SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on certain corrosion inhibitors from the People’s Republic of China (China) would be likely to lead to continuation or recurrence of countervailable subsidies at the levels indicated in the “Final Results of Sunset Review” section of this notice.

On February 17, 2026, Commerce received a notice of intent to participate in this review from Wincom Inc. (the domestic interested party), within the deadline specified in 19 CFR 351.218(d)(1)(i).³ The domestic party claims that it has interested party status within the meaning of section 771(9)(C) of the Act as a manufacturer in the United States of the domestic like product.⁴

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Shanghai Yueda Nails Co., Ltd., a.k.a. Shanghai Yueda Nails Industry Co., Ltd. (Shanghai Yueda) and Shanghai Yueda Nails (Chuzhou) Ltd. (Chuzhou Yueda) (collectively, Yueda Nails), an exporter of certain steel nails (nails) from the People's Republic of China (China), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) August 1, 2023, through July 31, 2024.

DATES: Applicable May 19, 2026.

FOR FURTHER INFORMATION CONTACT:

Matthew Lipka or Hannah Lee, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–7976 or (202) 482–1216 respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 28, 2026, Commerce published the *Preliminary Results* of the 2023–2024 administrative review of the antidumping *Order* on nails from China in the **Federal Register** and invited parties to comment.¹ We received no comments from interested parties on the *Preliminary Results*, and thus we have made no changes to the *Preliminary Results*. Accordingly, no decision memoranda accompany this **Federal Register** notice, and the *Preliminary Results* are hereby adopted as these final results. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). The current deadline for the final results of this review is May 28, 2026.

Scope of the Order

The products covered by the *Order* are nails from China. For a full description of the scope of the *Order*, see the *Preliminary Results* PDM.

China-Wide Entity

As stated in the *Preliminary Results*, because no party requested a review of the China-wide entity, the entity is not under review and the China-wide entity's rate, *i.e.*, 118.04 percent, is not subject to change.²

Final Results of Administrative Review

For the company subject to this review, which established its eligibility for a separate rate, Commerce determines that the following estimated weighted-average dumping margin exists for the period from August 1, 2023, through July 31, 2024:

¹ See *Certain Steel Nails from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Rescission, in Part, of Antidumping Duty Administrative Review; 2023–2024*, 91 FR 3707 (January 28, 2026) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM); see also *Notice of Antidumping Duty Order: Certain Steel Nails from the People's Republic of China*, 73 FR 44961 (August 1, 2008) (*Order*).

² See *Preliminary Results*, 91 FR at 3708.

³ In the *Preliminary Results*, we determined that Shanghai Yueda and Chuzhou Yueda comprise a single entity. As no parties challenged this determination, we continue to determine that these companies comprise a single entity for these final results. See Memorandum, "Preliminary Affiliation and Single Entity Determination," dated January 16, 2026.

Disclosure

Normally, Commerce discloses to interested parties the calculations of the final results of an administrative review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we made no changes from the *Preliminary Results*, there are no calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Pursuant to 19 CFR 351.212(b)(1), for Yueda Nails, we calculated customer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for each customer's examined sales and the total entered value of the sales. Where a customer-specific assessment rate is zero or *de minimis* (*i.e.*, less than 0.5 percent), the entries by that customer will be liquidated without regard to antidumping duties. For entries of subject merchandise during the POR produced by Yueda Nails for which they did not know their merchandise was destined for the United States, we intend to instruct CBP to liquidate such entries at the China-wide rate if there is no rate for the intermediate company or companies involved in the transaction. The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.⁴

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the
