Schedule for the Decision-Making Process

The EIS and Record of Decision are anticipated to be available in summer 2027.

Public Scoping Process

This notice of intent initiates the scoping period. Public meetings will be held as described above under the **DATES** section.

Responsible Official

Ammon Wilhelm, Field Manager, Owyhee Field Office.

Nature of Decision To Be Made

The BLM will consider the following: (1) approval of the MPO as proposed by DMC; (2) approval of the MPO subject to changes or conditions necessary to meet the performance standards of 43 CFR 3809.420 and to prevent UUD of public lands; or (3) denial of the MPO if operations were found to result in UUD.

Additional Information

The BLM will utilize and coordinate the NEPA process to help support compliance with applicable procedural requirements under the Endangered Species Act (16 U.S.C. 1536) and Section 106 of the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3), including public involvement requirements of Section 106. The information about historic and cultural resources and threatened and endangered species within the area potentially affected by the proposed project will assist the BLM in identifying and evaluating impacts to such resources.

The BLM will consult with Indian Tribal Nations on a government-to-government basis in accordance with Executive Order 13175, BLM Manual Section 1780, and other Departmental policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with Indian Tribal Nations and other stakeholders that may be interested in or affected by the proposed DeLamar Mine Project that the BLM is evaluating, are invited to participate in the scoping process and, if eligible, may request or

be requested by the BLM to participate in the development of the environmental analysis as a cooperating agency.

Background

On April 9, 2026, United States Steel Corporation (Pittsburgh, Pennsylvania) and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union (Pittsburgh, Pennsylvania) filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of tin mill products from China and LTFV imports of tin mill products from China, Taiwan, and Turkey. Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 14, 2026 (91

FR 19201). The Commission conducted its conference on April 30, 2026. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on May 26, 2026.
