposed Consent Decree Modification removes the Decree’s cap on Bosch’s future oversight cost liability and recovers a portion of past response costs incurred by EPA at the Site. In return, the United States agrees not to assess stipulated or civil penalties for Bosch’s alleged violations of the Decree.

The publication of this notice opens a period for public comment on the Consent Decree Modification. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. Robert Bosch Corp.*, D.J. Ref. No. 90-11-2-06028. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
