

Based on the current structure of the market, the Commission staff believes that the recordkeeping and review requirements under Rule 15c2-11 apply to 196 broker-dealers, one qualified interdealer quotation system (“QIDQS”), and one registered national securities association (“RNSA”). Based on information provided by the Financial Industry Regulatory Authority, Inc. (“FINRA”), the Commission staff understands that in the 2024 calendar year, 266 Form 211 applications were filed to initiate the publication or submission of quotations of OTC securities: 76 of these Forms 211 concerned OTC securities of prospectus issuers, Regulation A (“Reg. A”) issuers, and reporting issuers; 163 concerned OTC securities of “exempt foreign private issuers”; and 27 concerned OTC securities of “catch-all issuers.” The collection of information that is submitted to FINRA for review and approval is currently not available to the public from FINRA. Commission staff estimates that the total annual burden of the information collection requirements prescribed in the Rule is 1,771,343 hours.

The required **Federal Register** notice with a 60-day comment period soliciting comments on this collection of information was published. One comment was received. The comment requested additional information and was not related to the collection requirement itself or to the estimated burdens.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202604-3235-013 or email comment to MBX.OMB.OIRA.SEC_desk_officer@omb.eop.gov within 30 days of the day after publication of this notice, by July 6, 2026.

Dated: June 2, 2026.

Sherry R. Haywood,

Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-105591; File No. SR-CboeBZX-2026-027]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Designation of a Longer Period for Commission Action on a Proposed Rule Change To List and Trade Shares of the BondBloxx Private Credit Trust Under BZX Rule 14.11(f), Trust Issued Receipts

June 1, 2026.

On April 6, 2026, Cboe BZX Exchange, Inc. (“BZX”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade shares of the BondBloxx Private Credit Trust under BZX Rule 14.11(f), Trust Issued Receipts. The proposed rule change was published for comment in the **Federal Register** on April 22, 2026.³

Section 19(b)(2) of the Act⁴ provides that within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day after publication of the notice for this proposed rule change is June 6, 2026. The Commission is extending this 45-day time period.

The Commission finds it appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change and the issues raised therein. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁵ designates July 21, 2026, as the date by which the Commission shall either approve or disapprove, or institute proceedings to determine whether to

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-105589; File No. SR-NYSEAMER-2026-44]

Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Modify the NYSE American Options Fee Schedule Regarding Fees and Rebates Applicable to Manual Transactions

June 1, 2026.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (“Act”) ² and Rule 19b-4 thereunder,³ notice is hereby given that, on May 19, 2026, NYSE American LLC (“NYSE American” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify the NYSE American Options Fee Schedule (“Fee Schedule”) regarding fees and rebates applicable to Manual transactions. The proposed rule change is available on the Exchange’s website at www.nyse.com and at the principal office of the Exchange.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at

⁶ 17 CFR 200.30-3(a)(31).

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend the Fee Schedule to modify fees and rebates applicable to Manual transactions. Specifically, the Exchange proposes to (1) amend fees applicable to Manual transactions in non-Penny issues executed by e-Specialists, Market Makers, and Specialists (collectively, "Market Makers"), and (2) establish a rebate payable to Floor Broker orders that trade with a Market Maker order on the Trading Floor. The Exchange proposes the fee change to be effective May 19, 2026.⁴

The Exchange proposes to amend Section I.A. of the Fee Schedule, which sets forth rates for Electronic and Manual transactions, in both Penny and non-Penny issues. Currently, a \$0.50 per contract fee applies to Market Makers' Manual transactions in non-Penny issues (except for Manual transactions in MXEA, MXEF, MXUSA, MXWLD, and MXACW). The Exchange proposes to increase this fee to \$1.00 per contract.

The Exchange also proposes to establish a rebate of \$0.20 per contract payable to Floor Broker orders that trade with Market Maker orders on the Trading Floor. For Floor Brokers that participate in the FB Prepay Program, the proposed rebate would apply in lieu of any rebates earned through the Manual Billable Rebate Program as provided in Section III. E. of the Fee Schedule. The Exchange proposes to add new text to Section III.E. of the Fee Schedule describing the proposed rebate.

