Administration, 1166 Athens Tech Road, Elberton, Georgia 30635.

FOR FURTHER INFORMATION CONTACT: Alexa Webb, Senior Public Utilities Specialist, Finance and Marketing, Southeastern Power Administration, Department of Energy, 1166 Athens Tech Road, Elberton, Georgia 30635–6711, (706) 213–3805; Email: Alexa.Webb@sepa.doe.gov.

SUPPLEMENTARY INFORMATION: The Federal Energy Regulatory Commission (FERC) confirmed and approved on a final basis, Wholesale Power Rate Schedules JW–1–L and JW–2–F applicable to the Jim Woodruff System for a period ending September 30, 2026. (FERC Docket No. EF21–4–000 (Feb. 10, 2022)). On August 6, 2024, Southeastern submitted a notice of cancellation of the JW–2–F Rate Schedule for the sale of power from Southeastern's Jim Woodruff Project to Duke Energy Florida effective October 6, 2024. There are no remaining obligations under the JW–2–F Rate schedule. (FERC Docket No. EF24–8–000 (Sep. 13, 2024)).

Discussion: Existing rate schedules are predicated upon a February 2021 repayment study and other supporting data. An updated repayment study, dated March 2026, indicates current rates are not adequate to recover cost increases identified and therefore do not meet repayment criteria. The revised study demonstrates an annual revenue requirement increase of \$545,128 per year from preference customers will meet repayment criteria. The rate adjustment would represent an increase of about 6.6 percent for capacity and 10.8 percent for energy.

Proposed Unit Rates: In the proposed rate schedule JW–1–M, available to preference customers, the capacity charge would be increased from \$8.46 per kilowatt per month to \$9.02 per kilowatt per month. The energy charge would be increased from 22.32 mills per kilowatt-hour to 24.72 mills per kilowatt-hour. Should Southeastern procure power on behalf of a preference customer, the customer would be subject to the cost of the purchased power in addition to the applicable capacity and energy charges.

Southeastern is proposing the following rate schedule, JW–1–M, to be effective for the period from October 1, 2026, through September 30, 2031.

Legal Authority: By Delegation Order No. S1–DEL–RATES–2016, effective November 19, 2016, the Secretary of Energy delegated: (1) the authority to develop power and transmission rates to Southeastern's Administrator; (2) the authority to confirm, approve, and place such rates into effect on an interim basis
