

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *Order* and the magnitude of the margins likely to prevail if the *Order* were to be revoked, is provided in the accompanying Issues and Decision Memorandum.⁹ A list of the topics discussed in the Issues and Decision Memorandum is attached in the Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be directly accessed at <https://access.trade.gov/fnotices>.

Final Results of Sunset Review

Pursuant to sections 751(c)(1), 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Order* would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 221.06 percent.

Notification Regarding Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials, or conversion to judicial protective, orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218 and 19 CFR 351.221(c)(5)(ii).

Dated: May 26, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Xanthan Gum From the People's Republic of China: Notice of Court Decision Not in Harmony With the Results of Antidumping Duty Administrative Review; Notice of Amended Final Results

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On May 12, 2026, the U.S. Court of International Trade (CIT) issued its final judgment in *Neimenggu Fufeng Biotechnologies Co., Shandong Fufeng Fermentation Co., Ltd., and Xinjiang Fufeng Biotechnologies Co., Ltd., and Meihua Group International (Hong Kong) Limited and Xinjiang Meihua Amino Acid Co., Ltd., v. United States*, Court No. 23–00068, sustaining the U.S. Department of Commerce's (Commerce) second remand results pertaining to the administrative review of the antidumping duty (AD) order on xanthan gum from the People's Republic of China (China) covering the period July 1, 2020, through June 30, 2021. Commerce is notifying the public that the CIT's final judgment is not in harmony with Commerce's final results of the administrative review, and that Commerce is amending the final results with respect to the dumping margin assigned to Fufeng Biotechnologies Co., Ltd. (aka Inner Mongolia Fufeng Biotechnologies Co., Ltd.), Shandong Fufeng Fermentation Co., Ltd., and Xinjiang Fufeng Biotechnologies Co., Ltd. (collectively, Fufeng), and Meihua Group International Trading (Hong

Kong) Limited, Langfang Meihua Biotechnology Co., Ltd., and Xinjiang Meihua Amino Acid Co., Ltd. (collectively, Meihua).

DATES: Applicable May 21, 2026.

SUPPLEMENTARY INFORMATION:

Background

On February 15, 2023, Commerce published its *Final Results* in the 2020–2021 AD administrative review of xanthan gum from China.¹ Commerce calculated a weighted average dumping margin of 17.36 percent for its sole mandatory respondent, Fufeng.² Commerce also assigned Fufeng's weighted average dumping margin to eligible separate rate entities (*i.e.*, Meihua).³

Fufeng and Meihua appealed Commerce's *Final Results*. On December 16, 2024, the CIT remanded the *Final Results* to Commerce, ordering Commerce to: (1) explain its determination to directly value energy; and (2) failure to address arguments regarding the Harmonized System (HS) subheading for coal.⁴

In its first remand redetermination, issued on May 5, 2025, Commerce found that: (1) its direct valuation of Fufeng's energy factors of production was appropriate; and (2) Commerce's decision to value coal using HS 2701.12.9000 was proper.⁵ The CIT sustained Commerce's direct valuation of energy and remanded Commerce's decision to value coal using HS 2701.12.9000 for a second time.⁶

In its final remand redetermination, issued on April 30, 2026, Commerce found HS 2701.19 rather than 2701.12.9000 was the proper HS subheading for valuing Fufeng's coal

factor of production (FOP).⁷ Commerce’s application of HS 2701.19 when valuing the coal factor of production (FOP) reduced Fufeng’s weighed average dumping margin to 0.00 percent.⁸ The CIT sustained Commerce’s final redetermination.⁹

Timken Notice

In its decision in *Timken*,¹⁰ as clarified by *Diamond Sawblades*,¹¹ the

U.S. Court of Appeals for the Federal Circuit held that, pursuant to section 516A(c) and (e) of the Tariff Act of 1930, as amended (the Act), Commerce must publish a notice of court decision that is not “in harmony” with a Commerce determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s May 12, 2026, judgment constitutes a final decision of the CIT that is not in

harmony with Commerce’s *Final Results*. Thus, this notice is published in fulfillment of the publication requirements of *Timken*.

Amended Final Results

Because there is now a final court judgment, Commerce is amending its *Final Results* with respect to Fufeng, and Meihua as follows:

Exporter	Weighted-average dumping margin (percent)
Neimenggu Fufeng Biotechnologies Co., Ltd. (aka Inner Mongolia Fufeng Biotechnologies Co., Ltd.)/Shandong Fufeng Fermentation Co., Ltd./Xinjiang Fufeng Biotechnologies Co., Ltd	0.00
Non-Individually Examined Companies Receiving a Separate Rate	
Meihua Group International Trading (Hong Kong) Limited/Langfang Meihua Biotechnology Co., Ltd./Xinjiang Meihua Amino Acid Co., Ltd	0.00

We note that Jianlong Biotechnology Co., Ltd.’s (formerly, Inner Mongolia Jianlong Biochemical Co., Ltd) (Jianlong), and Deosen Biochemical (Ordos) Ltd.’s, Deosen Biochemical Ltd.’s (collectively, Deosen) rates of 17.36 percent remain unchanged from the *Final Results* as their rates were not subject to litigation.

Cash Deposit Requirements

Because Fufeng and Meihua have a superseding cash deposit rate, *i.e.*, there have been final results published in a subsequent administrative review, we will not issue revised cash deposit instructions to U.S. Customs and Border Protection (CBP). This notice will not affect the current cash deposit rate.

Liquidation of Suspended Entries

At this time, Commerce remains enjoined by CIT order from liquidating entries that: were exported by Fufeng, and Meihua and were entered, or withdrawn from warehouse, for consumption during the period July 1, 2020, through June 30, 2021. These entries will remain enjoined pursuant to the terms of the injunction during the pendency of any appeals process.

In the event the CIT’s ruling is not appealed, or, if appealed, upheld by a final and conclusive court decision, Commerce intends to instruct CBP to assess antidumping duties on unliquidated entries of subject merchandise exported by Fufeng and Meihua in accordance with 19 CFR

351.212(b). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate is not zero or *de minimis*. Where an import-specific *ad valorem* assessment rate is zero or *de minimis*,¹² we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(c) and (e) and 777(i)(1) of the Act.

Dated: May 22, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Certain Large Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof From the People’s Republic of China: Final Results of the Expedited First Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on certain large vertical shaft engines between 225cc and 999cc, and parts thereof (vertical shaft engines) from the People’s Republic of China (China) would be likely to lead to continuation or recurrence of dumping, at the levels indicated in the “Final Results of Sunset Review” section of this notice.
