#### Agency Information Collection Activities; Submission for OMB Review; Comment Request; Requirements for Approved Construction and Non-Construction Investments

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on February 10, 2026 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

*Agency:* Economic Development Administration (EDA), Commerce.

*Title:* Requirements for Approved Construction and Non-Construction Investments.

*OMB Control Number:* 0610-0096.

*Form Number(s):* None.

*Type of Request:* Reinstatement of a previously approved information collection with change.

*Number of Respondents:* 3,500.

*Average Hours per Response:* 2 hours.

*Burden Hours:* 7,000 hours.

*Needs and Uses:* EDA may award assistance for construction and non-construction projects through its Public Works and Economic Adjustment Assistance (EAA) Programs. Public Works Program investments help support the construction or rehabilitation of essential public infrastructure and facilities necessary to generate or retain private sector jobs and investments, attract private sector

capital, and promote vibrant economic ecosystems, regional competitiveness and innovation. The EAA Program provides a wide range of technical, planning and infrastructure assistance in regions experiencing adverse economic changes that may occur suddenly or over time.

EDA is seeking a reinstatement of the series of checklists and templates that constitute EDA's post-approval construction and non-construction tools. These checklists and templates, as well as any special conditions incorporated into the terms and conditions at the time of award, supplement the requirements that apply to EDA-funded projects.

EDA is also changing the name of the collection to reflect that it covers non-construction post award matters as well as construction post award matters.

*Affected Public:* Current recipients of EDA construction (Public Works or Economic Assistance Adjustment) awards, to include (1) cities or other political subdivisions of a state, including a special purpose unit of state or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (2) states; (3) institutions of higher education or a consortium of institutions of higher education; (4) public or private non-profit organizations or associations; (5) District Organizations; (6) Indian Tribes or a consortia of Indian Tribes; (7) economic development organizations; and (8) public-private partnerships for public infrastructure.

*Frequency:* One time, although some are periodic.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* The Public Works and Economic Development Act of 1965 (42 U.S.C. 3121 *et seq.*).

### Bureau of Industry and Security

#### Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Reporting of Violations of the Export Administration Regulations

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on February 24, 2026, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

*Agency:* Bureau of Industry and Security, Commerce.

*Title:* Reporting of Violations of the Export Administration Regulations.

*OMB Control Number:* 0694-0058.

*Form Number(s):* None.

*Type of Request:* Revision of a current information collection.

*Number of Respondents:* 660.

*Average Hours per Response:* 2 hours and 50 minutes.

*Burden Hours:* 1,870.

*Needs and Uses:* This collection of information is needed to detect violations of the Export Administration Regulations (EAR) and determine if an investigation or prosecution is necessary and to reach a settlement with violators. Reporting violations or imminent violations, whether through voluntary self-disclosures or based on information provided by those who have direct knowledge of possible violations of the EAR, strengthens BIS's enforcement efforts. The disclosure activities and burden associated with this collection allows BIS to begin and conduct investigations faster and with more accurate information than would be the

case if BIS had to detect the violations without such information or disclosures. BIS evaluates the seriousness of the violation and either (1) informs the person making the disclosure that no action is warranted; (2) issues a warning letter; (3) issues a proposed charging letter and attempts to settle the matter; (4) issues a charging letter if settlement is not reached; and/or (5) refers the matter to the U.S. Department of Justice for criminal prosecution.

BIS is revising the title of this collection of information to better reflect enforcement and protective measures associated with the full scope of disclosures that are covered in Part 764 of the EAR. In addition, with the modernization of its website ([www.bis.gov](http://www.bis.gov)), BIS will add questions for submission of online tips to make the submission process easier for the public and to allow BIS to more effectively triage and process a tip once it has been submitted.

*Affected Public:* Business or other for-profit organizations.

*Frequency:* On Occasion.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* EAR Sections 764.4 and 764.5.

This information collection request may be viewed at [www.reginfo.gov](http://www.reginfo.gov). Follow the instructions to view the Department of Commerce collections currently under review by OMB.

We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on February 24, 2026, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

*Agency:* Bureau of Industry and Security, Commerce.

*Burden Hours:* 510 hours.

*Needs and Uses:* This information is collected in order to respond to requests by Congress and industry to make foreign availability determinations in accordance with Section 768 of the Export Administration Regulations. Continued restrictions on exports when comparable items are available from uncontrollable sources decreases U.S. competitiveness in high technology industries and undermines U.S. national security interests. Exporters are encouraged to voluntarily submit data to support the contention that items controlled for export for national security reasons are available-in-fact, from a non-U.S. source, in sufficient quantity and of comparable quality so as to render the control ineffective.
