SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through May 31, 2026. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on August 25, 2025 during a 60-day comment period (90 FR 41391). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The EPA is consolidating the rule-related ICR titled, Methylene Chloride; Regulation under TSCA Section 6(a) (Final Rule; RIN 2070-AK70) (EPA ICR No. 2735.02; OMB Control No. 2070-0229) into Methylene Chloride; Regulation under TSCA Section 6(a) (EPA ICR No. 2556.04; OMB Control No. 2070-0204). Under TSCA (15 U.S.C. 2605(a)) this ICR enables the EPA to ensure the prohibition of the manufacture, process, and distribution of methylene chloride for all consumer use and most industrial and commercial uses and delay prohibition for two conditions: a requirement for a workplace chemical protection program (WCPP) and related workplace methylene chloride monitoring. This ICR covers the information collection activities for downstream notification requirements through Safety Data Sheets, WCPP-related information generation, recordkeeping, and notification requirements, recordkeeping for interim requirements for use of methylene chloride for refinishing wood pieces of artistic, cultural, or historic value and downstream notification for consumer use of paints and coatings.

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form Numbers: None.

Respondents/affected entities: Entities potentially affected by this ICR include North American Industrial Classification System (NAICS) codes 4246—Chemical and Allied Products Merchant Wholesaler firms and 3251—Basic Chemical Manufacturing firms.

Respondent's obligation to respond: Mandatory. Per 40 CFR 751 and 15 U.S.C. 2605(a).

Estimated number of respondents: 6,515 (total).

Frequency of response: On occasion.

Total estimated burden: 72,699 hours (per year). Burden is defined as 5 CFR 1320.03(b).

Total estimated cost: \$5,342,124 (per year), which includes \$4,583,912 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is increase of 72,692 hours in the total estimated respondent burden compared with that currently approved by OMB. This change, which is discussed in more detail in the ICR, reflects the consolidation of two ICRs into one. However, if the burden from the two original ICRs is considered there is an overall net decrease in burden to industry. This change is an adjustment.

Courtney Kerwin,

Deputy Director, Data and Enterprise Programs Division.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OLEM-2018-0105; FRL-13400-01-OMS]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Implementation of the Oil Pollution Act Facility Response Plan Requirements (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), Oil Pollution Act Facility Response Plans (EPA ICR Number 1630.15, OMB Control Number 2050-0135) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through May 31, 2026. Public

comments were previously requested via the **Federal Register** on November 17, 2025 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

DATES: Comments may be submitted on or before June 22, 2026.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OLEM-2018-0105, to EPA online using www.regulations.gov (our preferred method) or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through May 31, 2026. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on November 17, 2025 during a 60-day comment period (90 FR 51311). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional

information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The authority for EPA's facility response plan (FRP) requirements is derived from section 311(j)(5) of the Clean Water Act, as amended by the Oil Pollution Act of 1990. EPA's regulation is codified at 40 CFR 112.20 and 112.21 and related appendices. The owner or operator of a facility subject to 40 CFR 112.20 must prepare and submit an FRP to EPA based on the following applicability criteria: (1) The facility transfers oil over water to or from a vessel and has a total storage capacity of greater than or equal to 42,000 gallons; or (2) the facility's total oil storage capacity is greater than or equal to one million gallons and one or more of the following harm factors are met: insufficient secondary containment for aboveground storage tanks at the facility; a discharge of oil could cause injury to fish and wildlife and sensitive environments; a discharge of oil could shut down a drinking water intake; the facility has experienced a reportable oil discharge of 10,000 gallons or more in the last 5 years; or other factors considered by the Regional Administrator.

The purpose of an FRP is to help an owner or operator identify the necessary resources to respond to an oil discharge in a timely manner. If implemented effectively, the FRP will reduce the impact and severity of oil discharges and may prevent discharges because of the identification of risks at the facility. Although the owner or operator is the primary data user, EPA also uses the data in certain situations to ensure that facilities comply with the regulation and to help allocate response resources. State and local governments may use the data, which are not generally available elsewhere, and can greatly assist local emergency preparedness planning efforts. The EPA reviews all submitted FRPs and must approve FRPs for those facilities whose discharges may cause significant and substantial harm to the environment to ensure that facilities believed to pose the highest risk have planned for adequate resources and procedures to respond to oil discharges.

No information collected under the FRP rule is expected to be confidential. One of the criteria necessary for information to be classified as "proprietary business information" (40 CFR 2.208) is that a business must show that it has previously taken reasonable measures to protect the confidentiality of the information and that it intends to continue to take such measures. EPA provides no assurances of

confidentiality to facility owners or operators when they file their FRPs.

Form Numbers: None.

Respondents/affected entities:

Owners or operators of facilities required to have Spill Prevention, Control, and Countermeasure (SPCC) plans under the Oil Pollution Prevention regulation (40 CFR part 112) and that, because of their location, could reasonably be expected to cause substantial harm to the environment.

Respondent's obligation to respond: Mandatory under section 311(j)(5) of the Clean Water Act, as amended by the Oil Pollution Act of 1990.

Estimated number of respondents: 17,269 (total).

Frequency of response: Annual.

Total estimated burden: 319,919 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$16,046,491 (per year), which includes \$20,366 annualized capital or operation & maintenance costs.

Changes in the estimates: There is a decrease of 65,867 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is due to changes in the number of affected facilities, estimates of affected facilities by size and type, and labor rates.

Courtney Kerwin,

Deputy Director, Data and Enterprise Programs Division.

FEDERAL RESERVE SYSTEM

Change in Bank Control Notices; Acquisitions of Shares of a Savings and Loan Holding Company

The notificants listed below have applied under the Change in Bank Control Act ("Act") (12 U.S.C. 1817(j)) and of the Board's Regulation LL (12 CFR 238.31) to acquire shares of a savings and loan holding company. The factors that are considered in acting on the notices are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board's Freedom of Information Office at

<https://www.federalreserve.gov/foia/request.htm>. Interested persons may express their views in writing on the standards enumerated in paragraph 7 of the Act.

Comments received are subject to public disclosure. In general, comments received will be made available without change and will not be modified to remove personal or business information including confidential, contact, or other identifying information. Comments should not include any information such as confidential information that would not be appropriate for public disclosure.

Comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Benjamin W. McDonough, Secretary of the Board, 20th Street and Constitution Avenue NW, Washington, DC 20551-0001, not later than June 5, 2026.

A. Federal Reserve Bank of Cleveland (Jenni M. Frazer, Vice President) 1455 East Sixth Street, Cleveland, Ohio 44101-2566. Comments can also be sent electronically to

Comments.applications@clev.frb.org:

1. *Lance F. Osborne, individually, as trustee of the Osborne Capital Group Pension, and as trustee of the Osborne Capital Corp. 401K Plan, Osborne Capital Partners II, LLC, and Brian Osborne, as trustee of the L.F. Osborne Irrevocable Family Trust, all of Mentor, Ohio*; to join the Osborne Capital Corp, a group acting in concert, to acquire voting shares of First Niles Financial, Inc., and thereby indirectly acquire voting shares of Home Federal Savings and Loan Association of Niles Ohio, both of Niles, Ohio.

Board of Governors of the Federal Reserve System.
