

2. Type of Information Collection

Request: Revision of an active collection of information request; *Title of Information Collection:* Behavioral Health Clinic Quality Data Reporting; *Use:* This Information Collection concerns the Behavioral Health Clinic Quality Data Reporting Template (hereinafter “Reporting Template” or “Template”), developed in partnership with the Substance Abuse and Mental Health Services Administration (SAMHSA) and the Assistant Secretary for Planning and Evaluation (ASPE) (collectively, “the Agencies”). The Reporting Template is designed to collect quality measure data and to report at the clinic level. The Agencies developed the Template to provide states and clinics with a streamlined and structured tool to report quality measures data. The Reporting Template aims to eliminate the time required for states or clinics to develop their own reporting templates for quality measure data reporting and minimizes inconsistencies in reporting. Furthermore, the Reporting Template, with its accompanying instructions, support an innovative approach to improve behavioral health, a key focus of health care reform. In this 2026 iteration, CMS proposes to revise the CCBHC Quality Measure data collection reporting template. *Form Number:* CMS–10398 #48 (OMB control number: 0938–1148); *Frequency:* Annual; *Affected Public:* Private Sector (Businesses or other for profits and Not for profit institutions) and State, Local, or Tribal Governments; *Number of Respondents:* 429; *Total Annual Responses:* 1,009; *Total Annual Hours:* 6,814. Information Collection Request Title: National Health Service Corps Scholar/Students to Service Travel Worksheet, OMB No. 0906-0087—Revision

Abstract: Clinicians participating in the HRSA National Health Service

Corps (NHSC) Scholarship Program and the Students to Service (S2S) Loan Repayment Program use the online Travel Request Worksheet to request and receive travel funds from the federal government to, in accordance with the Public Health Service Act, section 331(c)(1), visit eligible NHSC sites to which they may be assigned.

The travel approval process is initiated when an NHSC scholar or S2S participant notifies the NHSC of an impending interview at one or more NHSC-approved practice sites. The Travel Request Worksheet is also used to initiate the relocation reimbursement process, in accordance with the Public Health Service Act, section 331(c)(3), after an NHSC scholar or S2S participant has successfully been matched to an approved practice site. Upon receipt of a completed Travel Request Worksheet, the NHSC will review and approve or disapprove the request and promptly notify the NHSC scholar or S2S participant and the NHSC logistics contractor regarding travel arrangements and authorization of the funding for the site visit or relocation.

Need and Proposed Use of the Information: This information will facilitate NHSC scholar and S2S participants' receipt of federal travel funds that are used to visit high-need NHSC-approved practice sites. The Travel Request Worksheet is also used to initiate the relocation process after an NHSC scholar or S2S participant has successfully matched to an approved practice site.

Likely Respondents: Clinicians participating in the NHSC Scholarship Program and the S2S Loan Repayment Program.
