

In light of the previous Commission orders approving other national securities exchanges' rules to allow trading during the times that coincide with the Overnight Trading Session, and the substantive similarity of the Exchange's Amended Proposal to existing exchange rules, Amendment No. 1 does not raise any new or novel regulatory issues. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,⁶¹ to approve the Amended Proposal, prior to the thirtieth day after the date of publication of the notice of Amendment No. 1 thereof in the **Federal Register**.

VI. Conclusion

For the reasons set forth above, the Commission finds that the proposed rule change, as amended by Amendment No. 1, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange and, in particular, the requirements of Section 6(b)(5) of the Act.⁶²

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁶³ that the proposed rule change (SR-CBOEEDGX-2026-019) be, as amended by Amendment No. 1, be, and is hereby, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶⁴

Sherry R. Haywood,
Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-105579; File No. SR-CboeBZX-2026-043]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Update Rule 11.26(a)

May 29, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 15, 2026, Cboe BZX Exchange, Inc. (the "Exchange" or "BZX") filed with the Securities and Exchange Commission

(the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. ("BZX" or the "Exchange") proposes to update Rule 11.26(a) regarding the public disclosure of the sources of data that the Exchange utilizes when performing: (i) order handling; (ii) order routing; (iii) order execution; and (iv) related compliance processes to reflect the planned operation of the Texas Stock Exchange LLC ("TXSE") as a registered national securities exchange⁵ beginning between July 2, 2026, and July 17, 2026.⁶ The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Commission's website (<https://www.sec.gov/rules/sro.shtml>), the Exchange's website (https://www.cboe.com/us/equities/regulation/rule_filings/bzx/), and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update Rule 11.26(a) regarding the public disclosure of the sources of data that the Exchange utilizes when performing: (i) order handling; (ii) order routing; (iii) order execution; and (iv) related compliance processes to reflect the operation of the TXSE as a registered national securities exchange.

On September 30, 2025, the Commission approved TXSE's application to register as a national securities exchange.⁷ As part of its transition to exchange status, TXSE announced that it plans to commence trading on its exchange between July 2, 2026 and July 17, 2026.⁸ The Exchange, therefore, proposes to update Rule 11.26(a) regarding the public disclosure of the sources of data that the Exchange utilizes when performing: (i) order handling; (ii) order routing; (iii) order execution; and (iv) related compliance processes to reflect the operation of TXSE as a registered national securities exchange beginning between July 2, 2026 and July 17, 2026. Specifically, the Exchange proposes to amend Rule 11.26(a) to include TXSE by stating it will utilize TXSE market data from the Consolidated Quotation System ("CQS")/UTP Quotation Data Feed ("UQDF") for purposes of order handling, routing, execution, and related compliance processes.

Additionally, on January 29, 2026, Nasdaq BX filed with the Commission a proposal to convert from a corporation organized under the laws of the state of Delaware to one organized under the laws of the state of Texas and changed its name from Nasdaq BX, LLC to Nasdaq Texas, LLC.⁹ The Exchange accordingly proposes a conforming change to its rules to replace the name of Nasdaq BX with Nasdaq Texas. Specifically, the Exchange proposes to replace one reference to "BX" in Rule 11.26(a) with "Texas."

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with

Section 6(b) of the Act,¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹¹ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that its proposal to update Exchange Rule 11.26(a) to include TXSE and reference Nasdaq Texas will ensure that the Rule correctly identifies and publicly states on a market-by-market basis all of the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance checks related to each of those functions. The proposed rule change also removes impediments to and perfects the mechanism of a free and open market and protects investors and the public interest because it provides additional specificity, clarity and transparency.

In addition, the proposed amendments would reduce potential investor and market participant confusion and therefore remove impediments to and perfect the mechanism of a free and open market and a national market system by ensuring that investors and market participants can more easily navigate, understand, and comply with the Exchange's rules. The Exchange also believes that the proposed amendments remove impediments to and perfects the mechanism of a free and open market by ensuring that persons subject to the Exchange's jurisdiction, regulators, and the investing public can more easily navigate and understand the Exchange's rules. The proposed amendments would not be inconsistent with the public interest and the protection of investors because investors will not be harmed and in fact would benefit from the increased transparency and clarity, thereby reducing potential confusion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes its proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance

of the purposes of the Act. To the contrary, the Exchange believes the proposal would enhance competition because including all of the exchanges enhances transparency and enables investors to better assess the quality of the Exchange's execution and routing services.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6)¹³ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹⁴ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁵ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule changes may become operative upon filing. In the filing, the Exchange stated it is proposing these changes to reflect the launch of TXSE as a national securities exchange and reflect the name change of Nasdaq BX to Nasdaq Texas that will allow the Exchange to identify on a market-by-market basis all the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance checks related to each of those functions. The

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁴ 17 CFR 240.19b-4(f)(6).

