DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Generic Clearance for the Collection of Qualitative Feedback on National Security and Emergency Preparedness Communications (NSEPC)

AGENCY: Cybersecurity and Infrastructure Security Agency (CISA), Department of Homeland Security (DHS).

ACTION: 30-day notice of information collection; request for comment; collection request, (request for OMB control number).

SUMMARY: The Emergency Communications Division within Cybersecurity and Infrastructure Security Agency (CISA) submits the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance. CISA previously published this information collection request (ICR) in the **Federal Register** on July 18, 2025 for a 60-day public comment period. No comments were received by CISA. The purpose of this notice is to allow additional 30-days for public comments.

DATES: Comments are encouraged and will be accepted until July 6, 2026.

Submissions received after the deadline for receiving comments may not be considered.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open

for Public Comments” or by using the search function.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

FOR FURTHER INFORMATION CONTACT: If additional information is required contact: Antonio Branham, 202–981–1930, Antonio.branham@mail.cisa.dhs.gov.

SUPPLEMENTARY INFORMATION: Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. Congress passed Public Law 109–295 in 2006, which included Subtitle D, SEC. 671 ‘Emergency Communications’, also referred to as the ‘21st Century Emergency Communications Act of 2006’. The legislation established the Department of Homeland Security (DHS) Office of Emergency Communications, which was retitled in 2018 as the Emergency Communications Division (ECD) (hereafter “the Agency”) within CISA, to spearhead the development and implementation efforts, on behalf of emergency responders and government officials across public and private sectors, of an extensive approach to advancing national interoperable communications capabilities.

Under Subtitle D, SEC. 1801. Office of Emergency Communications, 6 U.S.C. 571(c), the following requirements and responsibilities were established for the Director for Emergency Communications to:

(4) conduct extensive, nationwide outreach to support and promote the ability of emergency response providers and relevant government officials to continue to communicate in the event of
