

(b) Provide certification to the OSHA Concord Area Office within 15 working days of the incident that OJD informed affected workers of the incident and the results of the incident investigation (including the root-cause determination and preventive and corrective actions identified and implemented).

(c) Notify the OTPCA and the OSHA Concord Area Office within 15 working days and in writing, of any change in the compressed-air operations that affects OJD's ability to comply with the proposed conditions specified herein.

(d) Upon completion of the Cemetery Brook Drain Tunnel Project, evaluate the effectiveness of the decompression tables used throughout the project, and provide a written report of this evaluation to the OTPCA and the OSHA Concord Area Office within 30 days after the workers' final day onsite.

Note: The evaluation report would have to contain summaries of: (1) The number, dates, durations, and pressures of the hyperbaric interventions completed; (2) decompression protocols implemented (including composition of gas mixtures (air and/or oxygen), and the results achieved; (3) the total number of interventions and the number of hyperbaric incidents (decompression illnesses and/or health effects associated with hyperbaric interventions as recorded on OSHA Form 301 Injuries and Illness Incident Report and OSHA Form 300 Log of Work-Related Injuries and Illnesses, and relevant medical diagnoses, and treating physicians' opinions); and (4) root causes of any hyperbaric incidents, and preventive and corrective actions identified and implemented.

(e) To assist OSHA in administering the proposed conditions specified herein, inform the OTPCA and the OSHA Concord Area Office as soon as possible, but no later than seven (7) days, after it has knowledge that it will:

- (i) Cease doing business;
- (ii) Change the location and address of the main office for managing the tunneling operations specified herein; or
- (iii) Transfer the operations specified herein to a successor company.

(f) Notify all affected employees of this proposed permanent variance by the same means required to inform them of its application for a permanent variance.

2. OSHA would have to approve the transfer of the permanent variance to a successor company through a new application for a permanent variance.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[NASA Document Number: 26–031]

Name of Information Collection: NASA Software Release Request System

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Revision of an existing information collection.

SUMMARY: NASA, as part of its continuing effort to reduce paperwork and respondent burden, under the Paperwork Reduction Act (PRA), invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: Comments are due by June 29, 2026.

ADDRESSES: Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under Review—Open for Public Comments”.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to NASA PRA Clearance Officer, Stayce Hoult, NASA Headquarters, 300 E Street SW, JC0000, Washington, DC 20546, or email stayce.d.hoult@nasa.gov or hq-ocio-pra-program@mail.nasa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

NASA Software Release Request System (SRRS) is a workflow tool that allows Agency Software Release Authorities (SRAs) to easily develop and route software release documents, such as the Software Release Request Authorization (SRRA) and Section 508 Compliance Matrix in an automated fashion. SRAs have the added ability to perform parallel routing, including the

use of time-based email reminders, tracking and reporting progress on the processing of the software release requests so they can effectively manage this process at their respective centers. Software owners/developers can submit the Software Release Requests or view their submitted Software Release Requests that may need their attention. NASA is committed to effectively performing the Agency's communication function in accordance with the Space Act Section 203 (a)(3) to “provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof,” and to enhance public understanding of, and participation in, the nation's aeronautical and space program.

II. Methods of Collection

Web Based—only accessible via NASA's internal network.

III. Data

Title: NASA Software Release Request System (SRS).

OMB Number: 2700–0175.

Type of Review: Revision of an Existing Information Collection.

Affected Public: NASA Funded Contractors and Government Employees.

Estimated Annual Number of Activities: 1.

Estimated Number of Respondents per Activity: 110.

Estimated Time per Response: 240 minutes.

Estimated Total Annual Burden Hours: 440 hours.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection.

They will also become a matter of public record.

Stacey Hoult,

PRA Clearance Officer, National Aeronautics and Space Administration.