The Exchange believes that the proposed rebate would continue to incentivize Floor Brokers to participate

⁴ The Exchange previously filed to amend the Fee Schedule on January 2, 2026 (SR-NYSEAMER-2026-01), then withdrew such filing and amended the Fee Schedule on January 16, 2026 (SR-NYSEAMER-2026-04), then withdrew such filing and amended the Fee Schedule on January 28, 2026 (SR-NYSEAMER-2026-08), then withdrew such filing and amended the Fee Schedule on March 10, 2026 (SR-NYSEAMER-2026-19), then withdrew such filing and amended the Fee Schedule on April 22, 2026 (SR-NYSEAMER-2026-32), and then withdrew such filing and amended the Fee Schedule on May 6, 2026 (SR-NYSEAMER-2026-38), which latter filing the Exchange withdrew on May 19, 2026. The Exchange notes that previous versions of this filing proposed changes to a complex order surcharge that are not included in this filing.

on the Trading Floor, including when the counterparty to such trading is a Market Maker. In addition, although the proposed change to the Market Maker fee for Manual transactions in non-Penny issues would increase the fee for such executions, the Exchange believes the proposed change, taken together with the proposed Floor Broker rebate would, on balance, not discourage Market Makers from continuing to participate in transactions on the Trading Floor, thereby promoting trading opportunities and competition on the Trading Floor to the benefit of all market participants. The Exchange also notes that the amount of the proposed fee for Market Maker Manual transactions in non-Penny issues is within the range of fees currently in place for transactions by Market Makers (and other market participants) in non-Penny issues.⁵

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,⁷ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Proposed Rule Change Is Reasonable

The Exchange operates in a highly competitive market. The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system "has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies."⁸

There are currently 18 registered options exchanges competing for order

⁵ See, e.g., Fee Schedule, Section I.A., Rates for Options transactions (providing for \$0.85 fee for Broker-Dealer, Firm, Non-NYSE American Options Market Maker, and Professional Customer electronic transactions in non-Penny issues and \$0.95 fee for Market Maker electronic transactions in non-Penny issues (inclusive of Marketing Charges applicable to such transactions)).

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(4) and (5).

⁸ See Securities Exchange Act Release No. 51808 (June 9, 2005), 70 FR 37496, 37499 (June 29, 2005) (S7-10-04) ("Reg NMS Adopting Release").

flow. Based on publicly-available information, and excluding index-based options, no single exchange has more than 16% of the market share of executed volume of multiply-listed equity and ETF options trades.⁹ Therefore, currently no exchange possesses significant pricing power in the execution of multiply-listed equity and ETF options order flow. More specifically, in March 2026, the Exchange had 9.86% market share of executed volume of multiply-listed equity and ETF options trades.¹⁰ In such a low-concentrated and highly competitive market, no single exchange possesses significant pricing power in the execution of options order flow. Within this environment, market participants can freely and often do shift their order flow among the Exchange and competing venues in response to changes in their respective pricing schedules.

The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can shift order flow or discontinue or reduce use of certain categories of products, in response to fee changes. Accordingly, competitive forces constrain options exchange transaction fees.

The Exchange believes that the proposed rebate would incentivize Floor Brokers to direct additional Manual orders to the Exchange, thereby creating more trading opportunities on the Trading Floor for all market participants, including Market Makers. The Exchange thus believes that, despite the proposed change to increase the fee applicable to Market Makers' Manual transactions in non-Penny issues, Market Makers would not be discouraged from continuing to quote and trade actively on the Exchange. The Exchange also believes that the amount of the proposed fee for Market Maker Manual transactions in non-Penny issues is reasonable, as it remains within the range of fees set forth in the Fee Schedule for transactions by Market Makers in non-Penny issues and more closely aligns with the fee applicable to electronic transactions by Market Makers in non-Penny issues.

