

time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following amended cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for OARC will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 5.29 percent *ad valorem*, the all-others rate established in the LTFV investigation.⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business

proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published in accordance with sections 751(h) and 777(i)(1) of the Act and 19 CFR 351.224(e).

Dated: May 22, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Form NIST-366A: Request for Personal Radiation Monitoring Services

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before July 28, 2026.

ADDRESSES: Interested persons are invited to submit written comments by mail to Maureen O'Reilly, Management Analyst, by email to PRANIST@nist.gov. Please reference OMB Control Number 0693-0086 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or specific questions related to collection activities should be directed to Manuel Mejias, Radiation Safety Officer (also Chief of the Radiation Safety Division), NIST, 100 Bureau Drive, Gaithersburg, MD 20899-1731, 301-975-5022, manny.mejias@nist.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is to seek clearance for the collection of routine information requested of individuals (including but not limited to federal employees, visitors, contractors, associates) who work with or around sources of ionizing radiation on the NIST campus. Some changes are being made to take into account other monitoring needs across NIST.

The information is collected for the following purposes:

(1) NIST is required by 10 CFR 20.1502 to monitor individuals who may be exposed to ionizing radiation above specific levels. This form will be used to collect information associated with this monitoring and to determine the type of monitoring required.

(2) NIST is required by 10 CFR 20.2106 to maintain records of radiation exposure monitoring. This form will be used to ensure the exposure information collected is properly associated with the individual using unique identifiers. In addition, NIST must provide reports to the monitored individuals when requested and to the NRC annually. This form will be used to ensure the correct information is provided to the individual.

II. Method of Collection

The information will be collected in paper format and electronically as a pdf form.

III. Data

OMB Control Number: 0693-0086.

Form Number(s): NIST 366-A.

Type of Review: Regular submission, revision of a current information collection.

Affected Public: Individuals.

Estimated Number of Respondents: 600.

Estimated Time per Response: 15 minutes.

Estimated Total Annual Burden Hours: 150 hours.

Estimated Total Annual Cost to Public: 0.

Respondent's Obligation: Mandatory.

Legal Authority: 10 CFR 20.1502 and 10 CFR 20.2106.

⁹ See *Common Alloy Aluminum Sheet from Bahrain, Brazil, Croatia, Egypt, Germany, India, Indonesia, Italy, Oman, Romania, Serbia, Slovenia, South Africa, Spain, Taiwan and the Republic of Turkey: Antidumping Duty Orders*, 86 FR 22139 (April 27, 2021) (*Order*).

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Departmental PRA Compliance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510–13–P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket No.: NIST 2026–0034]

RIN 0693–XC138

NIST Artificial Intelligence Consortium

AGENCY: National Institute of Standards and Technology (NIST), Department of Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST), an agency of the United States Department of Commerce, previously announced the formation of the Artificial Intelligence Safety Institute Consortium (“AISIC”) through a publication dated November 2, 2023 (88 FR 75276). AISIC brought together more than 280 organizations to develop science-based and empirically

backed guidelines and standards for artificial intelligence (AI) measurement, laying a foundation for global AI metrology. Through this succeeding notice, NIST is announcing the retitling of AISIC as the NIST Artificial Intelligence Consortium (“Consortium”), revising the scope of the Consortium’s research, and reissuing its invitation to organizations to submit letters of interest in order to collaborate with NIST, non-profit organizations, industry leaders, universities, and other agencies of the Federal Government in addressing the challenges associated with the development and deployment of AI-based innovations. In support of NIST’s directives under the National Artificial Intelligence Initiative Act of 2020 (Pub. L. 116–283), in accordance with Executive Order 14179 issued January 23, 2025 (Removing Barriers to American Leadership in Artificial Intelligence), and as mandated by America’s AI Action Plan, issued July 2025, NIST will utilize the Consortium to empower the collaborative establishment of a new measurement science that will enable the identification of proven, scalable, and interoperable techniques and metrics to promote the development and use of AI. Interested organizations should describe the technical expertise and products, data, and/or models that they will bring to the Consortium to support the Consortium’s collaborative research activities. Participation in the Consortium is open to all interested organizations that can contribute their expertise, products, data, and/or models to the Consortium activities. Selected participants will be required to enter into a Consortium Cooperative Research and Development Agreement (CRADA) with NIST. At NIST’s discretion, entities that are not legally permitted to enter into CRADAs pursuant to law may be allowed to participate in the Consortium under a separate non-CRADA agreement. Organizations that are already members of the Consortium (“Consortium Members”) are not required to reapply to NIST but may be asked to sign amendments to their current agreements with NIST that reflect the refocused direction of the Consortium.

DATES: The Consortium’s collaborative research activities are ongoing. NIST will accept letters of interest from new organizations to participate in this Consortium on an ongoing basis with regular periods of review for new applicants, likely occurring biannually. The first period of review will begin within 60 days of the publication of this notice, and selection determinations

will subsequently be communicated to applicants. Existing Consortium Members will not be required to submit new letters of interest but may be asked to sign amendments to their current agreements within a similar timeframe.

ADDRESSES: Completed letters of interest may be submitted via the letter of interest webform at <https://www.nist.gov/artificial-intelligence/artificial-intelligence-consortium/LOI>, by email to aiconsortium@nist.gov, or with a hardcopy to: National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8900, Gaithersburg, MD 20899. Organizations whose letters of interest are accepted in accordance with the process set forth in the **SUPPLEMENTARY INFORMATION** section of this notice will be asked to sign a Consortium Cooperative Research and Development Agreement (CRADA) with NIST. The Consortium CRADA template will be made available to selected applicants by NIST’s Technology Partnerships Office (TPO).

FOR FURTHER INFORMATION CONTACT:

J’aime Maynard, Consortia Agreements Officer, NIST’s Technology Partnerships Office (TPO), by email to agreements@nist.gov or by mail to 100 Bureau Drive, Mail Stop 2200, Gaithersburg, MD 20899. Please direct all media inquiries to NIST’s Public Affairs Office (PAO) by email to inquiry@nist.gov or by phone at (301) 975–2762.

SUPPLEMENTARY INFORMATION:

Background: NIST supports the United States in developing standards around emerging technologies, including AI and AI-related systems. In 2019, President Trump issued the first ever Executive Order on AI (E.O. 13859, Maintaining American Leadership in Artificial Intelligence) (84 FR 3967, February 14, 2019), recognizing that American leadership in AI is of paramount importance to maintaining the economic and national security of the United States. Through Executive Order 14179 (Removing Barriers to American Leadership in Artificial Intelligence) (90 FR 8741, January 23, 2025), President Trump directed the development of an AI Action Plan to sustain and enhance America’s global AI dominance in order to promote human flourishing, economic competitiveness, and national security. Released in July 2025, America’s AI Action Plan instructs NIST to convene this Consortium to empower the collaborative establishment of new measurement science that will enable the identification of proven, scalable, and interoperable techniques and metrics to promote the development of AI.
