

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Departmental PRA Compliance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

DEPARTMENT OF COMMERCE

International Trade Administration

Notice of Rescission of Antidumping and Countervailing Duty Administrative Reviews; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published an Advance Notification of Sunset Review in the **Federal Register** of May 1, 2026, in which Commerce inadvertently listed the incorrect case under the antidumping duty proceeding column for Cut-to-Length Carbon Steel Plate from Ukraine (A–823–808).

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, Office of AD/CVD Operations, Customs Liaison Unit,

Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482–4735.

SUPPLEMENTARY INFORMATION:

Background

On May 1, 2026, Commerce published in the **Federal Register** the Advanced Sunset notice.¹ We inadvertently listed Cut-to-Length Carbon Steel Plate (A–823–808) from Ukraine under the antidumping duty proceeding column. However, Cut-to-Length Carbon Steel Plate from Ukraine should have been listed under the suspended investigations column.

Correction

In the **Federal Register** of May 1, 2026, in FR Doc. 2026–08561, list Cut-to-Length Carbon Steel Plate (A–823–808) from Ukraine under the “Suspended Investigations” column. This serves as a correction notice.

Notification to Interested Parties

This notice is issued and published in accordance with section(s) 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: May 12, 2026.

Scott Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

impact of our information collection requirements and minimize the public’s reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before July 14, 2026.

ADDRESSES: Interested persons are invited to submit written comments to Julie Al-Saadawi, Director, Industrial Monitoring and Analysis Unit, International Trade Administration by email to julie.al-saadawi@trade.gov. Please reference OMB Control Number 0625–0279 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Julie Al-Saadawi, Director, Industrial Monitoring and Analysis Unit, International Trade Administration by email to julie.al-saadawi@trade.gov, or by phone, 202–482–1930.

SUPPLEMENTARY INFORMATION:

I. Abstract

Under the Aluminum Import Monitoring and Analysis (AIM) system, importers, custom brokers, or their agents are required to obtain an import license for each entry of covered aluminum products. To obtain an import license, each applicant must identify, among other fields, the country or countries where the largest and second largest volume of primary aluminum used in the manufacture of the imported aluminum product was smelted and the country where the aluminum product was most recently cast. On December 23, 2020, Commerce published the final rule adopting regulations establishing the AIM system in 19 CFR part 361 (85 FR 83804; December 23, 2020).

The import license information is necessary to assess import trends of aluminum products. In order to effectively monitor aluminum imports, Commerce must collect and provide timely aggregated summaries about the imports. The Aluminum Import License form is the tool used to collect the necessary information. The Census Bureau currently collects import data and disseminates aggregate information about aluminum imports. However, the time required to collect, process, and disseminate this information through Census can take up to 45 days after importation of the product, giving

interested parties and the public far less time to respond to injurious sales.

II. Method of Collection

The license application can be submitted electronically via the Commerce website (<https://trade.gov/aluminum>) or completed electronically and emailed to the Department.

III. Data

OMB Control Number: 0625–0279.

Form Number(s): ITA–4142a (regular license); ITA–4142b (low-value license).

Type of Review: Regular submission, extension of a current information collection.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 4,000.

Estimated Time Per Response: 10 minutes.

Estimated Total Annual Burden Hours: 35,633 hours.

Estimated Total Annual Cost to Public: \$0.00.

Respondent's Obligation: Voluntary.

Legal Authority: 13 U.S.C. 301(a) and 302.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

RIN 0625–XC060

Amending the Procedures To Administer Import Adjustment Offset Amounts for Certain Imports of Automobile Parts Under Proclamation 10908 To Include Medium- and Heavy-Duty Vehicle Parts

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice.

SUMMARY: On June 13, 2025, the International Trade Administration published a Notice titled “Procedures To Administer Import Adjustment Offset Amounts for Certain Imports of Automobile Parts Under Proclamation 10908, as Amended” (June 13 Notice), which established procedures for automobile manufacturers to apply for and use the import adjustment offset amount established by Presidential Proclamation 10925 of April 29, 2025, “Amendments to Adjusting Imports of Automobiles and Automobile Parts Into the United States” to incentivize domestic automobile production and reduce American reliance on imports of foreign automobiles and their parts. This notice amends those procedures consistent with the amendments to Proclamation 10925 set forth in Presidential Proclamation 10984 of October 17, 2025, “Adjusting Imports of Medium- and Heavy-Duty Vehicles, Medium- and Heavy-Duty Vehicle Parts, and Buses Into the United States”. This notice also amends those procedures to allow domestic manufacturers of Medium- and Heavy-Duty Vehicles (MHDV) to claim import adjustment offsets for imports of MHDV parts (MHDVPs) and automobile parts in a manner consistent with Proclamation 10984. The procedures exclude certain heavy-duty vehicle assembly operations determined to be “limited production operations” from being considered in the calculation of offsets, and notes that these procedures will be amended to exclude limited production operations

for automobiles and medium-duty vehicles at a later date. This notice replaces the procedures set forth in ITA’s June 13 Notice. The import adjustment offset process will be amended at a later date to establish an equivalent process for domestic manufacturers of automobile engines and MHDV engines, as provided for in Proclamation 10984.

DATES: Applications from domestic manufacturers of MHDVs can be submitted starting May 15, 2026. Domestic manufacturers of automobiles may continue to submit applications at the address below.

ADDRESSES: Offset applications must be submitted electronically to: autooffset@trade.gov.

FOR FURTHER INFORMATION CONTACT: Emily Davis, Director for Public Affairs, International Trade Administration, U.S. Department of Commerce, 202–482–3809, Emily.Davis@trade.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On March 26, 2025, the President issued Proclamation 10908, finding that imports of automobiles (defined as passenger vehicles (sedans, sport utility vehicles, crossover utility vehicles, minivans, and cargo vans) and light trucks) and certain automobile parts continue to threaten to impair the national security of the United States and imposing specified tariffs to adjust imports of automobiles and certain automobile parts so that such imports will not threaten to impair national security pursuant to section 232 of the Expansion Act of 1962, as amended (19 U.S.C. 1862) (90 FR 14705). Proclamation 10908 imposed a 25 percent tariff on certain imports of automobiles, effective April 3, 2025, and certain imports of automobile parts, effective May 3, 2025.

On April 29, 2025, the President issued Proclamation 10925, which allowed for automobile manufacturers assembling automobiles in the United States to apply for an import adjustment offset amount, which would offset certain tariff liability under Proclamation 10908 on imports of automobile parts (90 FR 18899). Proclamation 10925 required the Secretary of Commerce (Commerce) to establish a process by which automobile manufacturers may submit documentation supporting eligibility for an import adjustment offset amount. Commerce established an import adjustment offset process through the June 13 Notice “Procedures To Administer Import Adjustment Offset Amounts for Certain Imports of
