Gap Period Liquidation

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant “gap” period of the order (*i.e.*, the period following the expiry of provisional measures and before definitive measures were put into place), if such a gap period is applicable to the POR.

Administrative Protective Orders and Letters of Appearance

Interested parties must submit applications for disclosure under administrative protective orders in accordance with the procedures outlined in Commerce’s regulations at 19 CFR 351.305. Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (*e.g.*, the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

Factual Information Requirements

Commerce’s regulations identify five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). These regulations require any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The regulations, at 19 CFR 351.301, also provide specific time limits for such factual submissions based on the type of factual information being submitted. Please review the *Final Rule*,⁹ available

at <https://www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf>, prior to submitting factual information in this segment. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁰

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information using the formats provided at the end of the *Final Rule*.¹¹ Commerce intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable certification requirements.

Extension of Time Limits Regulation

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by Commerce.¹² In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning CBP data; and (5) Q&V questionnaires. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. Certain Activated Carbon From the People’s Republic of China: Amended Final Results of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is amending its final results of the administrative review of the antidumping duty (AD) order on certain activated carbon from the People’s Republic of China (China) to correct ministerial errors. The period of review (POR), April 1, 2023, through March 31, 2024.

DATES: Applicable June 2, 2026.

FOR FURTHER INFORMATION CONTACT: Andrew Hart or Nathan Araya, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1058 or (202) 482–3401, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 23, 2026, Commerce published in the **Federal Register** the final results of the 2023–2024 administrative review of the antidumping duty order on activated

carbon from China.¹ On May 6, 2026, we received timely submitted ministerial error allegations from Calgon Carbon Corporation and Norit Americas, Inc. (the petitioners), and the mandatory respondents, Datong Juqiang Activated Carbon Co., Ltd. (DJAC), and Ningxia Huahui Environmental Technology Co., Ltd. (Ningxia Huahui).² We received no other ministerial error comments from interested parties. Commerce is amending the *Final Results* to correct the ministerial errors.

Legal Framework

Section 751(h) of the Tariff Act of 1930, as amended (the Act), defines a “ministerial error” as including “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other unintentional error which the administering authority considers ministerial.”³ With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce “will analyze any comments received and, if appropriate, correct any . . . ministerial error by amending the final results of review . . .”

Ministerial Error

Commerce reviewed the record, and we agree that some of the errors alleged by the mandatory respondents constitute ministerial errors within the meaning of section 735(e) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.224(f).⁴ Specifically, with regard to DJAC, we find that we made inadvertent errors related to the exclusion of a by-product offset, the calculation of its electricity surrogate value, and the calculation of packing expenses.⁵ With regards to Ningxia Huahui, we find that we inadvertently utilized both Malaysian imports and exports while calculating Ningxia

Huahui’s by-product average unit value and inadvertently mislabeled a unit of measure in its final surrogate value excel sheet.⁶ Additionally, consistent with our adjustment to Century Chemicals Works Sedirian Berhad’s (Century) selling, general and administrative expenses ratio, Commerce is adjusting Century’s profit ratio by including the corresponding capped interest income figures.⁷

Pursuant to 19 CFR 351.224(e), Commerce is amending the *Final Results* to reflect the correction of the ministerial errors, as described in the Ministerial Error Memorandum.⁸ Based on the corrections, DJAC’s final dumping margin remains unchanged at 0.00 dollars per kilogram and Ningxia Huahui’s final dumping margin changed from 0.56 dollars per kilogram to 0.04 dollars per kilogram. As a result, we are also revising the rate assigned to the non-individually examined separate rate companies from 0.56 dollars per kilogram to 0.04 dollars per kilogram. The amended estimated weighted-average dumping margins are listed in the “Amended Final Results” section below.

For a complete discussion of the ministerial error allegation, as well as Commerce’s analysis, see the accompanying Ministerial Error Memorandum.⁹ The Ministerial Error Memorandum is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>.

Amended Final Results

As a result of correcting these ministerial errors described above, Commerce determines that the following estimated weighted-average dumping margins exist for the period April 1, 2023, through March 31, 2024:

Exporter	Weighted-average dumping margin (USD per kg) ¹⁰
Datong Juqiang Activated Carbon Co., Ltd	0.00

⁶ *Id.* at 4.

⁷ *Id.* at 4–5.

⁸ *Id.*

⁹ *Id.*

¹⁰ In the second administrative review of the *Order*, Commerce determined that it would calculate per-unit weighted-average dumping margins and assessment amounts for all future reviews. See *Certain Activated Carbon from the People’s Republic of China: Final Results and Partial Rescission of Second Antidumping Duty Administrative Review*, 75 FR 70208, 70211 (November 17, 2010).

¹¹ See Appendix.

Exporter	Weighted-average dumping margin (USD per kg) ¹⁰
Ningxia Huahui Environmental Technology Co., Ltd	0.04
Separate Rate Applicable For Non-Selected Companies Under Review ¹¹	0.04

Disclosure

Commerce intends to disclose the calculations performed in connection with these amended final results of review to interested parties within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the amended final results of this review. The amended final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the amended final results of this review and for future deposits of estimated duties, where applicable.¹²

Where an importer (or customer) specific *ad valorem* or per-unit rate is zero or de minimis, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties, in accordance with 19 CFR 351.106(c)(2). For Ningxia Huahui, Commerce will calculate importer-specific assessment rates for antidumping duties, in accordance with 19 CFR 351.212(b)(1)(ii). For entries that were not reported in the U.S. sales database by the exporter individually-examined during this review, Commerce will instruct CBP to liquidate such entries at the China-wide rate.¹³ For the respondents that were not selected for individual examination in this administrative review but qualified for a separate rate, the per unit assessment rate will be the rate established for these companies in these amended final results of review.

For the six companies identified in the appendix to this notice as part of the China-wide entity, we will instruct CBP

to apply the China-wide per-unit assessment rate to all entries of subject merchandise made during the POR which were exported by those companies.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the amended final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following amended cash deposit requirements will be effective upon the publication of the *Final Results* of this review for shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) the amended cash deposit rate for DJAC and Ningxia Huahui and the other companies not individually examined in this review will be equal to the weighted-average dumping margin that is established in the amended final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above or in Appendix I that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 2.42 USD/kg); and (4) for all non-Chinese exporters of subject merchandise that have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to

comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice serves as the final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these amended final results of administrative review in accordance with sections 751(h) and 777(i) of the Act and 19 CFR 351.224(e).

Dated: May 27, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
