#### High Purity Dissolving Pulp From Norway: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) preliminarily determines that high purity dissolving pulp (dissolving pulp) from Norway is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is July 1, 2024, through June 30, 2025. Interested parties are invited to comment on this preliminary determination.

**DATES:** Applicable May 27, 2026.

**FOR FURTHER INFORMATION CONTACT:** Braeden Lowe, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-9124.

#### SUPPLEMENTARY INFORMATION:

##### Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on September 8, 2025.<sup>1</sup> Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.<sup>2</sup> Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System

(ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.<sup>3</sup> On February 18, 2026, Commerce postponed the preliminary determination of this investigation and the revised deadline is now May 18, 2026.<sup>4</sup>

For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.<sup>5</sup> A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

#### Scope of the Investigation

The product covered by this investigation is dissolving pulp from Norway. For a complete description of the scope of this investigation, *see* Appendix I.

#### Scope Comments

In accordance with the *Preamble* to Commerce's regulations,<sup>6</sup> the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).<sup>7</sup> Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, *see* the Preliminary Scope Decision Memorandum.<sup>8</sup>

<sup>8</sup> *See* Memorandum, "Less-Than-Fair-Value Investigations of High Purity Dissolving Pulp from Brazil and Norway and Countervailing Duty Investigation of High Purity Dissolving Pulp from Brazil: Preliminary Scope Decision Memorandum," dated concurrently with this preliminary determination (Preliminary Scope Decision Memorandum).

Commerce is preliminarily not modifying the scope language as it appeared in the *Initiation Notice*. *See* the scope in Appendix I to this notice.

#### Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export price in accordance with section 772(a) of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying the preliminary determination, *see* the Preliminary Decision Memorandum.

#### All-Others Rate

Sections 733(d)(1)(ii) and 735(c)(5)(A) of the Act provide that in the preliminary determination Commerce shall determine an estimated all-others rate for all exporters and producers not individually examined. This rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act.

Commerce calculated an individual estimated weighted-average dumping margin for Borregaard AS (Borregaard), the only individually examined exporter/producer in this investigation. Because the only individually calculated dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, the estimated weighted-average dumping margin calculated for Borregaard is the estimated weighted-average dumping margin assigned to all other producers and exporters, pursuant to section 735(c)(5)(A) of the Act.

#### Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

Exporter or producer	Estimated weighted-average dumping margin (percent)
Borregaard AS .....	6.54
All Others .....	6.54

#### Suspension of Liquidation and Cash Deposit Requirements

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from

<sup>1</sup> *See* High Purity Dissolving Pulp from Brazil and Norway: Initiation of Less-Than-Fair-Value Investigations, 90 FR 43168 (September 8, 2025) (*Initiation Notice*).

warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit for estimated antidumping duties, as follows: (1) the cash deposit rate for subject merchandise exported by Borregaard will be equal to the company-specific estimated weighted-average dumping margin determined in this preliminary determination; (2) if the exporter is not a company identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin.

These suspension of liquidation instructions and cash deposit requirements will remain in effect until further notice.

#### Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

#### Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

#### Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this

investigation.<sup>9</sup> Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.<sup>10</sup> Interested parties who submit case or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.<sup>11</sup>

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.<sup>12</sup> Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).<sup>13</sup>

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain (1) the party's name, address, and telephone number; (2) the number of participants, and whether any participant is a foreign national; and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

#### Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the

event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce's regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On May 11, 2026, pursuant to 19 CFR 351.210(e), Borregaard requested that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months.<sup>14</sup> In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the preliminary determination is affirmative; (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

#### U.S. International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, Commerce will notify the ITC of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

#### Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act, and 19 CFR 351.205(c).

**Appendix I**

**Scope of the Investigation**

The merchandise subject to this investigation is high purity dissolving pulp, which is a dissolving pulp with an alpha cellulose percentage of 90 percent by weight or higher on an oven dry basis, as calculated by:  $\alpha \text{ cellulose percentage} = (100 - S10) + 0.5 * (S10 - S18)$  where S10 and S18 values are determined by International Organization for Standardization (ISO) 692:1982, and having a brightness level of 90 percent or higher, as measured by ISO 2470-1:2016. High purity dissolving pulp may be derived from any virgin or recycled cellulose fiber source (including, but not limited to, those sourced from hardwoods, softwoods, woody crops, agricultural crops/byproducts/residue, and agricultural/industrial/other waste). High purity dissolving pulp may be produced from a chemical pulping process including without limitation a kraft (sulfate) pulping and/or sulfite pulping process.

High purity dissolving pulp can be shipped in any form, including, but not limited to, a liquid slurry or in any dried form such as flakes, powder, granules, pellets, shreds, rolls and sheets.

The scope includes merchandise matching the above description that has been finished, packaged, or otherwise processed in a third country, including but not limited to processes such as commingling, blending, diluting, repackaging, or any other process that would not otherwise remove the merchandise from the scope of the investigations if performed in the subject country. The scope also includes high purity dissolving pulp that is commingled or blended with high purity dissolving pulp from sources not subject to this investigation. Only the subject component of such commingled or blended products is covered by the scope of this investigation.

Excluded from the scope is high purity dissolving pulp with an intrinsic viscosity under 455 milliliters per gram (mL/g), as measured by ISO 5351:2010.

Also excluded from the scope is cotton linters pulp that consists of at least 90 percent by weight, on an oven-dried basis, of cotton linters fibers.

High purity dissolving pulp products are classified under subheadings 4701.00.0020 and 4702.00.0040, of the Harmonized Tariff Schedule of the United States (HTSUS). High purity dissolving pulp products may also enter under subheadings 4706.30.0000 or 4706.92.0100. Reference to HTSUS classifications is provided for convenience and customs purposes, and the written description of the merchandise under investigation is dispositive.