⁹ The OCC publishes options and futures volume in a variety of formats, including daily and monthly volume by exchange, available here: <https://www.theocc.com/Market-Data/Market-Data-Reports/Volume-and-Open-Interest/Monthly-Weekly-Volume-Statistics>.

¹⁰ Based on a compilation of OCC data for monthly volume of equity-based options and monthly volume of equity-based ETF options, see *id.*, the Exchange's market share in equity-based options increased from 6.83% for the month of March 2025 to 9.86% for the month of March 2026.

The Exchange believes that the proposed changes are reasonably designed to incent Floor Brokers (and other participants on the Trading Floor) to increase the number of Manual orders sent to the Exchange. Any increase in trading volume would create more trading opportunities for all market participants and would in turn attract additional order flow to the Exchange, further contributing to a deeper, more liquid market to the benefit of all market participants. The Exchange also notes that the proposed rebate is similar in structure to incentive programs for Floor Brokers offered by competing options exchanges.¹¹

The Exchange further believes the proposed change is reasonable because it is designed to offset costs associated with the proposed Floor Broker rebate. To the extent this purpose is achieved, the Exchange believes that the proposed change would not disincentivize Market Maker activity on the Trading Floor because increased order flow from Floor Brokers seeking to earn the proposed rebate would result in more opportunities to trade for all market participants. In addition, the Exchange notes that market participants are free to conduct transactions on competing venues instead if they believe other markets offer more favorable fees and credits.

To the extent the proposed rule change continues to attract greater volume and liquidity by encouraging Floor Brokers to increase their options volume on the Exchange in an effort to earn the proposed rebate, the Exchange believes the proposed changes would improve the Exchange's overall competitiveness and strengthen its market quality for all market participants. Against the backdrop of the competitive environment in which the Exchange operates, the proposed rule change is a reasonable attempt by the Exchange to increase the depth of its market and improve its market share relative to its competitors.

¹¹ See, e.g., BOX Exchange Fee Schedule, Section V. Manual Transaction Fees, available at <https://boxexchange.com/assets/BOX-Fee-Schedule-as-of-January-22-2026.pdf> (offering Floor Brokers that submit QOO and FOO Orders a \$0.20 per contract enhanced rebate for executions that trade with a Floor Market Maker, in lieu of lesser per contract rebates also available to Floor Brokers); MIAX Sapphire Options Exchange, Section 1) c) Trading Floor Transactions, available at https://www.miaxglobal.com/sites/default/files/fee-schedule-files/MIAX_Sapphire_Fee_Schedule_01212026_b.pdf (providing for the "Floor Broker Breakup Credit," a \$0.20 credit applicable to Floor Brokers that submit a QFO or cQFO for executions that trade with a Floor Market Maker, instead of the \$0.10 Floor Broker rebate otherwise available).

The Proposed Rule Change Is an Equitable Allocation of Credits and Fees

The Exchange believes the proposed rule change is an equitable allocation of its fees and credits because the proposed rebate is based on the amount and type of business transacted on the Exchange, and Floor Brokers can try to earn the proposed rebate, or not. The Exchange also believes that the proposed change to the fee applicable to Market Maker Manual transactions in non-Penny issues is equitable because it is designed to balance costs associated with encouraging increased execution opportunities on the Trading Floor, and an increase in such orders would in turn enhance trading opportunities for all market participants. In addition, the proposed fee is within the range of fees currently applicable to transactions by Market Makers and other market participants in non-Penny issues. The Exchange also believes that the proposed rebate to Floor Brokers is an equitable allocation of fees and credits because it is intended to support Floor Brokers' role in facilitating the execution of Manual orders, which function benefits all market participants on the Trading Floor.

Moreover, the proposal is designed to incent participation on the Trading Floor in an effort to make the Exchange a primary execution venue and to attract more Manual transactions to the Exchange. To the extent that the proposed change attracts more Floor Broker orders to the Exchange, this increased order flow would continue to make the Exchange a more competitive venue for, among other things, order execution. Thus, the Exchange believes the proposed rule change would improve market quality for all market participants on the Exchange and, as a consequence, attract more order flow to the Exchange thereby improving market-wide quality and price discovery.

