

Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 564–2601; email address: savitske.gregory@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through August 31, 2026. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

This notice allows 60 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate forms of information technology. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: Discharge Monitoring Report-Quality Assurance (DMR-QA) study program participation is mandatory for Major and selected Minor National Pollutant Discharge Elimination System (NPDES) permit holders in accordance with Clean Water Act Section 308. The DMR-QA study program is designed to evaluate the analytic ability of laboratories that perform chemical, microbiological and whole effluent toxicity (WET) analyses required in NPDES permits for reporting

results in the Discharge Monitoring Reports (DMR). Under DMR-QA, the permit holder is responsible for having their in-house and/or contract laboratories analyze proficiency test samples and submit results to proficiency testing (PT) providers for grading. Graded results are transmitted by either the permit holder or PT provider to the appropriate federal or state NPDES permitting authority. Permit holders are responsible for submitting corrective action reports to the appropriate permitting authority.

Form Number: 6400–01.

Respondents/affected entities: Major and selected Minor permit holders under the Clean Water Act's National Pollutant Discharge Elimination System (NPDES).

Respondent's obligation to respond: Major permit holders must participate annually. Minor permit holders must participate if selected by the state or EPA DMR-QA coordinator.

Estimated number of respondents: 5,500 (total).

Frequency of response: Major permit holders must participate annually. Minor permit holders must participate if selected by the state or EPA DMR-QA coordinator.

Total estimated burden: 36,300 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$6,241,180 (per year), which includes \$3,995,365 annualized capital or operation & maintenance costs.

Changes in the Estimates: The total estimated respondent burden is projected to remain the same as the ICR currently approved by OMB; this is attributed to the estimated number of respondents receiving this ICR remaining stable over the past three years. The estimated cost has increased due to increases in both labor and non-labor costs to account for changes in employee benefit and compensation costs as well as inflation.

Loren Denton,

Director, Compliance, Inspector, and Training Division, Office of Compliance.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Consolidated Pesticide Registration Submission Portal (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), Consolidated Pesticide Registration Submission Portal" (EPA ICR Number 2624.03 and OMB Control Number 2070–0226) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through July 31, 2026. Public comments were previously requested via the **Federal Register** on December 2, 2025, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

DATES: Comments may be submitted on or before June 22, 2026.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA–HQ–OPP–2020–0273 to EPA online using www.regulations.gov (our preferred method) or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 2821T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

Prevention, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 566-1204; email address: Siu.Carolyn@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through July 31, 2026. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on December 2, 2025, during a 60-day comment period (90 FR 55315). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: This ICR covers pesticide registration collection activities supporting the statutorily mandated pesticide registration program under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA) and the Federal Food, Drug, and Cosmetic Act (FFDCA) as amended by the Food Quality Protection Act (FQPA). Such activities include pesticide registration, pesticide use, pesticide sale and distribution, pesticide permitting activities, determinations regarding whether a product must be regulated under FIFRA or Pesticide Tolerances all which are submitted electronically through the Agency's Central Data Exchange (CDX) system.

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form numbers: 8570-1, 8570-4, 8570-5, 8570-17, 8570-25, 8570-27, 8570-34, 8570-35, 8570-36 and 8570-37.

Respondents/affected entities: Entities potentially affected by this ICR include pesticide and other agricultural chemical manufacturing, research, and development in the physical, engineering, and life sciences, biological products (except diagnostic) manufacturing, colleges, universities, and professional schools, farm supplies

wholesalers, flower, nursery stock, and florist's supplies wholesalers, state government, other chemical and allied product merchant wholesalers, exterminating and pest control service, management, scientific, and technical consulting services. The North American Industrial Classification System (NAICS) codes are identified in question 12 of the supporting statement.

Respondent's obligation to respond: Mandatory. FIFRA and FFDCA.

Estimated number of respondents: 15,023 (total).

Frequency of response: On occasion.

Total estimated burden: 2,234,433 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated costs: \$172,873,497 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in the estimates: There is an increase of 59,385 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase reflects EPA's updating of burden estimates for this collection based upon historical information on the number of responses anticipated for some ICs (recorded as adjustments); and the inclusion of an additional prior ICR titled, Exemptions of Certain Plant Incorporated Protectants (PIPs) Derived from Newer Technologies (OMB Control Number 2070-0214; Rulemaking RIN-2070-AK54), which is considered program change. Based upon revised estimates and the inclusion of an additional IC, the total number of responses anticipated across categories has increased by 32,627 with a corresponding increase in the associated burden hours. While burden hours have increased, the annual total costs to respondents have decreased due to updated guidance on the calculation of overhead in fully loaded wages.

Courtney Kerwin,

Deputy Director, Data and Enterprise Programs Division.
