

should clarify whether its procedures and policies apply to all personnel.

V. Conclusion

For the reasons set forth above, the Register is continuing the designations of the MLC and DLC, which the Librarian approves. The MLC has demonstrated that it continues to meet each of its statutory criteria for redesignation and that its individual Board members are well qualified to serve on its Board pursuant to the statute. Similarly, the DLC has demonstrated that it continues to meet each of its statutory criteria for designation, and that its individual Board members are well qualified to serve on its Board pursuant to the statute.

As each designation is being continued, there is no need to amend the Office's regulations at this time.

SUPPLEMENTARY INFORMATION:

I. Abstract

The NASA Front Door (NFD) is an online/web-based tool that will serve as a centralized digital hub to help facilitate engagement between individuals, organizations, and the workforce of NASA, providing personalized support, guidance, and efficient access to NASA's extensive programs, opportunities, resources, and expertise. The information collection will consist of general contact information, interest/intake information and when appropriate, demographic information as part of registration profile. The information will be reviewed by NASA representatives to route individuals, organizations and the workforce of NASA to relevant NASA services, opportunities, resources, and/or expertise.

NASA is committed to effectively performing the Agency's communication function in accordance with Section 203(a)(3) of the National Aeronautics and Space Act of 1958 (as amended) dictates that NASA “provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof”, and to enhance public understanding of, and participation in, the nation's aeronautical and space program.

II. Methods of Collection

Online/web-based tool built on a Salesforce platform.
