

participants should meet on the Mississippi River Shoreline in the boat launch parking lot on the Missouri side of the river, immediately downstream of the Melvin Price Locks and Dam, located at Riverlands Drive, West Alton, Missouri 63386. All participants are responsible for their own transportation, must remain in publicly accessible spaces, and must wear closed-toe shoes/boots for walking in uneven/sloped terrain around the proposed project area. Participants should not bring children or pets. Anyone with questions about the site visit should contact Wayne Krouse at wayne@hgenergy.com (preferably), or by phone at (877) 556-6566 ext. 709 on or before June 16, 2026.

Meeting Procedures

Agencies, Tribes, NGOs, and individuals with environmental expertise and concerns are encouraged to attend the meetings and to assist the staff in defining and clarifying the issues to be addressed in the NEPA document. At the start of each meeting, Commission staff will provide a brief overview of the meeting format and objectives. Individual oral comments will be taken on a one-on-one basis with a court reporter (with Commission staff present). This format is designed to receive the maximum number of oral comments in a convenient way during the timeframe allotted. If you wish to speak, Commission staff will hand out numbers in the order of your arrival. If all individuals who wish to provide comments have had an opportunity to do so, Commission staff may conclude the meeting a half hour earlier than the scheduled time. Please see Appendix A of the SD1 for additional information on the session format and conduct.¹

Scoping comments will be recorded by the court reporter and become part of the public record for this proceeding. Transcripts will be publicly available on FERC's eLibrary system. If a significant number of people are interested in providing oral comments in the one-on-one settings, a time limit may be implemented for each commentator. It is important to note that the Commission provides equal consideration to all comments received, whether filed in writing or provided orally at a scoping session. Although there will not be a formal presentation, Commission staff will be available throughout the scoping

SUPPLEMENTARY INFORMATION:

Title: FERC-714, Annual Electric Balancing Authority Area and Planning Area Report.

OMB Control No.: 1902-0140.

Type of Request: Three-year extension of the FERC-714 information collection requirements with no changes to the current reporting requirements.

Abstract: The Commission uses the FERC-714 data to analyze power system operations. These analyses estimate the effect of changes in power system operations resulting from the installation of a new generating unit or plant, transmission facilities, energy transfers between systems, and/or new points of interconnections. The FERC-714 data assists in providing a broad picture of interconnected balancing authority area operations including: comprehensive information of balancing authority area generation, actual and scheduled inter-balancing authority area power transfers, and net energy for load, summer and winter generation peaks and system lambda. The Commission also uses the data to prepare status reports on the electric utility industry including a review of inter-balancing authority area bulk power trade information. The Commission uses the collected data from planning areas to monitor forecasted demands by electric utilities with fundamental demand responsibilities and to develop hourly demand characteristics.

Type of Respondent: Electric utility balancing authorities and planning areas in the United States.

Estimate of Annual Burden:¹ The Commission estimates the annual public reporting burden and cost² (rounded)

¹ Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to 5 CFR 1320.3.

² The hourly cost (for salary plus benefits) uses the figures from the Bureau of Labor Statistics, May 2025, for the listed reporting requirements. These figures include salary (https://www.bls.gov/oes/current/naics2_22.htm) and benefits <http://www.bls.gov/news.release/ecec.nr0.htm>) and are:

Management (Code 11-0000), \$83.41/hr.

Computer and mathematical (Code 15-0000), \$68.74/hr.

Southern Star Central Gas Pipeline, Inc.; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on May 15, 2026, Southern Star Central Gas Pipeline, Inc. (Southern Star), 4700 State Route 56, Owensboro, Kentucky 42301, filed in the above referenced docket, a prior notice request pursuant to sections 157.205 and 157.208 of the Commission's regulations under the Natural Gas Act (NGA), and Southern Star's blanket certificate issued in Docket No. CP82-479-000, for authorization to relocate approximately 2 miles of 16-inch-diameter pipeline on

its Line ES, and to upgrade and relocate the Clinton Town Border (Clinton TB) Meter Setting. All of the above facilities are located in Douglas County, Kansas (Clinton Town Border & Pipeline ES Relocation Project). The project will allow Southern Star to accommodate the Kansas Department of Transportation's South Lawrence Trafficway improvements by relocating co-located facilities. The estimated cost for the project is approximately \$19 million, all as more fully set forth in the request, which is on file with the Commission and open to public inspection.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on July 27, 2026. How to file protests, motions to intervene, and comments is explained below.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation (OPP) at (202) 502-6595 or OPP@ferc.gov.

Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,¹ any person² or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,³ and must be submitted by the protest deadline, which is 5:00 p.m. Eastern Time on July 27, 2026. A protest may also serve as a motion to intervene