¹⁵ 17 CFR 240.19b-4(f)(6)(iii).

Commission has published a similar prior proposed rule change by the Exchange to disclose via its rules the data feeds it currently utilizes for order handling, routing, execution, and related compliance processes.¹⁶ The proposed rule changes do not raise any novel issues, and waiver of the operative delay allows for the immediate clarification of the Exchange's rules to reflect these changes. Therefore, waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposal operative upon filing.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235-0636]

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension: Rule 0-2 Under the Investment Company Act of 1940, General Requirements of Papers and Applications

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("SEC" or "Commission") is soliciting comments on the proposed collection of information.

Several sections of the Investment Company Act of 1940 ("Act" or "Investment Company Act")¹ give the Securities and Exchange Commission ("Commission") the authority to issue orders granting exemptions from the Act's provisions. The section that grants broadest authority is section 6(c), which provides the Commission with authority to conditionally or unconditionally exempt persons, securities or transactions from any provision of the Investment Company Act, or the rules or regulations thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of

investors and the purposes fairly intended by the policy and provisions of the Act.² Congress enacted section 6(c) to give the Commission the flexibility to address unforeseen or changed circumstances in the investment company industry. Rule 0-2 under the Investment Company Act,³ entitled "General Requirements of Papers and Applications," prescribes general instructions for filing an application seeking exemptive relief with the Commission.

Rule 0-2(c)(1) requires that every application for an order for which a form is not specifically prescribed and which is executed by a corporation, partnership or other company and filed with the Commission contain a statement of the applicable provisions of the articles of incorporation, bylaws or similar documents, relating to the right of the person signing and filing such application to take such action on behalf of the applicant, and a statement that all such requirements have been complied with and that the person signing and filing the application is fully authorized to do so. If such authorization is dependent on resolutions of stockholders, directors, or other bodies, such resolutions must be attached as an exhibit to or quoted in the application. Any amendment to the application must contain a similar statement as to the applicability of the original statement of authorization. When any application or amendment is signed by an agent or attorney, rule 0-2(c)(1) requires that the power of attorney evidencing his authority to sign shall state the basis for the agent's authority and shall be filed with the Commission. Every application subject to rule 0-2 must be verified by the person executing the application by executing an instrument in substantially the form specified in the rule. Each application subject to rule 0-2 must state the reasons why the applicant is deemed to be entitled to the action requested, the name and address of each applicant, and the name and address of any person to whom any questions regarding the application should be directed. Electronic filing of all applications for orders under the Investment Company Act is mandatory. Each application subject to rule 0-2 is a one-time request and the rule itself does not impose any ongoing obligations or burdens on the part of an applicant. Compliance with rule 0-2 is required to obtain or retain benefits.

We estimate that approximately 139 registrants use rule 0-2 to make

exemptive applications.⁴ Based on conversations with fund representatives and the Commission's experience with the use of rule 0-2, we estimate that the reporting burden of compliance with rule 0-2 is approximately 20 hours per respondent. This time is spent, for example, preparing the application to submit to the Commission. Accordingly, we calculate the total estimated annual internal burden of complying with rule 0-2 to be approximately 2,780 hours. We estimate the annual external costs to be \$10,341,600. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the SEC, including whether the information will have practical utility; (b) the accuracy of the SEC's estimate of the burden imposed by the proposed collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on respondents, including through the use of automated, electronic collection techniques or other forms of information technology.

Please direct your written comments on this 60-Day Collection Notice to Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Ruttenberg via email to PaperworkReductionAct@sec.gov by August 3, 2026. There will be a second opportunity to comment on this SEC request following the **Federal Register** publishing a 30-Day Submission Notice.

Dated: June 1, 2026.

Assistant Secretary.

⁴ This estimate is based on the annual average of the number of total exemptive applications for the three year period ended December 2025 (1,251 applications/3 = 417), of which approximately 2/3 are amendments (417 × (2/3) = 139 new exemptive applications).
