*Title and OMB Number:* Subcontracting Policies and Procedures—DoD FAR Supplement Part 244; OMB Control Number 0704–0253.

*Affected Public:* Businesses or other for-profit and not-for-profit institutions.

*Respondent's Obligation:* Required to obtain or retain benefits.

*Frequency:* On occasion.

*Number of Respondents:* 22.

*Responses per Respondent:* 2.

*Annual Responses:* 44.

*Needs and Uses:* Administrative contracting officers use the information in making decisions to approve or disapprove a contractor's purchasing system. The disapproval of a contractor's purchasing system would necessitate Government consent to individual subcontracts and possibly prompt a financial withhold or other Government rights and remedies. DFARS 244.305, Granting, Withholding, or Withdrawing Approval, provides policy guidance for administrative contracting officers to determine the acceptability of the contractor's purchasing system and approve or disapprove the system, at the completion of the in-plant portion of a contractor purchasing system review, and to pursue correction of any material weaknesses with the contractor. DFARS clause 252.244–7001, Contractor Purchasing System Administration, requires the contractor to respond within 30 days to a written initial determination from the contracting officer that identifies material weaknesses in the contractor's purchasing system. The contracting officer will evaluate the contractor's response to this initial determination and notify the contractor in writing of any remaining material weaknesses, the adequacy of any proposed or completed corrective action, and system disapproval if the contracting officer determines that one or more material weaknesses remain. If the contractor receives the contracting officer's final determination of material weaknesses, the contractor has 45 days to either correct the material weaknesses or submit an acceptable corrective action plan.
