

Continuation of Suspension of Liquidation

As a result of our *Preliminary Determination*, and pursuant to sections 703(d)(1)(B) and (d)(2) of the Act, Commerce instructed U.S. Customs and Border Protection (CBP) to collect cash deposits and suspend liquidation of entries of subject merchandise entered, or withdrawn from warehouse, for consumption on or after March 11, 2026, the date of publication of the *Preliminary Determination* in the **Federal Register**.

If the U.S. International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a countervailing duty order and require a cash deposit of estimated countervailing duties for such entries of subject merchandise in the amounts indicated above, in accordance with section 706(a) of the Act. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated, and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or cancelled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our final affirmative determination that countervailable subsidies are being provided to producers and exporters of palladium from Russia. Because Commerce's final determination is affirmative, in accordance with section 705(b) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of palladium from Russia. In addition, we are making available to the ITC all non-privileged and non-proprietary information in our files, provided that the ITC confirms that it will not disclose such information, either publicly or under administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance.

Administrative Protective Order

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO, in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is

hereby requested. Failure to comply with the regulations and the terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: May 19, 2026.

Christopher Abbott,

Deputy Assistant Secretary, for Policy and Negotiations, performing the non-exclusive functions and duties, of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The scope of this investigation is unwrought palladium. Unwrought palladium includes palladium, whether or not refined, in the form of ingots, blocks, lumps, billets, cakes, slabs, pigs, cathodes, anodes, briquettes, cubes, sticks, grains, sponge, pellets, shot, powder, and similar primary forms.

Unwrought palladium is covered by the scope regardless of production method. The scope includes unwrought palladium produced through ore extraction, unwrought palladium produced by recycling palladium-containing scrap, unwrought palladium produced by any other method, and blends of unwrought palladium produced by different methods.

The scope includes unwrought palladium that is commingled with unwrought palladium from sources not subject to this investigation or commingled with other metals. Only the subject unwrought palladium component of such commingled products is covered by the scope of this investigation.

Subject merchandise includes merchandise matching the above description that has been finished, packaged, or otherwise processed in a third country, including by refining, grinding, commingling, adding or removing additives (such as other metals), or performing any other finishing, packaging, or processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the subject country.

The covered merchandise is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 7110.21.0000. Unwrought palladium meeting the scope description may also enter under HTSUS subheading 7110.29.0000. Although the HTSUS subheadings are provided for convenience and for customs purposes, the written description of the subject merchandise is dispositive.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Okechamp S. A. The period of review (POR) is November 3, 2022, through April 30, 2024.

SUPPLEMENTARY INFORMATION:

Background

On September 11, 2025, Commerce published in the **Federal Register** the *Preliminary Results* of this administrative review.¹ This review covers one respondent, Okechamp.

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative

proceedings by 47 days.² Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.³

On February 19, 2026, Commerce extended the deadline for the final results by 51 days⁴ and, on May 7, 2026, Commerce extended the deadline by an additional nine days.⁵ Accordingly, the deadline for these final results is now May 18, 2026.

For a complete description of the events that occurred since Commerce published the *Preliminary Results*, see the Issues and Decision Memorandum.⁶ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁷

The merchandise subject to the *Order* is mushrooms from Poland. For a full description of the scope, see the Issues and Decision Memorandum.

Changes Since the Preliminary Results

Based on our review of the record, Commerce made certain revisions to the margin calculations for Okechamp. For a detailed discussion of the changes since the *Preliminary Results*, see the Issues and Decision Memorandum.

Final Results of Review

As a result of this review, we determine the following weighted-average dumping margin for the period November 3, 2022, through April 30, 2024:

Exporter/producer	Weighted average dumping margin (percent)
Okechamp S.A	2.55

Disclosure

Commerce intends to disclose the calculations performed for the final results of this review to parties in this proceeding within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the *Final Register*, in accordance with 19 CFR 351.224(b).⁸

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Because Okechamp's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent) in the final results of this review, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is zero or *de minimis* (*i.e.*, less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties.

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by Okechamp for which it did not know that the merchandise it sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for

the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for subject merchandise exported by Okechamp will be equal to the weighted-average dumping margin established in these final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or a completed prior segment of this proceeding but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 34.32 percent,¹⁰ the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with

⁹ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

¹⁰ See *Order*.

⁸ See 19 CFR 351.224(b).

this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: May 18, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
