

this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

#### Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: May 18, 2026.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[RTID 0648-XF779]

#### New England Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The New England Fishery Management Council (Council) is scheduling a public meeting of its Habitat Committee via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council

for formal consideration and action, if appropriate.

**DATES:** This webinar will be held on Friday, June 12, 2026, at 9 a.m. Webinar registration URL information: <https://nefmc-org.zoom.us/meeting/register/SNbcPOqUSdWbgjKGTNjtg>.

**ADDRESSES:** Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

**FOR FURTHER INFORMATION CONTACT:** Cate O'Keefe, Ph.D., Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

#### SUPPLEMENTARY INFORMATION:

#### Agenda

The Habitat Committee will meet to consider how past and potential future scientific surveys and studies within two Dedicated Habitat Research Areas (Stellwagen DHRA, Georges Bank DHRA) address habitat research questions posed by the Council via Omnibus Habitat Amendment 2 and develop a recommendation to the Habitat Committee as to whether to request administrative removal of either designation. The Committee will also discuss scope, structure, and information sources for a review of the clam dredge exemption program within the Great South Channel Habitat Management Area and suggest refinements to the approach. They also plan to review draft essential fish habitat designations for groundfish, small mesh, and Atlantic sea scallops, and comment on spatial coverage of maps, key descriptions of habitat use to include in text, and additional information sources or experts that could be considered/consulted to improve each designation. Species list: Acadian redfish, American plaice, Atlantic halibut, Atlantic sea scallop, Atlantic wolffish, haddock, ocean pout, offshore hake, pollock, red hake, silver hake, white hake, windowpane flounder, winter flounder, witch flounder, and yellowtail flounder. At least 12 of the 16 species in the 2026 framework will be available for review at this meeting. The Committee will also receive an Ocean Planning update. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-

Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

#### Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Cate O'Keefe, Ph.D., Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

*Authority:* 16 U.S.C. 1801 *et seq.*

Dated: May 20, 2026.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Regional Coastal Observing Systems (RCOS)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on September 10, 2025 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

*Agency:* National Oceanic and Atmospheric Administration, Commerce.

*Title:* Regional Coastal Observing Systems (RCOS).

*OMB Control Number:* 0648-0672.

*Form Number(s):* None.

*Type of Request:* Regular submission [reinstatement with minor administrative change to update name of the program and reduce burden hours].

*Affected Public:* Business or other for-profit organizations; Not-for-profit institutions; State, Local, or Tribal government; Federal government.

*Number of Respondents:* 11.

*Average Hours per Response:* 75 hours.

*Total Annual Burden Hours:* 300.

*Needs and Uses:* This is a request for reinstatement of a previously approved information collection. The specific information collected has not changed since the original collection. The National Oceanic and Atmospheric Administration's (NOAA's) U.S. Integrated Ocean Observing System (IOOS) is a national-regional partnership working to provide new tools and forecasts to improve safety, enhance the economy, and protect our environment. The Integrated Coastal and Ocean Observation System Act of 2009 (Pub. L. 111–11) (ICOOS Act), as amended by the Coordinated Ocean Observations and Research Act of 2020 (COORA) (Pub. L. 116–271, Title I) (33 U.S.C. 3601–3610), directed the President, acting through the National Ocean Research Leadership Council, to establish a National Integrated Coastal and Ocean Observation System (System). 33 U.S.C. 3603(a). The ICOOS Act directs NOAA, as the lead Federal agency for implementing and administering the System, to “promulgate program guidelines—to certify and integrate regional associations into the System.” 33 U.S.C. 3603(c)(3)(C).

In response to the ICOOS Act's mandate, NOAA promulgated final regulations identifying program guidelines for the compliance procedures and requirements for certifying Regional Information Coordination Entities (RICEs), now known as Regional Coastal Observing Systems (RCOS). 15 CFR 997.1–997.26. The program guidelines identify the process and requirements for certifying the RCOSs. Submission of an application by an organization for certification as a RCOS is voluntary, and there is no deadline for an entity to submit an application to be certified. The organization's application is used to collect information required by IOOS's regulations in order for IOOS to certify the organization as an RCOS and integrate it into the System. When certified, RCOSs are integrated into the System through a memorandum of agreement with NOAA and for the purposes of determining that liability arising from the dissemination and use of observation data shall be considered part of NOAA, and, with respect to tort liability, designated employees of the

RCOS will be deemed to be an employee of the Federal government.

RCOSs operate regional observing networks throughout the United States, including the Pacific Islands and the Caribbean, and have implemented specific practices in regard to data collection, governance, and management. They must submit rigorous documentation of these practices to the IOOS offices for review and verification. This vetting process is thorough and requires a collaborative relationship between the organization and the IOOS Program staff.

*Affected Public:* Business or other for-profit organizations; Not-for-profit institutions; State, Local, or Tribal government; Federal government.

*Frequency:* Once every five years.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* 33 U.S.C. 3601–3610; 15 CFR 997.1–997.26.

This information collection request may be viewed at [www.reginfo.gov](http://www.reginfo.gov). Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0672.
