#### Discussion

At the meetings, the Coast Guard will provide a short presentation that summarizes the Proposed Action evaluated in the draft PEIS/OEIS. The Coast Guard will then receive oral comments from those in attendance. Attendees and those unable to attend may also submit written comments to the online docket.

Under the Proposed Action, the Coast Guard would establish vessel routing measures along the Atlantic Coast from the U.S.-Canada maritime border in the Gulf of Maine to Miami, FL, including one fairway anchorage near Delaware Bay. This Proposed Action encompasses three areas: (1) the fairways and other vessel routing measures from Long Island, New York to St. Lucie, Florida and one fairway anchorage near Delaware Bay, as proposed in the January 19, 2024 notice of proposed rulemaking (NPRM) titled "Shipping Safety Fairways Along the Atlantic Coast" (89 FR 3587); (2) potential fairways and other vessel routing measures in the Gulf of Maine described in the November 19, 2024 advance notice of proposed rulemaking (ANPRM) titled "Shipping Safety Fairways in the Gulf of Maine" (89 FR 91296); and (3) a zone that the Coast Guard may, in the future, consider establishing additional routing measures off the coasts of South Carolina, Georgia, and Florida (the "Southeast Zone").

The draft PEIS/OEIS also evaluates the purpose and need for the Proposed Action, potential impacts, and a reasonable range of alternatives. The draft PEIS/OEIS will inform the Coast Guard's decision-making, including any related future rulemaking actions arising from the NPRM and ANPRM referenced in the analysis (89 FR 3587; 89 FR 91296).

This notice is issued pursuant to 42 U.S.C. 4332.
