[Docket No. EF24–6–001]

Western Area Power Administration; Notice of Filing

Take notice that on May 14, 2026, Western Area Power Administration submitted a tariff filing: administrative correction to its eTariff records for a rate schedule to be effective April 1, 2026.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

Comment Date: 5:00 p.m. Eastern Time on June 4, 2026.

Dated: May 19, 2026.

SUPPLEMENTARY INFORMATION:

Title: NGA Section 311 Transactions and NGA Blanket Certificate Transactions.

OMB Control No.: 1902-0086.

Type of Request: Three-year extension of the FERC-549 information collection requirements with no proposed changes to the collection.

Abstract: FERC-549 implements portions of the following statutory provisions: (1) Section 311 of the Natural Gas Policy Act (NGPA) (15 U.S.C. 3371); (2) Section 4(f) of the Natural Gas Act (NGA) (15 U.S.C. 717c(f)); and (3) Section 7 of the NGA (15 U.S.C. 717f). The reporting requirements for implementing these provisions are contained in 18 CFR part 284. FERC received no comments on the 60-day notice.

Transportation by Interstate Pipelines for Intrastate Pipelines and Local Distribution Companies

Under section 311(a)(1) of the NGPA and 18 CFR 284.101 to .102, any interstate pipeline may transport natural gas without prior Commission approval "on behalf of" an intrastate pipeline or a local distribution company (LDC). The regulation at 18 CFR 284.102(d) provides that the transportation is not "on behalf of" an intrastate pipeline or an LDC unless one of three conditions is met:

- (1) The intrastate pipeline or LDC has physical custody of and transports the natural gas at some point; or
- (2) The intrastate pipeline or LDC holds title to the natural gas at some point, which may occur prior to, during, or after the time that the gas is being transported by the interstate pipeline, for a purpose related to its status and functions as an LDC; or
- (3) The gas is delivered at some point to a customer that either is located in an

LDC's service area or is physically able to receive direct deliveries of gas from an intrastate pipeline, and the LDC or intrastate pipeline certifies that it is on its behalf that the interstate pipeline is providing transportation service.

Before commencing service as described in 18 CFR 284.102(d)(3), the interstate pipeline that is providing the transportation must receive certification from the pertinent LDC or intrastate pipeline consisting of a letter from the intrastate pipeline or LDC authorizing the interstate pipeline to ship gas on its behalf, and sufficient information to verify that the service qualifies under 18 CFR 284.102.

Transportation by Intrastate Pipelines for Interstate Pipelines or LDCs Served by an Interstate Pipeline

Under section 311(a)(2) of the NGPA and 18 CFR 284.122 to .123, any intrastate pipeline may, without prior Commission approval, transport natural gas on behalf of any interstate pipeline or any LDC served by an interstate pipeline. No rate charged for such transportation may exceed a fair and equitable rate.

The regulation at 18 CFR 284.123(b) provides that intrastate gas pipeline companies must file for Commission approval of rates for services performed in the interstate transportation of gas. An intrastate gas pipeline company may elect to use rates contained in one of its then effective transportation rate schedules on file with an appropriate state regulatory agency for intrastate service comparable to the interstate service or file proposed rates and supporting information showing the rates are cost based and are fair and equitable. It is Commission policy that each pipeline must file at least every 5 years to ensure its rates are fair and equitable. Depending on the business process used, either 60 or 150 days after the application is filed, the rate is deemed to be fair and equitable unless the Commission either extends the time for action, institutes a proceeding or issues an order providing for rates it deems to be fair and equitable.

The regulation at 18 CFR 284.123(e) requires that within 30 days of commencement of new service any intrastate pipeline engaging in the transportation of gas in interstate commerce must file a statement that includes the interstate rates and a description of how the pipeline will engage in the transportation services, including operating conditions. If an intrastate gas pipeline company changes its operations or rates it must amend the statement on file with the Commission. Such amendment is to be filed not later
