

Background

On March 4, 2021, Commerce published the *Order* in the **Federal Register**.¹ On February 2, 2026, Commerce published the notice of initiation of this first sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930 (the Act).² On February 17, 2026, Commerce received a timely and complete notice of intent to participate in the sunset review for domestic interested parties within the deadline specified in the 19 CFR 351.218(d)(1)(i).³ The domestic interested parties claimed the interested party status within the meaning of section 771(9)(C) of the Act as a domestic producer of vertical shaft engines.⁴ On February 24, 2026, Commerce notified the U.S. International Trade Commission (ITC) that it had received a notice of intent to participate from the domestic interested parties.⁵

On March 4, 2026, pursuant to 19 CFR 351.218(d)(3)(i), domestic interested parties filed a timely and adequate substantive response.⁶ Commerce did not receive a substantive response from any respondent interested party. On March 27, 2026, Commerce notified the ITC that it did not receive substantive response from any respondent interested parties.⁷ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce is

conducting an expedited (120-day) sunset review of the *Order*.

Scope of the Order

The product covered by these *Order* is certain large vertical shaft engines between 225cc and 999cc, and parts thereof from China. For the full description of the scope of the *Order*, see the Issues and Decisions Memorandum.⁸

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *Order* and the magnitude of the margins likely to prevail if the *Order* were to be revoked, is provided in the accompanying Issues and Decision Memorandum.⁹ A list of the topics discussed in the Issues and Decision Memorandum is attached in the Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be directly accessed at <https://access.trade.gov/frnotices>.

Final Results of Sunset Review

Pursuant to sections 751(c)(1), 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Order* would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 468.33 percent.

Notification Regarding Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials, or conversion to judicial protective, orders is hereby requested. Failure to comply

with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218 and 19 CFR 351.221(c)(5)(ii).

SUPPLEMENTARY INFORMATION:

ESA Listed Species Covered in This Notice

Southern Oregon/Northern California Coast Coho salmon (*Oncorhynchus kisutch*)

Evolutionarily Significant Unit: threatened, naturally produced, and artificially propagated.

Background

The Yurok Tribe submitted a TRMP for review under the ESA Tribal 4(d) Rule. Under Section 4 of the ESA, the Secretary of Commerce (Secretary) is required to adopt such regulations as deemed necessary and advisable for the conservation of species listed as threatened. The ESA salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160, June 28, 2005) specifies categories of activities that contribute to the conservation of listed salmonids and sets criteria for such activities to qualify as limits on take prohibitions. The ESA Tribal 4(d) Rule (65 FR 42481, July 10, 2000) states that the take prohibitions of ESA Section 9 will not apply to a TRMP provided that the Secretary has determined that the TRMP will not appreciably reduce the likelihood of survival and recovery for the listed species (50 CFR 223.204(a)).

The Yurok Tribe's TRMP provides a framework through which tribal salmon fisheries can be implemented while meeting requirements specified under the ESA. The TRMP describes the proposed fisheries, establishes limits for harvest, and describes monitoring and reporting provisions associated with the fisheries. The TRMP management objective is for the Tribe to conduct fisheries in a manner that does not appreciably reduce the likelihood of survival and recovery of ESA-listed coho salmon.

NMFS has analyzed the effects of the TRMP on ESA-listed salmon and steelhead species and has concluded that the TRMP would not appreciably reduce the likelihood of survival and recovery of ESA-listed species, while providing for the proposed tribal harvest opportunities. Our determination depends upon implementation of all of the monitoring, evaluation, reporting tasks or assignments, and enforcement activities included in the TRMP, and that the fisheries stay within the impact limits described in the TRMP.

Summary of Comments Received on the Proposed Evaluation and Pending Determination

Prior to making a final determination on Tribal Plans, NMFS must take comments on its pending determination as to whether or not implementation of the plan will appreciably reduce the likelihood of survival and recovery of ESA-listed salmonids (50 CFR 223.204(b)(3)). NMFS assessed the TRMP and prepared a Proposed Evaluation and Pending Determination (PEPD). The PEPD was posted on the NMFS website and a notice of availability was posted in the **Federal Register** on July 28, 2025 (90 FR 35512). The public comment period expired on August 27, 2026. We received one comment letter on the information contained in the PEPD, which is addressed in the final Evaluation and Recommended Determination (ERD). The PEPD and the final ERD are available at: <https://www.fisheries.noaa.gov/action/tribal-resource-management-plan-trmp-yurok-tribe>.

Title: Native American Tribal Insignia Database.

OMB Control Number: 0651–0048.

Abstract: The Trademark Law Treaty Implementation Act of 1998 (Pub. L. 105–330, 302, 112 Stat. 3071) requires the USPTO to study issues surrounding the protection of the official insignia of federally and state-recognized Native American tribes under trademark law. The USPTO conducted the study and presented a report to the House and Senate Judiciary Committees on November 30, 1999.¹ One of the recommendations made in the report was that the USPTO create and maintain an accurate and comprehensive database containing the official insignia of all federally and state-recognized Native American tribes. In accordance with this recommendation, the Senate Committee on Appropriations directed