The Proposed Rule Change Is Not Unfairly Discriminatory

The Exchange believes it is not unfairly discriminatory to modify the fee applicable to Market Maker Manual transactions in non-Penny issues because the proposed change would apply to all Market Maker orders equally, and as discussed above, the Exchange believes it is not unfairly discriminatory to incent order flow to the Exchange, which would enhance liquidity on the Exchange to the benefit of all market participants. The Exchange also believes that the proposed rebate payable to Floor Brokers for a Manual order that trades with a Market Maker order on the Trading Floor is not

unfairly discriminatory because it would be available to all similarly situated market participants on an equal and non-discriminatory basis. The Exchange further believes that the proposed rebate available to Floor Brokers is not unfairly discriminatory to other market participants because it is intended to encourage the role performed by Floor Brokers in facilitating the execution of orders via open outcry, a function which the Exchange wishes to support for the benefit of all market participants. In addition, although the proposed change would increase the fee applicable to Market Maker Manual transactions in non-Penny issues, the Exchange notes that the amount of the proposed fee is within the range of fees currently applicable to transactions by Market Makers and other market participants in non-Penny issues and believes that Market Makers would not be discouraged from continuing to participate actively on the Trading Floor and would benefit from increased Manual order flow, including from Floor Brokers seeking to earn the proposed rebate, as a result of the proposed change. To the extent that this increased order flow attracts order flow from other market participants to the Trading Floor, the proposed rule change would improve market quality and promote additional trading opportunities for all market participants on the Exchange.

Finally, the Exchange believes that it is subject to significant competitive forces, as described below in the Exchange's statement regarding the burden on competition.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act, the Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, as discussed above, the Exchange believes that the proposed changes would encourage the submission of additional liquidity to a public exchange, thereby promoting market depth, price discovery and transparency and enhancing order execution opportunities for all market participants. As a result, the Exchange believes that the proposed change furthers the Commission's goal in adopting Regulation NMS of fostering integrated competition among orders, which promotes "more efficient pricing

of individual stocks for all types of orders, large and small.”¹²

Intramarket Competition. The proposed change is designed to attract additional order flow to the Exchange. The Exchange believes that the proposed change to Market Maker fees for Manual transactions in non-Penny issues, and the proposed rebate payable to the Floor Broker orders that trade against Market Maker orders on the Trading Floor would encourage Floor Broker Manual order flow and would not disincentivize Market Maker activity on the Trading Floor. Greater liquidity benefits all market participants on the Exchange and increased order flow would increase opportunities for execution of other trading interest. The proposed changes would apply and be available to all similarly situated market participants that execute Manual transactions on the Trading Floor, and, accordingly, the proposed changes would not impose a disparate burden on competition among market participants on the Exchange.

Intermarket Competition. The Exchange operates in a highly competitive market in which market participants can readily favor one of the other 17 competing options exchanges if they deem the Exchange’s fee levels to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and to attract order flow to the Exchange. Based on publicly available information, and excluding index-based options, no single exchange has more than 16% of the market share of executed volume of multiply-listed equity and ETF options trades.¹³ Therefore, currently no exchange possesses significant pricing power in the execution of multiply-listed equity and ETF options order flow. More specifically, in March 2026, the Exchange had 9.86% market share of executed volume of multiply-listed equity and ETF options trades.¹⁴

The Exchange believes that the proposed rule change reflects this competitive environment because it modifies the Exchange’s fees in a manner designed to continue to incent

participants on the Trading Floor to direct trading interest to the Exchange, to provide liquidity and to attract additional order flow. To the extent that Floor Brokers are encouraged to utilize the Exchange as a primary trading venue for all transactions, all Exchange market participants stand to benefit from the improved market quality and increased opportunities for price improvement. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁵ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁶ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁷ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-NYSEAMER-2026-44 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.
- All submissions should refer to file number SR-NYSEAMER-2026-44. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the filing will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-NYSEAMER-2026-44 and should be submitted on or before June 25, 2026.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁸

Sherry R. Haywood,
Assistant Secretary.
